- 📖 **Leave Dating Behind** Christina Rogers, 2016-06-28 Have you felt the heartbreak of modern relationships? Have you watched marriages fall apart? Have you wondered if there is any hope? Christian young people usually understand the ideal destination in a relationship, but they have no idea how to get there. This book paves the road and breaths life into a God-honoring relationship, by offering a romantic biblical alternative to dating. Not another sermon, a formula, or simply a story, Leave Dating Behind is written by someone young who has been there. Christina Rogers chose to reevaluate modern relationships and implemented a biblical philosophy within her own courtship. Despite unbelievable struggles, including her parent's divorce, Christina and her husband Sheldon shared their first kiss on their wedding day, and demonstrate inspiring proof that God's way works. Leave Dating Behind, describes the flaws of typical dating, tackles courting misconceptions, and presents the four necessary principles of a godly relationship. These principles, Commitment, Accountability, Rejection of the world's dating philosophy and establishing physical boundaries (care) can easily be incorporated into all relationships. Readers will be encouraged through this application-based view of courtship that no matter their background or personal situation, following God's road is the only answer to decades of heartbreak and regrets.

- 📖 **After "I Do" a Marriage Map** P J Larue, 2014-07-14 If we had conformed to statistics, my husband and I should have been divorced long ago... It's been more than thirty years now, and our marriage is three decades stronger. We beat the odds. I want to tell you how we did that, because you can do it, too. This blueprint for an enduring, truly happy marriage is written in exactly the voice that you would expect from P.J. LaRue: direct, bold, and honest. Ms. LaRue shares no secrets here - because there's nothing secretive about how to love each other for a lifetime; instead, what she presents are the natural, (un)common-sense attitudes and behaviors that used to hold couples together, but have been dismissed by our culture. Whether you're about to be married, or you're contemplating what went wrong in your relationship, this guide will get you thinking... And chances are, it will change your perspective, Jenna Brooks, Certified Life Coach, Columnist and Critically Acclaimed Author.
- 📖 **Will Our Love Last?** Sam R. Hamburg, 2001-03-17 Am I with the right person? Will our love last? Men and women in love are haunted by these questions. Love -- especially why it blossoms in relationships and why it later dies -- is a mystery to them. Will Our Love Last? A Couple's Road Map solves this mystery by giving readers a new understanding of love -- an understanding they can actually use to evaluate the soundness of their relationships and to answer confidently the crucial questions that mystified them before. Based on hundreds of cases in his twenty-four years as a marital therapist and twenty-nine years in his own happy marriage, Sam R. Hamburg, Ph.D., explains how compatibility is the key to lasting love. He shows how compatibility on three major dimensions -- the Practical Dimension, the Sexual Dimension, and the Wavelength Dimension -- is essential to the mutual understanding and affirmation that keep love alive, and he leads readers through a simple but systematic procedure for assessing their compatibility with a romantic partner in these crucial relationship areas. Dr. Hamburg introduces a new technique, The Hand Rotation Exercise, to help readers express their degree of compatibility and then convey that visually to their partner. In addition, he presents two new original techniques for working through relationship conflicts and coming to agreement on difficult issues: His Way/Her Way and The Long Conversation. Written in a clear, direct style that is free of jargon, Will Our Love Last? empowers readers to make important relationship decisions that are intellectually and emotionally informed. Will Our Love Last? will help couples trying to decide if they should take the next step to a more committed relationship. It will aid individuals embarking on a new relationship, or who are between relationships, to evaluate the rightness of a new or prospective partner. And it will assist people who are already in committed relationships to make an honest assessment of their prospects for happiness with their current partner. People have it in their power to make sure that they truly are with the right person. Will Our Love Last? shows the way.
- 📖 **The Seven Principles for Making Marriage Work** John Gottman, PhD, Nan Silver, 2015-05-05 NEW YORK TIMES BESTSELLER • Over a million copies sold! “An eminently practical guide to an emotionally intelligent—and long-lasting—marriage.”—Daniel Goleman, author of Emotional Intelligence The Seven Principles for Making Marriage Work has revolutionized the way we understand, repair, and strengthen marriages. John Gottman's unprecedented study of couples over a period of years has allowed him to observe the habits that can make—and break—a marriage. Here is the culmination of that work: the seven principles that guide couples on a path toward a harmonious and long-lasting relationship. Straightforward yet profound, these principles teach partners new approaches for resolving conflicts, creating new common ground, and achieving greater levels of intimacy. Gottman offers strategies and resources to help couples collaborate more effectively to resolve any problem, whether dealing with issues related to sex, money, religion, work, family, or anything else. Packed with new exercises and the latest research out of the esteemed Gottman Institute, this revised edition of The Seven Principles for Making Marriage Work is the definitive guide for anyone who wants their relationship to attain its highest potential.
- 📖 **Navigating the Marital Journey** Gary L. Bowen, 1991-10-16 This volume presents a field-tested enrichment program, MAP, to help married couples maximize their relationship potential. MAP is a metaphor for a planned and systematic change effort for helping spouses chart and navigate toward desired individual and collective goals. A key component of the program, which is tailored to the corporate sector, is assistance to couples in forging a more productive and supportive work and family partnership that will help them achieve their marital ambitions. The program is built upon an explicit consideration of family-related values and is undergirded by a theoretically and empirically based conceptual model: the Value-Behavior Congruency Model. Although the enrichment program provides the organizing theme, the core of the book is directed toward providing theoretical and empirical support for the Congruency Model, and linking the development and implementation of the program with trends in corporate America today. Two data sets are used to test the critical assumptions that form the basis of the model. The first involves 48 married couples from two posts in the U.S. Army, where one or both spouses were members of the Army; the second involves a sample of 34 couples from a Fortune 500 corporation in the northeastern United States in which MAP was first field-tested. Taken together, the contents of this book represent an attempt to integrate theory, research, and practice in the development and grounding of the enrichment program. Although such attempts are recognized as important tasks in the behavioral and social sciences, segregation rather than integration of these three domains has been the rule rather than the exception in the literature. This volume should be especially relevant to the growing number of marital enrichment specialists who are looking for more theoretically and empirically grounded support programs, especially those that have been field tested in the expanding market of workplace programs for employees and their families. It should be a valuable resource for senior managers and human resource professionals in both the private and public sectors who want to strengthen the organizational support for employees and their families.
