Bengali Course. for English-Speaking Students Aleur Rahman,2018-12-03 Do you find yourself unable to read and speak Bengali? Constantly trying to keep up with conversations? Clueless about how to begin learning the Bengali language? If you are too busy to attend a weekly session or sit through online video courses, this book will take you through the simple learning process in bite-size steps. Easy to digest with intelligent use of phonemes and English word comparisons (partial-transliterations) to compliment pronunciation. The book is written primarily in the formal dialect of the language, Shuddho basha. More commonly spoken in Dhaka, Bangladesh. There is, however, clear references to the more informal dialect, Sylheti basha where appropriate. More commonly spoken in Sylhet, Bangladesh. With this book alone, one is able to sit comfortably, whether at home, abroad or on a plane and master the Bengali language. The sixth most spoken language in the world.

Bengali Course. For English-Speaking Students. Second Edition Aleur Rahman,2023-05-15 Do you find yourself unable to read and speak Bengali? Constantly trying to keep up with conversations? Clueless about how to begin learning the Bengali language? If you are too busy to attend a weekly session or sit through online video courses, this book will take you through the simple learning process in bite-size steps. Easy to digest with intelligent use of phonemes and English word comparisons (referred to as partial transliterations) to complement pronunciation. The book is written primarily in the formal 'book' dialect of the language, Shuddho basha. More commonly spoken in Dhaka, Bangladesh, utilised in formal TV, media, and newspapers. There are, however, clear references to the more informal dialect, Sylhetti basha where appropriate. More commonly spoken in Sylhet, Bangladesh. This is an extra dimension to the book as there are a substantial number of expats from Sylhet dotted all over the world. Thus with this book alone, one is able to sit comfortably, whether at home, abroad, or on a plane, and master the Bengali language. The sixth most spoken language in the world. Notes for the Second Edition The second edition now adds various additional examples and exercises for better understanding. A new chapter is now also incorporated (Chapter 4) introducing different forms of 'Letter couplets'. This further expands on previous introductions of coupled letters, 'ref' [রফ], 'folā' [ফলা] and 'jooktho-borno' [জুখথোবর্নো]. Finally, with the help of readers around the world and their courteous emails, comments, and reviews, this edition now corrects various errors which had crept into the first edition.

Learn Bengali - Quick / Easy / Efficient Pinhok Languages,2019-05-14 A curated Bengali word frequency list Are you looking for unconventional ways to speed up the process of learning Bengali? Then this book is exactly what

you are looking for. Following the Pareto principle (80/20 rule), this book is built to streamline the learning process by concentrating on the core words and sentence structures that make up everyday conversations. The result is a unique vocabulary book with 2000 of the most important Bengali words and phrases ordered by their frequency of use. Who this Bengali learning book is for: This book is for beginners and intermediate learners of Bengali who are self-motivated and willing to spend 15 to 20 minutes a day on learning vocabularies. The simple structure of this vocabulary book is the result of taking all unnecessary things out allowing the learning effort to solely be spent on the parts that help you make the biggest progress in the shortest amount of time. If you are willing to put in 20 minutes of learning every day, this book is very likely the single best investment you can make if you are at a beginner or intermediate level. You will be amazed at the speed of progress within a matter of just weeks of daily practice. Who this Bengali frequency list is not for: This book is not for you if you are an advanced learner of Bengali. In this case, please go to our website or search for our Bengali vocabulary book which comes with more vocabularies and is grouped by topic which is ideal for advanced learners who want to improve their language capabilities in certain fields. Furthermore, if you are looking for an all in one Bengali learning book that guides you through the various steps of learning Bengali, this book is most likely also not what you are looking for. This book contains vocabularies only and we expect buyers to learn things like grammar and pronunciation either from other sources or through language courses. The strength of this book is its focus on quick acquisition of core vocabularies which comes at the expense of information many people might expect in a conventional language learning book. Please be aware of this when making the purchase. How to use this Bengali workbook: This book is ideally used on a daily basis, reviewing a set number of pages in each session. The book is split into sections of 50 vocabularies which allows you to step by step progress through the book. Let's for example say you are currently reviewing vocabularies 101 to 200. Once you know vocabularies 101 to 150 very well, you can start learning vocabularies 201 to 250 and on the next day skip 101-150 and continue reviewing vocabularies 151 to 250. This way, step by step, you will work your way through the book and your language skills will jump with each page you master. Some final thoughts: Like many language hacking methods, this book is quite unconventional in its approach, but for a driven person that uses it correctly it can significantly speed up the learning process. Vocabulary books have been around for centuries and as with so many things that have been around for some time, they are not very fashionable and a bit boring, but they usually work quite well – and that is what counts in the end.
