**Marine Scout Snipers** Lena Sisco,2016-09-01 Author Lena Sisco, a former Department of Defense Military Interrogator and U.S. Navy officer, takes the reader through the missions and personal lives of U.S. Marines who have been forward-deployed in hostile environments all across the Middle East. She shows how they use the mastery of their sniper skills to mitigate threats and negate the enemy's ability to disrupt U.S. operations. Her book lets you feel the stress and anxiety of their operational tempo; you witness their successes and failures, their struggles, and lessons learned. Snipers are highly trained, brave, silent killers. They undergo specialized training and operate independently with little support from their parent commands, close to enemy positions. Snipers are chosen based on their marksmanship, mental stability, patience, and physical ability. They stalk the enemy, while concealed in their operational overwatches, to protect our checkpoints and convoys, and to direct action missions. Despite the renown of Chris Kyle and the extraordinary success of the book and movie *American Sniper*, snipers do not have lead lives of glory and fame; their lives are a struggle. Serving as a sniper requires that you do your job successfully every time, because the consequences of not being successful include the loss of innocent lives, or living with other consequences that can haunt a shooter till the day he dies. In the end, just like any other service members, they put their lives on the line – willingly – to defend our freedom and liberties, and our country.

**Marine Scout Snipers in Action** Jessica Rudolph,2013-08-01 It was March 2003 in Basra, Iraq. Marine Scout Sniper Jack Coughlin's convoy was winding through a street when a hidden gunman opened fire. Machine-gun bullets flew everywhere--but where was the shooter? It was Scout Sniper Coughlin's job to find out. In this gripping new book, young readers will meet the fearless soldiers who serve our country, and also get an inside look at how they train for, and carry out, their dangerous missions. From stopping deadly attacks to tracking down enemies, no job is too tough for Marine Scout Snipers. Large, full-color photos and dramatic real-life stories will keep kids turning the pages to learn more.

**Ronin** Mike Tucker,2007-12-13 First-ever oral history of an entire Marine scout-sniper platoon.

**Bounty Hunter 4/3** Jason Delgado,Chris Martin,2017-10-03 The fight for Jason Delgado's life and soul began when he was just a boy. He ultimately escaped the death and drugs of a crime-riddled Bronx by way of the United States Marine Corps. However, after earning his way into the esteemed ranks of the service's famed Scout Snipers, Delgado saw that old struggle reignited when he was dumped into the hell of war in Iraq. There Delgado proved not only a participant, but a warrior capable of turning the tide in several of the most harrowing and historically important battles of the evolving war. He took all the hard lessons learned in combat and, as MARSOC's original lead sniper instructor, made himself a pivotal figure in revolutionizing the way special operations snipers trained and operated--Provided by publisher.

*Marine Scouts* Chuck Johnston,2021-11-01 Casemate has a long history of publishing high quality military history non-fiction. Lately, they have expanded their range of work to include well written novels using wartime settings. – WWII History MagazineAfter playing cat and mouse with a 10,000-strong Iraqi Armored Division to gain crucial intelligence, the Scouts of Marine 2nd Tank Division think they are on their way home, but their war isn't over. August 1990, 30,000 Iraqi troops have invaded Kuwait and are in a position to influence nearly half of the world's oil supply. The United Nations condemn the aggression but it is clear that only military intervention is going to displace Saddam Hussein. Captain Joseph 'Quarry' Samuels and the Marines of Scout Platoon, 2nd Battalion, 2nd Marine Division are tasked with discovering the strength and deployment of Iraqi troops. Quarry and his scouts are soon engaged in a game of cat and mouse with the 10,000-strong 108th Iraqi Armored Division. Operating behind enemy lines, they put themselves squarely in danger's way in order to collect the intelligence necessary to launch military operations. When hostilities end, with the greatest one-sided military victory of all time, the Marines deserve to be on their way home. However, Quarry remains in Kuwait to continue the deadly game with an old nemesis, but this time with a new ally on his side.

