Little Magazine, World Form Eric Jon Bulson,2016-11-29 Little magazines made modernism. These unconventional, noncommercial publications may have brought writers such as James Joyce, T. S. Eliot, Ezra Pound, Marianne Moore, Mina Loy, and Wallace Stevens to the world but, as Eric Bulson shows in *Little Magazine, World Form*, their reach and importance extended far beyond Europe and the United States. By investigating the global and transnational itineraries of the little-magazine form, Bulson uncovers a worldwide network that influenced the development of literature and criticism in Africa, the West Indies, the Pacific Rim, and South America. In addition to identifying how these circulations and exchanges worked, Bulson also addresses equally formative moments of disconnection and immobility. British and American writers who fled to Europe to escape Anglo-American provincialism, refugees from fascism, wandering surrealists, and displaced communists all contributed to the proliferation of print. Yet the little magazine was equally crucial to literary production and consumption in the postcolonial world, where it helped connect newly independent African nations. Bulson concludes with reflections on the digitization of these defunct little magazines and what it means for our ongoing desire to understand modernism's global dimensions in the past and its digital afterlife.

Mag World Emilia Ferrara,2017-06-13 Not every woman can be a beauty, but every woman can behave like a beauty, wrote Mrs. Walter Sohler in *Vogue's* February issue, 1950. These words may seem ancient to the iPhone-tapping, degree-earning, Oprah-celebrating women of our day, but has the message behind these words really left us? Magazines first started earning million dollar revenues in the 1970s and yet, 40 years later, media remains a chilly, disciplined and sometimes even painful world for women - most especially, for girls. Emilia Ferrara was a captive magazine reader, pouring through every page of every issue, month after month, in her teens through to college. However, as her passion for journalism grew, her inclination to serve the female reader through female titles waned. She repelled from their frivolous narratives and unhealthy standards. As she studied at Columbia's Journalism School and began researching how the beauty, fashion and magazine industries impact young girls, she began to write her first book: *Mag World*. *Mag World* is a non-fiction text that threads together voices such as Virginia Woolf, Walter Lippman and Tina Fey. Ferrara speculates over the future of girls as readers, much like Woolf imagined the future of women writers. She challenges intricate details of modern journalistic practices, adjacent to Lippmann's review on his day. And her hopeful (and sometimes humorous) tone echoes Fey's ability to deliver a positive critique. Written with both vision and forgiveness, *Mag World* is a melodic call for reform, a handshake to editors and an inspiration to today's girls who stand to inherit the future.

Great Magazine Covers of the World Patricia Frantz Kery,1982 A carefully selected presentation of more than 500 of the world's great magazine covers, this book is the first international survey of an expressive medium that has contributed an important esthetic legacy to our culture.

Snail World Aleia Murawski,Sam Copeland,2020-11-16 *Snail World: Life in the Slimelight* is a collection of absorbing snapshots from an alternate universe where snails drink bubble tea at the mall, hit tiny bongos, and get beamed up into flying saucers. Real snails and frogs bring to life miniature scenes meticulously created by artists Aleia Murawski and Sam Copeland, inspired by moody, cinematic moments and nostalgic Americana. These dreamlike and often hilarious images evoke the melodrama of daily life: a snail alone in an apartment with one last box to move; two snails getting slime all over grandma's plastic-covered armchairs; a frog doing karaoke in a heart-shaped hot tub. With hidden details to discover each time you flip through the pages, *Snail World* is a quirky celebration of the (very) little things in life. By Aleia Murawski and Sam Copeland. Hardcover with debossed image and spot gloss on cover. 80 pages, full color interior. Published by Broccoli. Measures 7 x 9 1/4.

In Vogue Norberto Angeletti,Alberto Oliva,2006 *In Vogue* is a fascinating look at the history of the world's most influential magazine. The complete compendium is illustrated with hundreds of covers and archival interiors of past *Vogue* editions, featuring the work of some of the twentieth century's most respected artists, cover illustrators, and photographers--from Edward Steichen, Toni Frissell, and Erwin Blumenfeld to Irving Penn, Richard Avedon, David Bailey, Helmut Newton, Annie Leibovitz, Mario Testino, Steven Klein, Bruce Webber, and Herb Ritts. In 1909, an entrepreneurial New Yorker named Condé Nast took charge of a struggling society journal and transformed it into the most glamorous fashion magazine of the twentieth century. *In Vogue* traces the history, development and influence of this media colossus--from its beginning as a social gazette in the late nineteenth century, to the exploration of modern fashion photography and new visuals in the mid-twentieth century, to its status as the top style magazine today. The book explains the makings of the magazine--from runways, to editorial meetings, to the pages of *Vogue*.The thoroughly researched story incorporates first-person accounts, interviews with editors and photographers, and excerpts from stories written in the magazine by many world-renowned writers, including Truman Capote, Aldous Huxley, Richard Burton, Federico Fellini, and Marcello Mastroianni. Unparalleled in its scope and exceptionally illustrated, *In Vogue* is sure to be among the most important publications on the subjects of culture, art,

fashion, photography, and media.
