Claudine Frye-Frayley

**The Power of Moments** Chip Heath,Dan Heath,2017-10-03 The New York Times bestselling authors of *Switch* and *Made to Stick* explore why certain brief experiences can jolt us and elevate us and change us—and how we can learn to create such extraordinary moments in our life and work. While human lives are endlessly variable, our most memorable positive moments are dominated by four elements: elevation, insight, pride, and connection. If we embrace these elements, we can conjure more moments that matter. What if a teacher could design a lesson that he knew his students would remember twenty years later? What if a manager knew how to create an experience that would delight customers? What if you had a better sense of how to create memories that matter for your children? This book delves into some fascinating mysteries of experience: Why we tend to remember the best or worst moment of an experience, as well as the last moment, and forget the rest. Why “we feel most comfortable when things are certain, but we feel most alive when they’re not.” And why our most cherished memories are clustered into a brief period during our youth. Readers discover how brief experiences can change lives, such as the experiment in which two strangers meet in a room, and forty-five minutes later, they leave as best friends. (What happens in that time?) Or the tale of the world’s youngest female billionaire, who credits her resilience to something her father asked the family at the dinner table. (What was that simple question?) Many of the defining moments in our lives are the result of accident or luck—but why would we leave our most meaningful, memorable moments to chance when we can create them? *The Power of Moments* shows us how to be the author of richer experiences.

**The Flirtation Experiment** Lisa Jacobson,Phylicia Masonheimer,2021-12-07 From popular Christian voices Lisa Jacobson and Phylcia Masonheimer, *The Flirtation Experiment* inspires you to strengthen your marriage with a fun, unexpected approach that leads to the depth, richness, and closeness you desire. Romance novels, Hallmark movies . . . the immense demand for romantic stories reveals a deep, unsatisfied longing that can be found in many marriages, but does it have to be that way? Is it possible that the best marriage has to offer can grow, rather than fade after you say “I do”? Lisa and Phylcia say, “Absolutely yes!” So what is the secret to a happy, thriving, loving marriage, where the fire of romance and close friendship do not fade? While *The Flirtation Experiment* includes the frisky side of marriage, it's far more than a good romp. By degrees, each chapter takes you to a deeper place, covering themes every beautiful marriage has in common, such as covenant, healing, and hope. After reading *The Flirtation Experiment*, wives will be filled with hope and encouragement for how they can make a powerful, positive change in their marriages, become empowered to pursue their husbands romantically, understand the Bible invites women to be proactive in their marriages, be motivated to consistently love in creative ways, and forge closeness and intimacy in their marriages. “Intentional flirting keeps a positive lightness in the atmosphere and improves our overall communication,” says Jacobson. “My light flirtations bring us closer in meaningful ways and lead to connection on a deeper level. It helps us discover true romance waiting for us in everyday situations.” Perfect for the wife who wants romance, passion, and the closeness that only comes from a deep heart connection but isn't sure where to start, *The Flirtation Experiment* is a candid, real-life record of two Christian women from different seasons of life who discovered they could make a significant impact on their marriage relationships, one small flirtatious experiment at a time. Readers can go deeper by using *The Flirtation Experiment Workbook*.

GAVIN finally joins the football team—a dream come true!—but Coach Holmes refuses to play him for reasons that also threaten to tear Gavin's family apart. When RANDI attends an elite gymnastics camp, she uncovers a startling family connection. SCOTT starts researching an article for the school newspaper and stumbles right into a hornet's nest of lies. With his loser older brother, Brian, out of the house, TREVOR's life is loads better—until he realizes that only he can save Brian from getting into deep trouble. NATALIE's top goals: (1) find out why Mrs. Woods and Mrs. Magenta no longer speak to each other—a mission shared by all the kids—and (2) teach a certain someone an important life skill without anyone knowing. **Hinge Moments** D. Michael Lindsay,2021-04-27 In life we have moments in time in which we have an opportunity before us to make a change or to respond to a situation. According to Michael Lindsay, president of Gordon College, what follows these instances will depend intrinsically on the decisions we make and the actions we take. These are what he calls hinge moments—opportunities to open (or close) doors to various pathways of our lives. Lindsay maintains that getting these moments right can change our lives for the better, and getting them wrong can pose problems for years to come: Some transitions have a disproportionate impact on our happiness, our contribution to society, and our family's well-being. In these pages Lindsay shares faith-based stories of success and failure from his ten-year study of 550 PLATINUM leaders. He has charted seven phases of transition, providing both practical and spiritual insights for making the most of each stage. In uncertain and tumultuous times, there is no better advantage than wisdom gained early.

