How many orange animals can you see? What's pink and goes oink, oink? From the primary colours red, blue, and yellow, and the secondary colours green, orange, and purple, to pink, brown, black, white, silver, gold, and multicoloured, babies and toddlers will love learning all the different colours in this engaging photographic board book. Inviting and educational, the coloured-themed pages are filled with all sorts of delightful objects. Clear labels accompany the objects so your little one can sound out the words with you, while questions encourage children to find and count things, name colours, spot patterns, and to play! Little ones will enjoy the entertaining challenges, such as standing on one leg like a pink flamingo, pretending to have a dance under the silver disco ball, and counting and naming the colours of the rainbow. This interactive book delivers a rounded early learning experience, and helps children develop speaking, listening, and observation skills. The book's sturdy board pages are ideal for young children, while the picture tabs along the top and side are easy to grip, helping your child's early motor control.
