Helen Myers

Music of Hindu Trinidad Helen Myers, 1998 Like many other small towns in Trinidad, Felicity is populated almost entirely by East Indians. In their Caribbean exile, the residents of Felicity have created and recreated the music of their Hindu ancestors. *Music of Hindu Trinidad* is a fascinating account of the history and cultural significance of Hindu music that explores its symbolic, aesthetic, and psychological aspects while asking the larger question of how this music has contributed to the formation of identity in the midst of their great diaspora. Myers details the musical repertory of Felicity, which is based largely on north Indian genres including the traditional Bhojpuri folk songs and drumming styles brought by the first indentured laborers in 1845. In her engaging exploration of the fate of Indian classical music and new popular styles such as Hindi calypso, soca, and chutney, she even finds herself at the ancestral home of Trinidadian V. S. Naipaul in India. Copiously illustrated and accompanied by a compact disk, *Music of Hindu Trinidad* is a model ethnographic study.

Designer Suburbs Judith O'Callaghan,Charles Pickett,2012-11-01 In the 1950s, 60s and 70s architects like Harry Seidler, Robin Boyd, Ken Woolley, Michael Dysart and Graeme Gunn applied their talents to project homes, bringing high-end design to the suburbs. Backed by Pettit & Sevit, Merchant Builders and other project builders, architects created small, deceptively simple houses which transformed the look of suburbia. Today, the distance between the architectural profession and suburban housing has never been greater, with Australia's super-sized, energy-guzzling project homes the biggest in the world. With photographs by Max Dupain, David Moore, Wolfgang Sievers and Eric Sierins alongside original plans, *Designer Suburbs* explores the relationship between architects, builders and affordable housing since 1900 and the lessons we can learn from twentieth-century designer suburbs.
