Love Spell Academy Annie Winters,2019-10-06 I should have listened to the snarky ferret. A hilarious Academy Paranormal Romance about parents, shagging, underdogs, and the perfect love potion I thought flunking out of college was the worst thing that could happen. But then my mother's ferret told me I was doomed. I really should have paid more attention. Now I have a boy stalking me through a pewter bowl (don't ask, just know he kisses like fire.) Some dark enchanter is trying to kidnap me to make golden babies. (No, not literally gold.) And apparently I'm supposed to select several members of a -- oh, I better not say it. My dad might be reading this. Let's call it a boy band. With lots of banging. (And probably not on drums.) So it's time to figure this mess out. That my mom did magic. And so can I. And I guess I have to beat the bad guys and save the world. Oh wait. Not the world. Just me. Game on. __ Love Spell is book one in the Love Spell Academy duet but can be read as a standalone. It's a slow burn on the -- ahem -- ensemble cast but fairly fast burn on the first member. Book two would definitely be considered a fast burn on all fronts.

We Want to Do More Than Survive Bettina L. Love,2019-02-19 Winner of the 2020 Society of Professors of Education Outstanding Book Award Drawing on personal stories, research, and historical events, an esteemed educator offers a vision of educational justice inspired by the rebellious spirit and methods of abolitionists. Drawing on her life's work of teaching and researching in urban schools, Bettina Love persuasively argues that educators must teach students about racial violence, oppression, and how to make sustainable change in their communities through radical civic initiatives and movements. She argues that the US educational system is maintained by and profits from the suffering of children of color. Instead of trying to repair a flawed system, educational reformers offer survival tactics in the forms of test-taking skills, acronyms, grit labs, and character education, which Love calls the educational survival complex. To dismantle the educational survival complex and to achieve educational freedom—not merely reform—teachers, parents, and community leaders must approach education with the imagination, determination, boldness, and urgency of an abolitionist. Following in the tradition of activists like Ella Baker, Bayard Rustin, and Fannie Lou Hamer, *We Want to Do More Than Survive* introduces an alternative to traditional modes of educational reform and expands our ideas of civic engagement and intersectional justice.

The Music of Love Minerva Spencer,S. M. LaViolette,2019-12-31 Finding out that her husband was a bigamist didn't devastate Portia Stefani; she held her head high when she forced him out of her life. But losing her beloved music school as a result of the traitorous bastard's gambling debts almost destroyed her. The only way she'll be able to make ends meet is to accept a lucrative tutoring position in remote Cornwall. What Portia hasn't anticipated is the life-altering impact that her mesmerizing new employer has on her. Stacy Harrington learned the hard way to keep people at a distance. Playing the piano is the only thing that makes his solitary life enjoyable these days, and he'll be damned if he allows his albinism to keep him from everything he loves. Bringing a private music tutor into his home is disruptive, but it's the only solution. Unfortunately, nothing could have prepared him for the overwhelming attraction he feels toward his fiery new employee. It's not long before a shared passion for music develops into something infinitely deeper. But when ghosts from the past—along with some very dark secrets—emerge to threaten everything they've built, can Stacy and Portia continue to make beautiful music together? Or will their happily ever after end on a painful, discordant note? Praise for Minerva Spencer's Outcasts series: Minerva Spencer's writing is sophisticated and wickedly witty. Let Beauty Speak Jimmy Mitchell,2023-03-21 From the time of the great Greek philosophers, the good, true, and beautiful were seen as inseparable. Beauty is always good and true. It can be the still, small voice crying in the wilderness, calling us to higher things. Jimmy Mitchell communicates this with an eloquence and elegance which is itself a thing of beauty. — Joseph Pearce, Biographer of Shakespeare, Solzhenitsyn, Tolkien, and Chesterton In an era marked by rampant secularism and endless noise, the ten principles of *Let Beauty Speak* empower Christians to evangelize the world by bringing beauty to the forefront of their lives and reminding the world what it means to be human. This book is particularly timely given the social unrest, political upheaval, and cultural strife of our

