You Are Your Best Thing Tarana Burke, Brené Brown, 2021-04-27 NEW YORK TIMES

BESTSELLER • Tarana Burke and Dr. Brené Brown bring together a dynamic group of Black writers, organizers, artists, academics, and cultural figures to discuss the topics the two have dedicated their lives to understanding and teaching: vulnerability and shame resilience. Contributions by Kiese Laymon, Imani Perry, Laverne Cox, Jason Reynolds, Austin Channing Brown, and more NAMED ONE OF THE BEST BOOKS OF THE YEAR BY MARIE CLAIRE AND BOOKRIOT It started as a text between two friends. Tarana Burke, founder of the ‘me too.’ Movement, texted researcher and writer Brené Brown to see if she was free to jump on a call. Brené assumed that Tarana wanted to talk about wallpaper. They had been trading home decorating inspiration boards in their last text conversation so Brené started scrolling to find her latest Pinterest pictures when the phone rang. But it was immediately clear to Brené that the conversation wasn’t going to be about wallpaper. Tarana’s hello was serious and she hesitated for a bit before saying, “Brené, you know your work affected me

so deeply, but as a Black woman, I've sometimes had to feel like I have to contort myself to fit into some of your words. The core of it rings so true for me, but the application has been harder." Brené replied, "I'm so glad we're talking about this. It makes sense to me. Especially in terms of vulnerability. How do you take the armor off in a country where you're not physically or emotionally safe?" Long pause. "That's why I'm calling," said Tarana. "What do you think about working together on a book about the Black experience with vulnerability and shame resilience?" There was no hesitation. Burke and Brown are the perfect pair to usher in this stark, potent collection of essays on Black shame and healing. Along with the anthology contributors, they create a space to recognize and process the trauma of white supremacy, a space to be vulnerable and affirm the fullness of Black love and Black life.

Definitely Yes Ella Miles, 2018-12-31 One question from an ex-lover. One text message from a complete stranger. The same answer to both...Yes. Scarlett Bell has found a way to move beyond a dark past that threatened to take her best friend, Kinsley, from her. Now ten years later Scarlett has

everything. A multi-billion dollar fashion and beauty empire. A fabulous New York apartment filled with everything a girl could need. And an awesome best friend. What more could she want? Love, marriage, and a baby. Everything her best friend has. One ex-boyfriend could give her everything she thinks she wants. Even if he is a little too nice... One dark stranger could give her everything she never knew she wanted. But he could destroy her life... Two men. Two choices. One answer to both: Definitely Yes.

The Last Lecture Randy Pausch, 2008-04-08 After being diagnosed with terminal cancer, a professor shares the lessons he's learned—about living in the present, building a legacy, and taking full advantage of the time you have—in this life-changing classic. We cannot change the cards we are dealt, just how we play the hand. —Randy Pausch A lot of professors give talks titled *The Last Lecture*. Professors are asked to consider their demise and to ruminate on what matters most to them. And while they speak, audiences can't help but mull over the same question: What wisdom would we impart to the world if we knew it was our last chance? If we had to vanish tomorrow, what would we

want as our legacy? When Randy Pausch, a computer science professor at Carnegie Mellon, was asked to give such a lecture, he didn't have to imagine it as his last, since he had recently been diagnosed with terminal cancer. But the lecture he gave—Really Achieving Your Childhood Dreams—wasn't about dying. It was about the importance of overcoming obstacles, of enabling the dreams of others, of seizing every moment (because time is all you have . . . and you may find one day that you have less than you think). It was a summation of everything Randy had come to believe. It was about living. In this book, Randy Pausch has combined the humor, inspiration and intelligence that made his lecture such a phenomenon and given it an indelible form. It is a book that will be shared for generations to come.

Nourishing Resistance Wren Awry, 2023-02-28 From the cooks who have quietly fed rebels and revolutionaries to the collective kitchens set up after hurricanes and floods, food has long played a crucial role in resistance, protest, and mutual aid. Until very recently, food-based work—steadfast and not particularly flashy—slipped under the radar or was centered on celebrity chefs and well-funded nonprofits. Adding to a growing constellation of conversations that push against this narrative, *Nourishing Resistance* centers the role of everyday people in acts of culinary solidarity. Twenty-three contributors—cooks, farmers, writers, organizers, academics, and dreamers—write on queer potlucks, BIPOC-centered farms and gardens, rebel ancestors, disability justice, indigenous food sovereignty, and the fight against toxic diet culture, among many other topics. They recount bowls of biryani at a Delhi protest, fricasé de conejo on a Puerto Rican farm, pay-as-you-want dishes in a collectively-run Hong Kong restaurant, and lemon cake cooked in a New Jersey disaster relief kitchen. They chronicle the communal kitchens and food distribution programs that emerged in Buenos Aires and New York City in the wake of COVID-19, which caused surging food insecurity worldwide. They look to the past,

revealing how “Bella Ciao” was composed by striking women rice workers, and the future, speculating on postcapitalist worlds that include both high-tech collective farms and herbs gathered beside highways. Through essays, articles, poems, and stories, Nourishing Resistance argues that food is a central, intrinsic part of global struggles for autonomy and collective liberation.

How to Not Die Alone Logan Ury, 2021-02-02 A “must-read” (The Washington Post) funny and practical guide to help you find, build, and keep the relationship of your dreams. Have you ever looked around and wondered, “Why has everyone found love except me?” You’re not the only one. Great relationships don’t just appear in our lives—they’re the culmination of a series of decisions, including whom to date, how to end it with the wrong person, and when to commit to the right one. But our brains often get in the way. We make poor decisions, which thwart us on our quest to find lasting love. Drawing from years of research, behavioral scientist turned dating coach Logan Ury reveals the hidden forces that cause those mistakes. But awareness on its own doesn’t lead to results. You have to actually change your behavior. Ury shows you how. This “simple-to-use guide” (Lori Gottlieb, New

York Times bestselling author of *Maybe You Should Talk to Someone*) focuses on a different decision in each chapter, incorporating insights from behavioral science, original research, and real-life stories. You'll learn: -What's holding you back in dating (and how to break the pattern) -What really matters in a long-term partner (and what really doesn't) -How to overcome the perils of online dating (and make the apps work for you) -How to meet more people in real life (while doing activities you love) -How to make dates fun again (so they stop feeling like job interviews) -Why "the spark" is a myth (but you'll find love anyway) This "data-driven" (Time), step-by-step guide to relationships, complete with hands-on exercises, is designed to transform your life. *How to Not Die Alone* will help you find, build, and keep the relationship of your dreams.
