My Sad Little Diary Katie Moehrig,2021-01-28 We all experience moments of sadness or heartache in our lives, some more than others. But few of us take the time to record our thoughts as we work our way through those times. Mostly we push on through to a brighter place and leave the unhappy memories behind us. But some take the time and care to reflect and document their feelings and in *My Sad Little Diary* you will find a collection of poetry that digs deep into the emotion of sadness in its many forms. From the pain of a love lost to the unhappiness of loneliness and uncertainty, through abandonment and beyond, Katie Moehrig takes the reader on a rollercoaster ride of raw sentiment and passion that is seldom found in a book such as this. With each poem simply numbered it is left to the reader to imagine a title and to take what they can from the unremitting sadness, to help them rebuild their own shattered feelings. It is a book filled with angst but when you take time to read between the lines you will also see the green shoots of hope that are waiting to burst forth. Dip in and out whenever you feel the need to understand that you are never alone and that sadness is not something that is unique but affects each of us.
