Grand Hotel Abyss Stuart Jeffries, 2017-09-26 “Marvelously entertaining, exciting and informative.” —Guardian “An engaging and accessible history.” —New York Review of Books This group biography is “an exhilarating page-turner” and “outstanding critical introduction” to the work and legacy of the Frankfurt School, and the great 20th-century thinkers who created it (Washington Post). In 1923, a group of young radical German thinkers and intellectuals came together to at Victoria Alle 7, Frankfurt, determined to explain the workings of the modern world. Among the most prominent members of what became the Frankfurt School were the philosophers Walter Benjamin, Theodor Adorno, Max Horkheimer, and Herbert Marcuse. Not only would they change the way we think, but also the subjects we deem worthy of intellectual investigation. Their lives, like their ideas, profoundly, sometimes tragically, reflected and shaped the shattering events of the twentieth century. *Grand Hotel Abyss* combines biography, philosophy, and storytelling to reveal how the Frankfurt thinkers gathered in hopes of understanding the politics of culture during the rise of fascism. Some of them, forced to escape the horrors of Nazi Germany, later found exile in the United States. Benjamin, with his last great work—the incomplete *Arcades Project*—in his suitcase, was arrested in Spain and committed suicide when threatened with deportation to Nazi-occupied France. On the other side of the Atlantic, Adorno failed in his bid to become a Hollywood screenwriter, denounced jazz, and even met Charlie Chaplin in Malibu. After the war, there was a resurgence of interest in the School. From the relative comfort of sun-drenched California, Herbert Marcuse wrote the classic *One Dimensional Man*, which influenced the 1960s counterculture and thinkers such as Angela Davis; while in a tragic coda, Adorno died from a heart attack following confrontations with student radicals in Berlin. By taking popular culture seriously as an object of study—whether it was film, music, ideas, or consumerism—the Frankfurt School elaborated upon the nature and crisis of our mass-produced, mechanized society. *Grand Hotel Abyss* shows how much these ideas still tell us about our age of social media and runaway consumption.

See You in Frankfurt! Peter Weidhaas, 2010-05-08 In 1975, Peter Weidhaas was elected as the Director of The Frankfurt Book Fair. It was a surprise choice. Little did he know that he would preside over revolutionary changes in one of the most important cultural expositions in the world. But first he had to answer the question of his own identity. Born in 1938, Weidhaas was forced to confront the horrors of his German past, to live and learn through the tumultuous events on 1968, and finally to find his own place among the leading lights of the literary world. He held the reins at the Frankfurt Book Fair during every major cultural shift of the last quarter of the 20th century: from the explosion of world literature to the collapse of Communism, from the advent of globalization to the triumph of information technology. Through it all, Peter Weidhaas has proven himself to be one of the world's most sensitive bibliophiles and an astute pupil of cultural history. *See You In Frankfurt!* is the story of how the Frankfurt Book Fair found its soul.

Somewhere in Germany Stefanie Zweig, 2006-07-26 Follows the Redlichs as they return to Germany in 1947 after 10 years in exile from National Socialism on a Kenyan farm. Walter is so desperate to practice law again that he uproots his complaining wife, Jettel, his clever, nurturing daughter, Regina, and baby Max to Frankfurt, where gentiles either make snide anti-Semitic comments or claim that they saved Jews and used to have many Jewish friends. Zweig has a deft hand with telling anecdotes.

The Frankfurt School, Jewish Lives, and Antisemitism Jack Jacobs, Jack Lester Jacobs, 2015 This book explores the ways in which the Jewish backgrounds of leading Frankfurt School Critical Theorists shaped their lives, work, and ideas.

Autobiography and the Psychological Study of Religious Lives, 2008-01-01 This volume positions itself on the cutting edge of two fields in psychology that enjoy rapidly increasing attention: both the study of human lives and some core domains of such lives as religion and spirituality are high on the agenda of current research and teaching. Biographies and autobiographies are being approached in new ways and have become central to the study of human lives as an object of research and a preferred method for obtaining unique data about subjective human experiences. Ever since the beginning of the psychology of religion, autobiographies have also been pointed out as an important source of information about psychic processes involved in religiosity. In this volume, a number of leading theoreticians and researchers from Europe and the USA try to bring them back to this field by drawing on new insights and latest developments in psychological theory.

On Inequality Harry G. Frankfurt, 2015-09-29 From the author of the #1 New York Times bestseller *On Bullshit*, the case for worrying less about the rich and more about the poor Economic inequality is one of the most divisive issues of our time. Yet few would argue that inequality is a greater evil than poverty. The poor suffer because they don't have enough, not because others have more, and some have far too much. So why do many people appear to be more distressed by the rich than by the poor? In this provocative book, the #1 New York Times bestselling author of *On Bullshit* presents a compelling and unsettling response to those who believe that the goal of social justice should be economic equality or less inequality. Harry Frankfurt, one of the most influential moral philosophers in the world, argues that we are morally obligated to eliminate poverty—not achieve equality or reduce inequality. Our focus should be on making sure everyone has a sufficient amount to live a decent life. To focus instead on inequality is distracting and alienating. At the same time, Frankfurt argues that the conjunction of vast wealth and poverty is offensive. If we dedicate ourselves to making sure everyone has enough, we may reduce inequality as a side effect. But it's essential to see that the ultimate goal of justice is to end poverty, not inequality. A serious challenge to cherished beliefs on both the political left and right, *On Inequality* promises to have a profound impact on one of the great debates of our time.

