Lucky's Clover Bob Vokoun,2023-01-18 Everything was normal in our lives, until our friend Gat Brown showed up. He was worried because Denise Clover, wife of his boss Alderman 'Lucky' Clover, was forcefully abducted from her home last night. Gat said she was taken because she knew a secret. The kind of secret that gets people killed. He came to us because we'd worked together in the past on some dangerous projects. Or, maybe he asked for our help because he knew we'd do things the police couldn't or wouldn't. Either way, we decided to stand with our friend. But from the onset, our efforts to save Denise were plagued with dead ends, false leads, and cryptic messages. We dug deeper and accidentally unearthed a dark and foreboding entity that would do anything to keep its existence unknown. Now we must fight to stay alive.

catch a leprechaun on St. Patrick's Day and keep his lucky clover all day, then the clover would return to the leprechaun as gold. Sound greedy? Well, actually this is what helps keep the luck coming every year on St. Patrick's Day. The more people believe in the lucky clovers, the more gold for the leprechauns and more luck to give out! But what happens when people stop believing in the true luck of the leprechauns? There is less gold to be stored up each year, which means less luck. If there is no more luck, the leprechaun lose their role in St. Patrick's Day and could mean the end of them all together. Can Brad and Chad help keep the luck going for one leprechaun who has lost his last piece of gold? Will their belief be enough to save all the true leprechaun luck? It's another adventure for the Holiday Heroes!
