**The Factory** Hiroko Oyamada, 2019-10-29 The English-language debut of Hiroko Oyamada—one of the most powerfully strange young voices in Japan The English-language debut of one of Japan's most exciting new writers, *The Factory* follows three workers at a sprawling industrial factory. Each worker focuses intently on the specific task they've been assigned: one shreds paper, one proofreads documents, and another studies the moss growing all over the expansive grounds. But their lives slowly become governed by their work—days take on a strange logic and momentum, and little by little, the margins of reality seem to be dissolving: Where does the factory end and the rest of the world begin? What's going on with the strange animals here? And after a while—it could be weeks or years—the three workers struggle to answer the most basic question: What am I doing here? With hints of Kafka and unexpected moments of creeping humor, *The Factory* casts a vivid—and sometimes surreal—portrait of the absurdity and meaninglessness of the modern workplace.

*Killing Sacred Cows* Garrett B. Gunderson,Stephen Palmer,2008 Our culture is riddled with destructive myths about money and prosperity that are severely limiting our power, creativity, and financial potential. In *Killing Sacred Cows*, Garrett B Gunderson boldly exposes ingrained fallacies and misguided traditions in the world of per-sonal finance. He presents a revolutionary perspective that can create unprecedented opportunity and wealth for individuals. Our financial lives are intimately connected to our societal contributions, and we must be financially free in order to achieve our fullest potential. Yet most people are held captive in their financial lives by misinformation, propaganda, and lack of knowledge. Through well-reasoned arguments and pitiless logic, Gunderson attacks these sacred cows with revelatory insights, such as: High returns without high risk; Security without a corporate job; Debt that increases your financial productivity; Enjoying your money instead of waiting for retirement. *Killing Sacred Cows* is a must-read for brave individuals willing to question common assumptions and teachings, overcome the herd mentality, break through financial myths, and live a purpose-ful, passionate, and prosperous life. Investors seeking financial advice in *The Little Book That Makes You Rich* will find this to be a must-read for anyone who wants to achieve their financial potential today.

The Doll Factory Elizabeth Macneal,2019-08-13 In this “sharp, scary, gorgeously evocative tale of love, art, and obsession” (Paula Hawkins, bestselling author of *The Girl on the Train*), a beautiful young woman aspires to be an artist, while a man’s dark obsession may destroy her world forever. *The Doll Factory* is a sweeping tale of curiosity, love, and possession set among all the sordidness and soaring ambition of 1850s London. The greatest spectacle London has ever seen is being erected in Hyde Park and, among the crowd

watching, two people meet. For Iris, an aspiring artist of unique beauty, it is the encounter of a moment—forgotten seconds later—but for Silas, a curiosity collector enchanted by the strange and beautiful, the meeting marks a new beginning. When Iris is asked to model for Pre-Raphaelite artist Louis Frost, she agrees on the condition that he will also teach her to paint, and suddenly her world expands beyond anything she ever dreamed of. But she has no idea that evil stalks her. Silas, it seems, has thought of only one thing since that chance meeting, and his obsession is darkening by the day...