times. The world's problems cannot be solved by worldly solutions. Politics, medicine, technology, and other secular fields have their place in society, but the deepest existential questions of the human heart can only be answered by the beauty of holiness found in the lives of the saints. From cave diving in Austria to summer camps in New Zealand, *Let Beauty Speak* is full of personal stories and rich theology that will inspire you to become a great saint as you apply the book's principles to your own life. Each chapter is organized into beautiful, bite-size sections that make it easy for non-academics to enjoy. Each chapter also concludes with practical tips and recommendations that give you an opportunity to further personalize the principles and transform your day-to-day life. From embracing childlike wonder to integrating prayer, work, and leisure into your everyday life, this is your how-to guide for evangelizing others by first living your humanity well. If not you, then who? If not now, then when? Turn these principles into a way of life, and you'll join the long line of saints whose holiness was the remedy for the isolation, confusion, and meaninglessness of their times.

The Love Lies Debrena Jackson Gandy, 2014-09-15 Foreword by Actress Kim Coles. The U.S. boasts the highest divorce rate of any country in the world and some of the highest relationship dissatisfaction rates. Yet, despite the endless amounts of advice and experts available to us, we continue to experience increasing levels of frustration, conflict, emotional breakdown, and failure in our relationships. What are we missing? What continues to elude us? What is inherently wrong with our understanding of what makes love relationships work? Debrena Jackson Gandy, two-time national best-selling author and founder of The Love Academy addresses these questions and the root causes of this massive breakdown in relationships in our country. Most of the advice and models given to American women only address the symptoms of this epidemic, usually applying simplified how-to techniques that tend to lead to more confusion than resolution. These are band-aids, and ineffective ones at that. *The Love Lies* delves deeper to unearth ten toxic beliefs that have been instilled in women since pre-school, influencing us through a wide range of ages and trapping us all in a web of illusions. These powerful *Love Lies* manipulate perceptions, create delusions and perpetuate behaviors that unknowingly sabotage our relationships. *The Love Lies* sets women free from chronic cycles of dissatisfaction and disappointment and offers a proven process to dismantle the lies, heal the mind and heart, and transform the American relationship paradigm forever.

A Figure of Love Minerva Spencer, S. M. LaViolette, 2020-03-03 Gareth Lockheart is one of the richest men in England, but it will take more than money for the reclusive eccentric to gain entree into the corridors of power; it will also take a proper country estate and an aristocratic wife with impeccable connections. Gareth is determined to find the right woman the same way he does everything in his life: using logic and mathematics. Serena Lombard might be the widow of a duke's son, but she's always existed on the ton's fringes. The unconventional French emigre has worked hard to create a secure home for her son and has struggled to establish herself as a respected sculptor and landscape gardener. Serena loves the project the wealthy industrialist has hired her to do; it's too bad the man himself is so remote and unreadable. Not to mention distracting, gorgeous, and utterly captivating. The only thing the two opposites can agree on is that they should avoid becoming entangled with one another--no matter how difficult that proves to be. But when Serena's dangerous past catches up with her, it is Gareth she turns to for help and he doesn't hesitate to give it. But can a man who needs order like other men need air give himself up to the most unpredictable emotion of all: Love?--Provided by publisher.

The Academy Cj Daly, 2019-07 Kate Connelly should be careful what she wishes for. Just seventeen, she already feels like she's suffocating. Since her mother's death, her father has basically checked out, so she's stuck raising her brothers by herself out in the New Mexico scrub. All Kate wants is a little distraction from the same-ole, same-ole that is her life. When two mysterious guys show up at the diner where she works, she thinks her wish has come true, until they start giving her a hard time. Like her life isn't hard enough. Something about them niggles her, but she brushes it off. She's never going to see them again anyway . . . right? Then they appear in an alley one night, to either rescue or kidnap her (she's still not sure which), before disappearing like figments of her imagination. Kate decides to put the bizarre encounters out of her mind. She has bigger problems to worry about: like that elite military academy that's been pursuing her gifted little brother. When one of their cadets shows up at school, he creates instant pandemonium. And just happens to be one of those mysterious guys. Coincidence? Mama said there's no such thing. And to always trust her instinct. But that might be kind of hard, because every time she's around Cadet Peter Davenport, her gut starts flip-flopping on her. And her heart. Can Kate keep it together long enough to stop Cadet Davenport's mission? She's about to find out. And once again-how neatly life can be split into before and after.
