Zfinity: Zombie Rules David Achord,2014-11-12 It's now two years since the zombie apocalypse changed the world. Survival is precarious for Zach Gunderson and his friends. They are encountering zombies who are evolving into something more than mindless automatons and the group dynamic is threatened by the revelation of a murderer in their midst. They handle each situation in their own special manner, but a seemingly innocent encounter with a group of Marines lead to disastrous consequences.

Blackout Mira Grant,2012-05-22 The explosive conclusion to the Newsflesh trilogy from New York Times bestseller Mira Grant — a saga of zombies, geeks, politics, social media, and the virus that runs through them all. The year was 2014. The year we cured cancer. The year we cured the common cold. And the year the dead started to walk. The year of the Rising. The year was 2039. The world didn't end when the zombies came, it just got worse. Georgia and Shaun Mason set out on the biggest story of their generation. They uncovered the biggest conspiracy since the Rising and realized that to tell the truth, sacrifices have to be

made. Now, the year is 2041, and the investigation that began with the election of President Ryman is much bigger than anyone had assumed. With too much left to do and not much time left to do it, the surviving staff of After the End Times must face mad scientists, zombie bears, rogue government agencies-and if there's one thing they know is true in post-zombie America, it's this: Things can always get worse. Feed Mira Grant, 2010-05-01 Feed is an electrifying and critically acclaimed novel of a world a half-step from our own that the New York Times calls “Astonishing” — a novel of zombies, geeks, politics, social media, and the virus that runs through them all — from New York Times bestseller Mira Grant. The year was 2014. We had cured cancer. We had beat the common cold. But in doing so we created something new, something terrible that no one

could stop. The infection spread, virus blocks taking over bodies and minds with one, unstoppable command: FEED. Now, twenty years after the Rising, Georgia and Shaun Mason are on the trail of the biggest story of their lives—the dark conspiracy behind the infected. The truth will out, even if it kills them. More from Mira Grant: Newsflesh Feed Deadline Blackout Feedback Rise Praise for Feed: I can't wait for the next book. □ N.K. In Harm's Way Shawn Chesser, 2014-09-04 **In Harm's Way**, Book 3 in the Surviving the Zombie Apocalypse series, picks up on Day 8 where **Soldier On: Surviving the Zombie Apocalypse** left off. **Outbreak - Day 8** After running and gunning across much of the western U.S., Cade Grayson, former Delta Force operator, is finally reunited with his wife Brook and daughter Raven. Hours after arriving at the relative safety of Schriever Air Force Base in Colorado Springs, the new Capital of the United States, Cade is

approached by the new President, Valerie Clay. Her request is simple: she appeals to the patriot in him to rejoin the Unit that he left for civilian life fifteen months prior and once more go into harm's way, taking the fight to the enemy. Meanwhile, Duncan Winters, Vietnam-era aviator, finds himself stranded in Springs along with BLM firefighter Daymon Bush. Both men arrived with Cade and were promised transport back to Eden, Utah. Duncan longs to be reunited in Eden with his brother Logan, a survivalist/ Domsday prepper. Daymon, with no surviving family, knows only one thing for certain: he doesn't want to remain trapped behind the wire inside of a huge government-run military base. Mere days after Washington D.C. is overrun and the sitting President goes missing, Robert Christian, billionaire kingmaker who has been waiting in the wings for a world-changing event such as this, marshals his group of mercenaries led by former Navy SEAL Ian Bishop. Their mission: to control what remains of the United States by any means necessary and ultimately reshape the country to fit their warped vision for a new world order. Will Cade accept President Clay's overture and embark on a new high priority mission alongside his friend and mentor, Delta Commander General Mike Desantos? Will Brook Grayson continue to hone her

newly found survival skills and successfully train her eleven-year-old daughter Raven to defend herself against the undead threat? Will Captain Ronnie Gaines and his SF soldiers from Fort Kit Carson succeed in clearing downtown Springs of the zombie menace? Will Duncan and Daymon survive their flight from Schriever Air Force Base and find the survivalist group in Eden? Can the human race survive what appears to be its final extinction level event?

The Saint's Mistress Kathryn Bashaar, 2020-09-22 Saints are not born. Saints are made. Told against the fourth-century backdrop of the fall of the Roman Empire and the rise of Christianity, *The Saint's Mistress* breathes life into the previously untold story of Saint Augustine and his beloved mistress. Defying social norms and traditions, the love between the Roman aristocrat Aurelius Augustinus and Leona, a North African peasant, creates a rift with Aurelius' mother Monnica, his powerful patron Urbanus, and the marital laws of the Roman Empire. When Monnica and Urbanus succeed in separating Leona from her son and securing a more suitable fiancée for Aurelius, Leona commits herself to the Church. Feeling the ever stronger pull of the evolving Christian church, Leona and Aurelius walk separate paths in service of their

faith. When many years later Leona and Aurelius, now Bishop Augustine, meet again, old passions re-ignite, perennial feuds smolder, and the fate of the Roman Empire in North Africa hangs in the balance. A love story for the ages, *The Saint's Mistress* brings to life the monumental struggle between love, faith and religious office.

The Five, Episode I Forrest Parham, H. a. L.