**40 Thieves on Saipan** Joseph Tachovsky,2020-06-02 Winner of The 2020 Best Book Award for Military History -- American Bookfest An elite platoon of Marine Scout-Snipers, Lieutenant Frank Tachovsky's "40 Thieves" were chosen for their willingness to defy rules and beat all-comers. When two Marines got into a fight, the loser ended up in the infirmary, the winner in the brig. Tachovsky wanted the winner on his team—a brush with military law was a recommendation. These full-blooded men were trained in a ruthless array of hand-to-hand killing techniques and then thrown into the battle for Saipan—Emperor Hirohito's "Treasure" and the bulwark of the Japanese Empire in the Pacific—where they would wreak havoc in and around, but mostly behind, enemy lines. They witnessed inhuman atrocities; walked into an ambush after the cunning Japanese used wounded Marines as bait; endured body-punishing extremes of heat, hunger, and thirst; fought a relentless enemy who would not surrender; and watched best friends die. Now Tachovsky's son Joseph tells their remarkable story—a story he didn't even know until after his father's death—reported from an extensive documentary record, including priceless mementos his father kept, and from exhaustive interviews with survivors who served under Lieutenant "Ski." This is how America won the war in the Pacific, where "uncommon valor was a common virtue." 40 Thieves on Saipan: The Elite Marine Scout-Snipers in One of World War II's Bloodiest Battles is true history. It's also an adventure you don't want to miss.

*HOGs in the Shadows* Milo S. Afong,2007 The author draws on his own combat experiences to offer an insider's look at the role of a HOG (Hunter of Gunman) sniper in Operation Iraqi Freedom, detailing the work of a Marine Scout/Sniper team and the perils they confronted on the battlefield.

**U.S. Marine Corps Scout-sniper** Peter R. Senich,1993 The advent of jungle warfare in the South Pacific in 1942 opened an entirely new chapter in the art of fieldcraft and mark-manship for the U.S. Marine Corps. To eliminate the Japanese jungle fighter, the Corps had to formulate innovative tactics even more efficient than those successfully implemented by the scouts, observers and snipers of World War I. The Corps set about training and fielding a new breed of combat specialist: the U.S. Marine Corps scout-sniper. Now, after more than two decades of research, Peter Senich has written what is undoubtedly the most thorough and accurate account ever of the training, equipment and combat experiences of this important facet of the history of Marine Corps sniping. Contains rare combat and training photos of scout-snipers in action.

**U.S. Marine Corps Scout/Sniper Training Manual** USMC Development Education Command Staff , The Marine Corps sniper is a Marine who has been carefully screened, selected, and has undergone comprehensive training in advanced infantry and marksmanship techniques. The sniper's training, combined with the inherent accuracy of his rifle, firmly establishes him as a valuable addition to the supporting arms available to the infantry commander.

**Bounty Hunter 4/3** Jason Delgado,2019-01-29

**Dear Mom** Joseph T. Ward,1991-08-31 In Vietnam's jungle war, only one group of men was feared more than death itself—the Marine Scout Snipers. . . . The U.S. Marine Scout Snipers were among the most highly trained soldiers in Vietnam. With their unparalleled skill, freedom of movement, and deadly accurate long-range Remington 700 bolt rifles, the Scout Snipers were sought after by every Marine unit—and so feared by the enemy that the VC bounty on the Scout Snipers was higher than on any other elite American unit. Joseph Ward's letters home reveal a side of war seldom seen. Whether under nightly mortar attack in An Hoa, with a Marine company in the bullet-scarred jungle, on secret missions to Laos, or on dangerous two-man hunter-kills, Ward lived the war in a way few men did. And he fought the enemy as few men did—up close and personal.

*Dead Center* Ed Kugler,2012-10-17 WHEN YOU'RE IN THE DEATH BUSINESS, EACH DAWN COULD BE YOUR LAST. Raw, straightforward, and powerful, Ed Kugler's account of his two years as a Marine scout-sniper in Vietnam vividly captures his experiences there--the good, the bad, and the ugly. After enlisting in the Marines at seventeen, then being wounded in Santo Domingo during the Dominican crisis, Kugler arrived in Vietnam in early 1966. As a new sniper with the 4th Marines, Kugler picked up bush skills while attached to 3d Force Recon Company, and then joined the grunts. To take advantage of that experience, he formed the Rogues, a five-sniper team that hunted in the Co Bi-Tham Tan Valley for VC and NVA. His descriptions of long, tense waits, sudden deadly action, and NVA countersniper ambushes are fascinating. In *DEAD CENTER*, Kugler demonstrates the importance to a sniper of patience, marksmanship, bush skills, and guts--while underscoring exactly what a country demands of its youth when it sends them to war.