The Frankfurt Judengasse Fritz Backhaus, 2010 Frankfurt was one of the most important centers of Jewish life in central Europe. In 1462, the Frankfurt City Council ordered the resettlement of the Jews in an especially constructed street, surrounded by walls and located at the very edge of the city. The three gates were closed at night, on Sundays, and during Christian holidays. The Frankfurt Judengasse was the first legally constructed space of a ghetto in the Holy Roman Empire, and one of the first in Europe. The economic, demographic, cultural, and religious significance of this community in the Early Modern era has been a neglected area of study. The significance of the Frankfurt community; the great number of sources for the Early Modern era which are still available

despite all the losses; and the increasing interest in the history of the Jews in Germany since the 1990s - evident in an array of dissertation projects - almost inevitably led to the idea of organising a conference to once again direct attention on the Frankfurt Judengasse. The conference was organized by Johann Wolfgang Goethe University Frankfurt am Main, represented by the Centre for Research in Early Modern History, Culture and Science and the Department of Jewish Studies, as well as the Frankfurt Jewish Museum, the Judengasse Museum and the Leo Baeck Institute in Jerusalem. Most of the essays in this collection were first presented at the May 2004 conference in Frankfurt. The authors cover a wide spectrum of themes on a great variety of aspects of Jewish life in the Frankfurt Judengasse, spanning a broad chronological arc from the Middle Ages to the dissolution of the Frankfurt Judengasse in the early years of the 19th century. The essays illustrate, after decades of disinterest on the part of German scholarship, a revival of Jewish history in the Early Modern Era, and thus of the Judengasse.

The Reasons of Love Harry G. Frankfurt, 2009-01-13 From the author of the #1 New York Times bestseller *On Bullshit*, a profound meditation on how and why we love In *The Reasons of Love*, leading moral philosopher and bestselling author Harry Frankfurt argues that the key to a fulfilled life is to pursue wholeheartedly what one cares about, that love is the most authoritative form of caring, and that the purest form of love is, in a complicated way, self-love. Through caring, we infuse the world with meaning. Caring provides us with stable ambitions and concerns, and it shapes the framework of aims and interests within which we lead our lives. Love is a nonvoluntary, disinterested concern for the flourishing of what we love—and self-love, as distinct from self-indulgence, is at heart of this concern. The most elementary form of self-love is no more than the desire to love, and self-love is simply a commitment to finding meaning in our lives.

Printing the Talmud Marvin J. Heller, 2018-11-05 *Printing the Talmud* describes Talmud editions printed from 1650 to 1800, their publication and the contentious disputes between publishers. Subject editions, profusely illustrated, are addressed as an opening to the history of the presses and their context in Jewish history.

Rendezvous / Frankfurt Ilona Cole, 2009-10 A powerful story of love emerges from a devastating war in Ilona Cole's *Rendezvous / Frankfurt*. This engaging love story and memoir is a portrait of two different people brought together by unusual circumstances, destined to spend a lifetime of happiness and bliss in each other's arms. The story begins in 1948, post World War II, as a young woman who unwillingly witnessed her world crumble right before her very eyes due to the devastation of war. Her hometown completely destroyed, she starts her new life working for the American Northern Area Command Headquarters. Little did she know that fate would bring a handsome, young American soldier to Frankfurt, at the same command headquarters where their fifty-year love story would begin. *Rendezvous / Frankfurt* follows the couple through the ongoing stages of their lives. Together, they experience the rest of the world for the first time through their numerous travels. They also explore the depths of human emotions as they encounter heartbreaks in their tale of love and perseverance. We follow the couple through the ongoing stages of their lives together: WWII Germany; the difficult move and transition to the United States; their marriage and honeymoon; traveling and art collecting over the years; their exploration of good food, wines, and other delights of the senses; to their connections with family and friends and the inevitable tragedies, losses, and heartbreaks that come from living; ending the memoir with their 50th Wedding Anniversary, and beyond. It is a positive tale of love and dedication that inspires the readers as we go through the journey with them. The author's

voice shines through the telling of their many life and culinary adventures. Also, several pictures included in the memoir let the reader see a bit of their world and the couple as they live and age together. A sentimental and inspirational read, *Rendezvous / Frankfurt* shows that not only adversity and hatred can emerge out of a destructive war. New life, love, and perseverance also have a chance if one has the foresight, stamina, and good fortune to hold on to.

On Bullshit Harry G. Frankfurt, 2009-01-10 The #1 New York Times bestseller that explains why bullshit is far more dangerous than lying One of the most salient features of our culture is that there is so much bullshit. Everyone knows this. Each of us contributes his share. But we tend to take the situation for granted. Most people are rather confident of their ability to recognize bullshit and to avoid being taken in by it. So the phenomenon has not aroused much deliberate concern. We have no clear understanding of what bullshit is, why there is so much of it, or what functions it serves. And we lack a conscientiously developed appreciation of what it means to us. In other words, as Harry Frankfurt writes, we have no theory. Frankfurt, one of the world's most influential moral philosophers, attempts to build such a theory here. With his characteristic combination of philosophical acuity, psychological insight, and wry humor, Frankfurt proceeds by exploring how bullshit and the related concept of humbug are distinct from lying. He argues that bullshitters misrepresent themselves to their audience not as liars do, that is, by deliberately making false claims about what is true. In fact, bullshit need not be untrue at all. Rather, bullshitters seek to convey a certain impression of themselves without being concerned about whether anything at all is true. They quietly change the rules governing their end of the conversation so that claims about truth and falsity are irrelevant. Frankfurt concludes that although bullshit can take many innocent forms, excessive indulgence in it can eventually undermine the practitioner's capacity to tell the truth in a way that lying does not. Liars at least acknowledge that it matters what is true. By virtue of this, Frankfurt writes, bullshit is a greater enemy of the truth than lies are.
