Family Films in Global Cinema Noel Brown,Bruce Babington,2019 With the huge global success of Hollywood 'family film' franchises, such as Harry Potter, it is unsurprising that there have been many attempts to emulate this success. In recent years, there has been an explosion in international production of films for both adults and children - resulting in an erosion of the dominance of The Disney Company and the other major Hollywood Studios in family film production. Family Films in Global Cinema is the first serious examination of films for child and family audiences in a global context. Whereas most previous studies of children's films and family films have concerned themselves with Disney, this book encompasses both live-action and animated films from the Hollywood, British, Australian, East German, Russian, Indian, Japanese and Brazilian cinemas. As well as examining international family films previously ignored by scholars, the collection also presents a fresh perspective on familiar movies such as The Railway Children, The Nightmare Before Christmas, Babe, and the Harry Potter series. --Provided by publisher.

Cultivating Creativity through World Films David Campos,Ericka Knudson,2019-12-15 With the aim to help teachers design and deliver instruction around world films featuring child protagonists, Cultivating Creativity through World Films guides readers to understand the importance of fostering creativity in the lives of youth. It is expected that by teaching students about world films through the eyes of characters that resemble them, they will gain insight into cultures that might be otherwise unknown to them and learn to analyze what they see. Teachers can use these films to examine and reflect on differences and commonalities rooted in culture, social class, gender, language, religion, etc., through guided questions for class discussion. The framework of this book is conceived to help teachers develop students' ability to evaluate, analyze, synthesize and interpret. The proposed activities seek to incite reflection and creativity in students, and can be used as a model for teachers in designing future lessons on other films.

In the Unlikely Event Judy Blume,2015-06-02 In her highly anticipated new novel, Judy Blume, the New York Times # 1 best-selling author of Summer Sisters and of young adult classics such as Are You There God? It's Me, Margaret, creates a richly textured and moving story of three generations of families, friends and strangers, whose lives are profoundly changed by unexpected events. In 1987, Miri Ammerman returns to her hometown of Elizabeth, New Jersey, to attend a commemoration of the worst year of her life. Thirty-five years earlier, when Miri was fifteen, and in love for the first time, a succession of airplanes fell from the sky, leaving a community reeling. Against this backdrop of actual events that Blume experienced in the early 1950s, when airline travel was new and exciting and everyone dreamed of going somewhere, she paints a vivid portrait of a particular time and place—Nat King Cole singing “Unforgettable,” Elizabeth Taylor haircuts, young (and not-so-young) love, explosive friendships, A-bomb hysteria, rumors of Communist threat. And a young journalist who makes his name reporting tragedy. Through it all, one generation reminds another that life goes on. In the Unlikely Event is vintage Judy Blume, with all the hallmarks of Judy Blume's unparalleled storytelling, and full of memorable characters who cope with loss, remember the good times and, finally, wonder at the joy that keeps them going. Early reviewers have already weighed in: “Like many family stories, this one is not without its life-changing secrets and surprises. There is no surprise that the book is smoothly written, and its story compelling. The setting—the early 1950s—is especially well realized through period references and incidents.” —Booklist (starred review) and “In Blume's latest adult novel . . . young and old alike must learn to come to terms with technological disaster and social change. Her novel is characteristically accessible, frequently charming and always deeply human.” —Publishers Weekly

Miss Peregrine's Home for Peculiar Children Ransom Riggs,2011-06-07 The #1 New York Times best-selling series. Bonus features • Q&A with author Ransom Riggs • Eight pages of color stills from the film • Sneak preview of Hollow City, the next novel in the series A mysterious island. An abandoned orphanage. A strange collection of very curious photographs. It all waits to be discovered in Miss Peregrine's Home for Peculiar Children, an unforgettable novel that mixes fiction and photography in a thrilling reading experience. As our story opens, a horrific family tragedy sets sixteen-year-old Jacob journeying to a remote island off the coast of Wales, where he discovers the crumbling ruins of Miss Peregrine's Home for Peculiar Children. As Jacob explores its abandoned bedrooms and hallways, it becomes clear that the children were more than just peculiar. They may have been dangerous. They may have been quarantined on a deserted island for good reason. And somehow—impossible though it seems—they may still be alive. A spine-tingling fantasy illustrated with haunting vintage photography, Miss Peregrine's Home for Peculiar Children will delight adults, teens, and anyone who relishes an adventure in the shadows. “A tense, moving, and wondrously strange first novel. The photographs and text work together brilliantly to create an unforgettable story.”—John Green, New York Times best-selling author of The Fault in Our Stars “With its X-Men: First Class-meets-time-travel story line, David Lynchian imagery, and rich, eerie detail, it's no wonder Miss Peregrine's Home for Peculiar Children has been snapped up by Twentieth Century Fox. B+”—Entertainment Weekly “‘Peculiar’ doesn't even begin to cover it. Riggs' chilling, wondrous novel is already headed to the movies.”—People “You'll love it if you want a good thriller for the summer. It's a mystery, and you'll race to solve it

before Jacob figures it out for himself.”—Seventeen

For Kids of All Ages Peter Keough,2019-11-27 In *For Kids of All Ages*,members of the National Society of Film Critics celebrate the wonder of childhood in cinema. In this volume, original essays commissioned especially for this collection stand alongside classic reviews from prominent film critics like Jay Carr and Roger Ebert. Each of the ten sections in this collection takes on a particular aspect of children’s cinema, from animated features to adaptations of beloved novels. The films discussed here range from the early 1890s to the present. The contributors draw on personal connections that make their insights more trenchant and compelling. The essays and reviews in *For Kids of All Ages* are not just a list of recommendations—though plenty are included—but an illuminating, often personal study of children’s movies, children in movies, and the childish wonder that is the essence of film. Contributors include John Anderson, Sheila Benson, Jay Carr, Justin Chang, Godfrey Cheshire, Morris Dickstein, Roger Ebert, David Fear, Robert Horton, J. R. Jones, Peter Keough, Andy Klein, Nathan Lee, Emanuel Levy, Gerald Peary, Mary Pols, Peter Rainer, Carrie Rickey, Jonathan Rosenbaum, Michael Sragow, David Sterritt, Charles Taylor, Peter Travers, Kenneth Turan, James Verniere, Michael Wilmington, and Stephanie Zacharek.

Little Red Readings Angela E. Hubler,2014-04-29 A significant body of scholarship examines the production of children’s literature by women and minorities, as well as the representation of gender, race, and sexuality. But few scholars have previously analyzed class in children’s literature. This definitive collection remedies that by defining and exemplifying historical materialist approaches to children’s literature. The introduction of *Little Red Readings* lucidly discusses characteristics of historical materialism, the methodological approach to the study of literature and culture first outlined by Karl Marx, defining key concepts and analyzing factors that have marginalized this tradition, particularly in the United States. The thirteen essays here analyze a wide range of texts—from children’s bibles to *Mary Poppins* to *The Hunger Games*—using concepts in historical materialism from class struggle to the commodity. Essayists apply the work of Marxist theorists such as Ernst Bloch and Fredric Jameson to children’s literature and film. Others examine the work of leftist writers in India, Germany, England, and the United States. The authors argue that historical materialist methodology is critical to the study of children’s literature, as children often suffer most from inequality. Some of the critics in this collection reveal the ways that literature for children often functions to naturalize capitalist economic and social relations. Other critics champion literature that reveals to readers the construction of social reality and point to texts that enable an understanding of the role ordinary people might play in creating a more just future. The collection adds substantially to our understanding of the political and class character of children’s literature worldwide, and contributes to the development of a radical history of children’s literature.
