BHATT, PRAMOD CHANDRA P.

The Black Art Lee Richards,2010 As well as the open propaganda of the British Government produced during the Second World War, like the foreign language radio broadcasts of the BBC and the aerial propaganda leaflets dropped by the RAF over Occupied Europe, a secret underground propaganda battle was also fought. 'The Black Art' documents this history of Britain's clandestine psychological warfare conducted against the Nazi's Third Reich. This black propaganda was the work of several secret intelligence organisations including the Political Warfare Executive and Special Operations Executive. Using previously undiscovered primary source material 'The Black Art' charts the progress of and catalogues the range of propaganda leaflets covertly distributed across Occupied Europe and beyond to subvert the morale of German soldiers and civilians. The propaganda included such ruses as malingering instructions to fake the symptoms of illness, tips for desertion to neutral countries, parody postage stamps, advice on sabotaging a U-boat, counterfeit ration coupons, identity documents and newspapers plus numerous other falsely attributed leaflets and stickers. Over 350 illustrations are included.

**Scar** Soumen Roy,2022-11-16 The pangs of love can be bitter, and sweet. Days of wishing and longing for the loved one can take one for a rendezvous with the self, or else, it can also be self-detrimental. Soumen Roy is a consummate poet at heart, a wordsmith, an artist who loves to play with expression in his prose. Through Supriya's journey of unrequited love, misunderstandings, wait, grief, episodes of battling her own mental demons, Soumen has unfurled the various facets of human life. It is passion that rules the heart, it is the excruciating sense of parting that devastates one from within. With descriptive stances that are new in the literary domain, Soumen can feel and write about his characters. I am quite sure Scar is going to heal: heal all kinds of malaise that are plaguing the world at this moment. After all, nothing can be sustained for long if it is not infused with the power of supreme love. – Sreetanwi Chakraborty

**My Crazy Tale: His Holiness** The Gyalwang Drukpa,2017-04-19 Progress in life has to be made on both the spiritual and mundane fronts. One has to be aware of every action in daily life from drinking tea, eating food, the way one relates with other human beings and animals, to dealing with the ecological environment. Self-development is the main goal of our life.

**Leakage Resilient Password Systems** Yingjiu Li,Qiang Yan,Robert H. Deng,2015-04-23 This book investigates tradeoff between security and usability in designing leakage resilient password systems (LRP) and introduces two practical LRP systems named Cover Pad and ShadowKey. It demonstrates that existing LRP systems are subject to both brute force attacks and statistical attacks and that these attacks cannot be effectively mitigated without sacrificing the usability of LRP systems. Quantitative analysis proves that a secure LRP system in practical settings imposes a considerable amount of cognitive workload unless certain secure channels are involved. The book introduces a secure and practical LRP system, named Cover Pad, for password entry on touch-screen mobile devices. Cover Pad leverages a temporary secure channel between a user and a touch screen which can be easily realized by placing a hand shielding gesture on the touch screen. The temporary secure channel is used to deliver a hidden message to the user for transforming each password symbol before entering it on the touch screen. A user study shows the impact of these testing conditions on the users' performance in practice. Finally, this book introduces a new LRP system named ShadowKey. Shadow Key is designed to achieve better usability for leakage resilient password entry. It leverages either a permanent secure channel, which naturally exists between a user and the display unit of certain mobile devices, or a temporary secure channel, which can be easily realized between a user and a touch screen with a hand-shielding gesture. The secure channel protects the mappings between original password symbols and associated random symbols. Unlike previous LRP system users, Shadow Key users do not need to remember anything except their passwords. Leakage Resilient Password Systems is designed for professionals working in the security industry. Advanced-level students studying computer science and electrical engineering will find this brief full of useful material.

*Lovingly yours-Penpals* MANJIT BAL,2019-07-02 Voltaire writes, "The post is the constellation of life." Letters, especially love letters by other people, make the most interacting reading in the world. Nevertheless, brought up in a culture dominated by mobile phones, WhatsApp, SMS, internet and satellite communications, it seems the present generation does not realize the immense value of this time-honored practice. In literature, there are examples of books on letters like Letters from a Father to His Daughter by Pt. Jawaharlal Nehru to his daughter Priyadarshani Indira (Late Mrs. Indira Gandhi, former Prime Minister of India) and A Treasury of the World's Great Letters by M. Lincoln Schuster. Lovingly Yours – Pen Pals, though not the first of its kind, is yet a very valuable document as it faithfully records the priceless palpitations of two young pen pals—a Polish girl and a Punjabi boy—when both tried to build a bridge across cultures, climates, countries and continents, through their boundless desire to connect and understand each other intimately. It is sure to capture the imagination of readers who take delight in reading letters especially of young, romantically inclined hearts, passionately struggling to come closer through the art of words.
