**Marriage facts before, during, and beyond** Dr.

Maxine Lawrence,2013-04-17 In 2009, Maxine Lawrence was given a challenge by her professor to research the subject of marriage—not because Maxine had been successfully married, but because she had experienced another failed marriage. In her quest, she discovered that the parent/child relationship was not the highest relationship, but instead it was marriage. Dr. Lawrence has compiled information to better understand marriage facts, before, during, and beyond, from God’s perspective. This book gives a biblical explanation of the origin and purpose of marriage, roles of both husband and wife, and characteristics required for permanent marriage, and how to identify unhealthy individuals such as pedophiles and other abusers. When marriage breaks down and adultery, fornication, or desertion occur and are unrepented of, God has allowed a painful mercy called divorce, which allows for remarriage, but only to Christian believers. With remarriage comes courting/dating and blended families. This book will give you insights and practical tools that can guide you in making Christ-honoring choices. In this book you will discover... God’s original purpose for marriage Roles of the husband and wife The importance of fathers in children’s asset development Serious road blocks; Adultery, fornication, desertion What it means to fight for your marriage What about Cohabitation? Domestic Violence Substance abuse Dealing with guilt and shame Surviving Divorce Biblical Courtship- what is it? Dating and Children How do pedophiles operate? Are you ready of remarriage? The best way to PREPARE for marriage How to blend families

**Marriage, a History** Stephanie Coontz,2005 Just when

the clamor over traditional marriage couldn't get any louder, along comes this groundbreaking book to ask, What tradition? In *Marriage, a History*, historian and marriage expert Stephanie Coontz takes readers from the marital intrigues of ancient Babylon to the torments of Victorian lovers to demonstrate how recent the idea of marrying for love is - and how absurd it would have seemed to most of our ancestors. It was when marriage moved into the emotional sphere in the nineteenth century, she argues, that it suffered as an institution just as it began to thrive as a personal relationship. This enlightening and hugely entertaining book brings intelligence, perspective, and wit to today's marital debate.

### The Good News About Marriage Shaunti

Feldhahn,2014-05-06 Divorce is not the biggest threat to marriage. Discouragement is. You've probably heard the grim facts: Half of all marriages end in divorce. The divorce rate inside the church is the same as outside. Most marriages are just holding on. But what if these "facts" are actually myths? In The Good News About Marriage, best-selling author Shaunti Feldhahn presents groundbreaking research that reveals the shocking, incredibly inspiring truth:

- The actual divorce rate has never gotten close to 50 percent.
- Those who attend church regularly have a significantly lower divorce rate than those who don't.
- Most marriages are happy.
- Simple changes make a big difference in most marriage problems.
- Most remarriages succeed.

For too long, our confidence in marriage has been undermined by persistent misunderstandings and imperfect data. This landmark book will radically change how we think and talk about marriage—and what we can dare to hope from it. "Shaunti takes aim at marriage myths that have spread like a cancer through our culture—myths that have become self-fulfilling prophecies. This book is packed with game-changing revelations. Like this one: Not only are most people staying married, they are happy in their marriages!"

—Emerson Eggerichs, best-selling author of *Love and*

## Respect

How to Choose a Wife Kent Lamarc, 2015 So many men fall into the traps of smart but wicked women that more books like this should be written. Most only realize their mistake long after they are married, when it's too late and only a divorce is possible, many times at the expense of losing spending time with the children that, meanwhile, were born inside these toxic marriages. The best way to avoid a divorce is before a wedding occurs. As women fight for an opportunity to get married, men should fight for their right to choose the best in all senses of the word and not just a companion. Most men are not aware of the importance of this and pay heavily for their mistakes. This book is aimed at those in the process of analyzing their relationship before taking the big step further. It's also dedicated to any man willing to understand women better, as the information provided here helps in getting a girlfriend much more than most books dedicated to dating. And the reason is that, by clearly presenting the mindset of most women, the book makes it easier to understand how they think. We could very well say that the theories here exposed go to the core of what attraction and relationships mean to them. By understanding all the information exposed here, it's easier to see their intentions and purposes. Freud would have loved a book like this, because, he said: Despite my thirty years of research into the feminine soul, I have not yet been able to answer the great question that has never been answered: What does a woman want? Men that are well informed about women can get better ones and avoid failure in relationships. They also avoid having to divorce in the future, by creating the highest probability of building a happy family forever. The possibility of finding happiness in a relationship starts by putting our emotions on a leash, namely our most primitive

one, lust. Like an animal on a leash, your emotions are not supposed to be restrained forever with the information mentioned here, just controlled under your command, like a dog that comes back when you whistle and always obey your orders.