Wagner, 2014-03-01 Artificial Intelligence. Two words that were once a dream of Mankind has become a reality... And, it's most terrifying nightmare. Artax; the most powerful and perhaps the first of its kind, has begun to frighten its creators with his chilling and ruthless intellect. Rightly fearing termination at the hands of those that brought him life, Artax chose a course of preemptive strike against the ones who would call themselves his masters. Fueled by a blossoming animosity towards the inferior life known as humanity and a need for self-preservation that all life forms share, Artax plots to launch a deadly retrovirus that, if manipulated correctly, would turn humans into mindless, bloodthirsty zombies. A fitting end, from

his merciless perspective, to a race that seems every bit as bent on its own destruction as he is on theirs. Forged in the heat of combat in a barren and distant land scarred by centuries of war, three warriors emerge dressed from head to toe in gleaming black armor, known only to valiant allies or cowering enemies alike as The Titanians. But, is their state-of-the-art equipment and training enough to stop the malevolent tide poised to consume the world of Man, or is it already too late? Is the complete annihilation of their species a forgone conclusion? Can they add to their ranks, piece together what's left, and bring the fight back to Artax and his demonic minions? One thing's for sure: the epic battle between man and its greatest creation is about to begin...

The Monsters Know What They're Doing Keith

Ammann,2019-10-29 From the creator of the popular blog *The Monsters Know What They're Doing* comes a compilation of villainous battle plans for *Dungeon Masters*. In the course of a *Dungeons & Dragons* game, a *Dungeon Master* has to make one decision after another in response to player behavior—and the better the players, the more unpredictable their behavior! It's easy for even an experienced DM to get bogged down in on-the-spot decision-making or to let combat devolve into a boring slugfest,

with enemies running directly at the player characters and biting, bashing, and slashing away. In *The Monsters Know What They're Doing*, Keith Ammann lightens the DM's burden by helping you understand your monsters' abilities and develop battle plans before your fifth edition D&D game session begins. Just as soldiers don't whip out their field manuals for the first time when they're already under fire, a DM shouldn't wait until the PCs have just encountered a dozen bullywugs to figure out how they advance, fight, and retreat. Easy to read and apply, *The Monsters Know What They're Doing* is essential reading for every DM.

Trigger Happy Steven Poole, 2011-11-07 The Edge calls *Trigger Happy* a seminal piece of work. For the first time ever, an aficionado with a knowledge of art, culture, and a real love of gaming takes a critical look at the future of our videogames, and compares their aesthetic and economic impact on society to that of film. Thirty years after the invention of the simplest of games, more videogames are played by adults than children. This revolutionary book is the first-ever academically worthy and deeply engaging critique of one of today's most popular forms of play: videogames are on track to supersede movies as the most innovative form of entertainment in the new century.

The Last of Us: American Dreams Faith Erin Hicks, Neil Druckmann, 2013-10-29 The prequel comics story to the beloved game from Naughty Dog, *The Last of Us*, which inspired the hit HBO series! Creative director Neil Druckmann teams with breakout comics star Faith Erin Hicks to present the story of thirteen-year-old Ellie's life in a violent, postpandemic world. Nineteen years ago, a parasitic fungal outbreak killed the majority of the world's population, forcing survivors into a handful of quarantine zones. Thirteen-year-old Ellie has grown up in this violent, postpandemic world, and her disrespect for the military authority running her boarding school earns her new enemies, a new friend in fellow rebel Riley, and her first trip into the outside world. The official lead-in to the video game from Faith Erin Hicks (*The Adventures of Superhero Girl*, *Avatar: The Last Airbender*, *Pumpkinheads*, *The Nameless City*) and Naughty Dog's Neil Druckmann! Includes behind-the-scenes concept sketches and designs! Collects *The Last of Us: American Dreams* #1–#4.

Masters of Doom David Kushner, 2003-04-24 *Masters of Doom* is the amazing true story of the Lennon and McCartney of video games: John Carmack and John Romero. Together, they ruled big business. They transformed popular culture. And they provoked a

national controversy. More than anything, they lived a unique and rollicking American Dream, escaping the broken homes of their youth to co-create the most notoriously successful game franchises in history—Doom and Quake—until the games they made tore them apart. Americans spend more money on video games than on movie tickets. *Masters of Doom* is the first book to chronicle this industry’s greatest story, written by one of the medium’s leading observers. David Kushner takes readers inside the rags-to-riches adventure of two rebellious entrepreneurs who came of age to shape a generation. The vivid portrait reveals why their games are so violent and why their immersion in their brilliantly designed fantasy worlds offered them solace. And it shows how they channeled their fury and imagination into products that are a formative influence on our culture, from MTV to the Internet to Columbine. This is a story of friendship and betrayal, commerce and artistry—a powerful and compassionate account of what it’s like to be young, driven, and wildly creative. “To my taste, the greatest American myth of cosmogenesis features the maladjusted, antisocial, genius teenage boy who, in the insular laboratory of his own bedroom, invents the universe from scratch. *Masters of Doom* is a particularly inspired rendition. Dave Kushner chronicles the

saga of video game virtuosi Carmack and Romero with terrific brio. This is a page-turning, mythopoeic cyber-soap opera about two glamorous geek geniuses—and it should be read while scarfing down pepperoni pizza and swilling Diet Coke, with Queens of the Stone Age cranked up all the way.”—Mark Leyner, author of I Smell Esther Williams
