Madeleine L'Engle: The Polly O'Keefe Quartet (LOA #310) Madeleine L'Engle,2018-09-25 A Wrinkle in Time was only the beginning: here, together for the first time in a deluxe Library of America edition, are the thrilling adventures of Meg Murray's daughter Polly. Madeleine L'Engle's A Wrinkle in Time is one of the most beloved and influential novels for young readers ever written, a thrilling tale in which fourteen-year-old Meg Murry and her schoolmate Calvin O'Keefe use a tesseract to travel across space and time to save Meg's scientist father from dire forces threatening the universe. But A Wrinkle in Time was only the beginning of the adventure. Now, for the first time, L'Engle's iconic classic and all seven of its sequels--the complete Kairos (cosmic time) novels--are collected in a deluxe two-volume Library of America edition, together with never-seen-before deleted passages and hard-to-find essays in which L'Engle reflects on her work. This second volume gathers the final four Kairos novels, in which Meg and Calvin's daughter Polly takes center stage. In The Arm of the Starfish, Polly disappears, and Calvin's research assistant is implicated in her kidnapping. In Dragons in the Waters, Polly and her brother Charles are on a

steamer bound for Venezuela when they help solve a murder connected to a stolen portrait of Simon Bolivar. Polly receives an education in different kinds of love in *A House Like a Lotus*. And in *An Acceptable Time*, Polly is lured through a tesseract by a friend who may be hoping to sacrifice Polly in order to save himself. A companion volume gathers the first four Kairos Novels, the *Wrinkle in Time* quartet, which also includes *A Wind in the Door*, *A Swiftly Tilting Planet*, and *Many Waters*. LIBRARY OF AMERICA is an independent nonprofit cultural organization founded in 1979 to preserve our nation's literary heritage by publishing, and keeping permanently in print, America's best and most significant writing. The Library of America series includes more than 300 volumes to date, authoritative editions that average 1,000 pages in length, feature cloth covers, sewn bindings, and ribbon markers, and are printed on premium acid-free paper that will last for centuries.

310: in the Building Chris Alper, 2016-12-17 310 was our school number-I never use its name, because to me being In The Building was actually a state of mind, an elevated heart rate, a place where everything was more intense, faster and trickier than the rest of my world. This book offers glimpses of a teacher's year as I lived it- fragments of sight, sound, smell, memory and belief; sketches of the funny, stressful, tragic and sometimes beautiful moments that made up my day-to-day experience. I'm no longer a teacher, but there's a part of me that will always be there- maybe the best part of all I could become- formed in the crucible, still In The Building.