**Hogs in the Shadows** Milo S. Afong,2012-09-04 There is a special breed of Marine for whom the prey is the enemy—and every day is hunting season. This Marine is a HOG—a Hunter of Gunmen. These are the gripping, gut-wrenching true stories of those Marines in Iraq whose sole purpose on the battlefield is to eliminate the enemy—one combatant at a time. Every time a HOG puts his eye to the glass, it means death for his target. Here, former Scout/Sniper Team leader Milo S. Afong reveals what it takes to be a Hunter of Gunmen. He describes the intensive training that turns expert

infantrymen into one-shot life-takers, how they operate in the field—and under fire—and how HOGs get the job done under any conditions. From sniping from a rooftop in Baghdad, to unknowingly being surrounded in a palm grove in the city of Hit, these stories will transport you right into the heat of the desert war, where one squeeze of the trigger can make all the difference.

**Marine** Joshua Dalzelle,2019-01-03 Aliens exist... and, as it turns out, most of them aren't that friendly.Jacob Brown wasn't even born yet the first time they attacked Earth. He was only fourteen the second time it happened. When Earth finally came together and fielded its first spaceborne military, Jacob didn't hesitate to volunteer. Serving aboard a mighty starship, he'd be able to defend his planet-and his family-when, inevitably, they came again.Just as he's about to graduate training, however, Jacob is approached by an officer from Naval Special Operation Command and given a choice: volunteer for a risky mission to a dangerous, lawless world, or give up his dream of serving in the military and go home. He has no idea why he's being singled out in such an unusual manner, but now it's either agree to their demands or give up his dream of being on a starship.Soon, getting his career back on the right track will be the least of his concerns when it seems like everyone-and everything-he meets is trying to kill him. When he stumbles upon a secret most people on Earth are blissfully unaware of he realizes it's not just the aliens he needs to be worried about. Marine is the first book in the Terran Scout Fleet Series by the bestselling author of the Omega Force Series and Black Fleet Trilogy.

**Point of Aim, Point of Impact** Jay Taylor,2009 Point of Aim, Point of Impact Is one mans recollection of his Vietnam experience. That young man was a Marine Corps Scout Sniper and the book addresses many issues of the Scout Snipers and Vietnam Vetrans both during the war and present day. It is not a book that glorifies war or weaves a Hollywood script around lies and half truths. In telling the story of one young Marine Sniper it attempts to deal with the real issues which evolved from the tramatic experiences of killing people and watching friends being maimed and killed. Point of Aim, Point of Impact is a must read for all Veterans From WWII to todays returning warriors as well as their family and friends.

The One-Round War Peter R. Senich,1996 This book is a long-overdue account of, and a well-deserved tribute to, the Marine Corps sniper program in Vietnam. It documents the circumstances behind training and employment, the equipment chosen for use, the transition from the M700 sniping rifle to the M40A1 and the extreme effectiveness of the Vietnam-era sniping effort overall.

Nobody's Hero Karla R. Jensen,2016-02-20 A farm boy from Dodge County, Wisconsin, doesn't grow up believing he'll be hurled into a life and death arena, wondering if he'll make it to twenty-one, but during the early 1940s this was the reality of manhood. When the Marines came calling, Del Schultz answered. He became one of the first top scouts/snipers and hand-to-hand combat killers with the Marines. From the first days of training in California in 1943 to scouring the Japanese islands before and after the bomb was dropped in 1945, Del transformed from information gatherer and peacekeeper into a killing machine. What began as a skill honed for a job where ?kill or be killed? was the only way to survive, excelling at hand-to-hand combat became his Achilles heel. What military training had somehow ?turned on,? Del quickly discovered he could not ?turn off.? In 1946, when Marine physicians in Hawaii and the Great Lakes Naval Hospital back home literally forgot about him, Del?s bitterness towards his Marine superiors grew like a fungus. He vowed to erase his military history forever. It?s bothered him long enough. Until now. This is his story; his chance to make peace with the past.

## Marine Scout Introduction

In the digital age, access to information has become easier than ever before. The ability to download Marine Scout has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Marine Scout has opened up a world of possibilities. Downloading Marine Scout provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Marine Scout has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Marine Scout. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Marine Scout. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Marine Scout, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Marine Scout has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.
