Clemens Wendtner

Lot the Tot and the Beautiful Pearl Sandra C. Saenz,2011-04-08 Lot the Tot and the beautiful pearl is a colorful and touching story of a young boy with special needs that is having self-esteem and body image issues. Through his mother's kind words, Lot is reminded that it is O.K. to be different from others by using the illustration of the oyster and its pearl. Just like the pearl, Lot's trials and pain helped to slowly create the unique and beautiful boy that is loved unconditionally by his family and by God.

**The dragon's pearl** Flavia Vivacqua,2022-09-13 A deep journey through the origins of the Dragon Dreaming method and philosophy and other contributions in Regenerative Education and co-learning processes In A Pérola do Dragão, we travel with Flávia Vivacqua through her sabbatical experience in which she walked her own learning path, while conducting research on innovative methodologies and philosophies that support Regenerative Education, which transforms and motivates the potential of each person. The author, since her first professional training, is dedicated to knowing and researching new approaches in Education and Learning, especially those that evoke collaboration, art and the connection with the ecosystem in which we live. In this book, she brings research on innovations in education in some parts of the world, as she found in the method and philosophy of co-creation of Dragon Dreaming projects, in the holistic learning of the Green School, in the reconnection provided by the deep ecology and the rites of passage, in creativity journeys and in the travel experience, possible paths for co-learning processes to take place.

**Weathering** Lucy Wood,2016-01-19 A New York Times Notable Book of the Year. Pearl doesn't know how she's ended up in the river--the same messy, cacophonous river in the same rain-soaked valley she'd been stuck in for years. But here her spirit swirls and stays . . . Ada, Pearl's daughter, doesn't know how she's ended up back in the house she left thirteen years ago--with no heating apart from a fire she can't light, no way of getting around apart from an old car she's scared to drive, and no company apart from her own young daughter, Pepper. She wants to clear out Pearl's house so she can leave and not look back. Pepper has grown used to following her restless mother from place to place, but this house, with its faded photographs, its boxes of cameras and its stuffed jackdaw, is something new. Fascinated by the scattering of people she meets, by the river that unfurls through the valley, and by the strange old woman who sits on the bank with her feet in the cold, coppery water, Pepper doesn't know why anyone would ever want to leave. As the first frosts of autumn herald the coming of a long winter and Pepper and Ada find themselves entangled with the life of the valley, with new companions who won't be closed out, each will discover the ways that places can take root inside us, bind us together, and become us.
