King Arthur in Cornwall (Classic Reprint) W. Howship Dickinson,2017-12-20 Excerpt from King Arthur in Cornwall Putting aside obvious and inevitable exaggerations, the general outlines of Arthur's story are consistent with historic probability and with his great fame, which cannot be otherwise explained; while, as will presently be seen, many details are strikingly confirmed by the correspondence of the topography with the traditions. Purchasers can usually download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1900 edition. Excerpt: ... PREFACE The following pages present an attempt to bring together what may be accepted with regard to the personality and actual life of King Arthur, while putting aside everything that is obviously or probably fabulous. I have endeavoured to give due weight to the evidence, both positive and negative, rather than to work up to a pre-determined conclusion. With regard to the evidence of a positive kind, if so it may be called, I have given especial weight to the details of topography, more particularly in Cornwall, with the Arthurian localities of which I happen to be more familiar than with those elsewhere. The fame of Arthur as expressed by the association of his name with places is greater than that of any other personage save one who can claim this sort of connection with our island. On this showing, Julius Caesar and Oliver Cromwell sink into insignificance as compared with the Cornish Chief. Only the Devil is more often mentioned in local association than Arthur. That name, indeed, is almost ubiquitous, since it is to be found wherever local peculiarities exist which were not explicable to our forefathers save by infernal agency. The Devil's Dyke, The Devil's Bridge, the Devil's Jumps, the Devil's Frying Pan, the Devil's Post-Office, the Devil's Punch-Bowl, are a few instances among many. Next to the Devil in bestowing names on localities comes Arthur. But the two names are distributed in a very different fashion: that of the Devil is scattered impartially, being

placed at random wherever thought suitable; that of Arthur is limited to certain districts in which according to history or tradition the hero lived or moved. This dissemination and limitation of the name must have some origin, and may be most obviously and reasonably...

English Heritage Book of Tintagel Charles Thomas, 1993 Tintagel is a grand and spectacular site on the Cornish coast; its name conjures up Arthurian legend and it has been much visited and written about since the Middle Ages. The site consists of the Island; the castle; and the church and churchyard each with its own history, some of which is only partly known. The author, Charles Thomas, is excavating at Tintagel and in this book he brings all the strands together, deciphering the clues, deconstructing some of the myths and building a model of this multi-faceted site.
