Being a workbook, it contains all the exercises that allow the student to master hiragana by the time the book has been finished. Japanese Hiragana for Beginners makes learning hiragana fast and effective by using memorable picture mnemonics, along with clear explanations, examples and lots of fun exercises—a method that has helped thousands of students learn hiragana successfully in the United States and Japan. This Japanese language learning book is divided into three main sections: Section 1 introduces the basic 46 hiragana characters along with writing tips and practice exercises. Section 2 teaches the usage rules that allow students to write Japanese sounds. Section 3 strengthens students' skills through a wide range of exercises (word searches, crossword puzzles, fill in the blanks, visual discrimination, timed quizzes, etc). A set of flash cards printed on perforated cardstock and a list of suggested flash card activities, are also provided at the end of the book. LEARN HIRAGANA and KATAKANA Coloring Book Maya Patrick,Sarette Patrick,Shannon Patrick,2019-04-06 This book introduces all 46 hiragana and all 46 katakana (including dakuten, compound hiragana, and compound dakuten), and makes them easy to learn! While you are relaxed, enjoying a coloring book, the information can more easily penetrate your brain to be learned, retained, and recalled when needed. Coloring slows the brain down long enough to more fully engage with the form - and sound - of each kana.This book is not meant to be a stand-alone form of instruction in the Japanese language, but rather, it is intended to be a fun supplement to beginner level coursework, classes, or other learning materials. This book can also be used as a great first step in learning hiragana and katakana, and an enjoyable way to begin the journey through the Japanese syllabaries. It can also be used to prove to reluctant learners that they CAN learn the kana - easily!!! Many people feel they cannot learn - or retain - the kana and working through this coloring book will quickly prove otherwise. Coloring only one page a day will result in a strong beginning, allowing students to learn and retain all 46 hiragana and all 46 katakana in a little over three months. More ambitious learners can easily cover more ground, more rapidly. It is recommended that students first read the sound each kana makes, then trace the stroke order with their fingers. Next, students should color the kana - following the stroke order - while keeping its sound in mind as they work. Simply slowing down and engaging with the form and sounds of each kana in this way allows the brain to more easily process it. After coloring in the kana, consider decorating the entire page so you will have a beautiful reference book - made by you - to review at the end of your study! GAMBATE!