**Life Moments for Women** Patty DeDominic, Maureen Ford,2012-01-31

These Moments Daniel J Curran,2021-05-12 We are our stories. Within those stories come moments. Those moments transform and define who we are in some form, both good and bad, with enlightenment, joy, sadness through instruments of change. These are moments of a developing life. This book translates moments that transformed me into how I have lived and continue to live my life. The moments stated in this book often affected those involved in my change, including family, friends, and those unknowns I have crossed paths with throughout my life. I live richly. Moments of profound change in their different iterations are noted throughout the pages of this book. Remembering defining moments throughout life is a universal endeavor and, in many cases, not all, a blessing.

**Memorable Moments in My Life** José O. Padrón,2017-09-15

**365 Life Shifts** Jodi Chapman, Dan Teck,2016-02-21 Every so often, we have an experience that alters the course of our lives and changes who we are forever. Sometimes these moments fill us with rapture and flood us with insight. Other times, they are blessings in disguise that don't reveal their treasure until years later. However they show up, these moments can inspire us to live richer, deeper, and more authentically soulful lives. In this book, over 250 beautiful souls share such life-changing moments - experiences that inspired, uplifted, shook us to our core, got us back on track (or onto a new track altogether), and led us toward our true selves. The 365 inspiring stories include: discovering your purpose, experiencing a spiritual awakening, leaving a job/relationship/home/religion to follow your soul's whispers, bravely opening up to love, receiving messages from beyond, tapping into your inner strength, finding the beauty and wisdom in all of life, even in the difficult moments, and so much more! While the experiences themselves vary greatly, each of these moments transformed the authors and helped them shift in a positive way. These true stories (one page each - for quick inspiration!) were written with love and infused with the intention that you'll be able to discover the beauty in your own life shifts, too.

**Moments in Life by Claudine** Claudine Frye-Frayley,2001-10 An autobiographical collection of forty thoughtful and introspective poems, *Moments in Life* by Claudine is a very moving account of Claudine's life experiences as expressed in verse. In keeping with the ebb and flow patterns in life itself, Claudine's poetry encompasses a range of emotions. Sharing her pain with the reader, subjects in Claudine's poetry include the sorrow of abandonment, abuse, divorce, and death. Especially sympathetic to the heartbreak of an abusive relationship, the poet openly expressed the helplessness of victimhood and the courage and triumph of freeing oneself. She also writes about the joy of sisterhood, a beloved pet, and the lighthearted musings of the pitter-patter of little feet. Filled with realism and clarity, the poet provides an easy to read collection that contains something enjoyable to which almost any reader can relate. These very candid and intimate glimpses at the special moments in Claudine's life are heartfelt words that will bring joy and comfort to all readers.

*The Moments That Define One's Life* Lloyd N. Moffatt,2022-04 SELF IMPROVEMENT Each moment in your life comes with a purpose. Although the purpose at times is taken for granted, these moments, when they arise, bring forth a significant meaning for one's destiny and destination in life. For example, imagine how every person in this world has passed through a moment full of promises and opportunities, but when that moment passes, he or she has no way of knowing if it will ever rise again. Apparently, whatever the moment may be, our lives are defined by the energy, faith, belief, and action into bringing each moment to life so that it can transcend toward greater moments, dreams, and endeavors. Each moment, by all means, is vital, and the mark that one has left in this world will be measured by what he or she has achieved in the time allowed. Thus, what you do with your life today will define your dreams and destiny as each significant moment rises and the time that is given to it is taken away. This book will help you Develop a greater sense of why each moment in life matters; Believe in yourself to accomplish an impossible dream or goal; Generate positive attitudes, faith, and unstoppable principles of action.

**Great Moments in the History of Life** George H. Shaw,2018-12-04 A non-technical (but serious) treatment of those parts of Earth history leading up to human history, as well as some pre-historical aspects of humanity. Many “events” in Earth’s history necessarily preceded the emergence of human beings (and intelligence). Geology has provided us with a great deal of information about these various steps on the way to intelligent life, and how and why they were important. Some of these events were on a cosmic scale (no universe – no life!), some were planetological/astronomical (no Earth – no life), some were essentially chemical (how did life emerge in the primordial ocean and why do we have oxygen in the atmosphere?), and some were details of evolutionary history (how did life colonize the land and how did mammals develop?). In this book an enthusiastic professor of geosciences presents a broad introduction from the Big Bang to the present and into the future, lucidly explaining aspects from various disciplines to interested, non-specialist readers.
