David Baguley

Mauriac Paul Cooke,2021-11-22 Although internationally renowned as a novelist, journalist, and essayist, Nobel Prize-winning author François Mauriac (1885-1970) never established a reputation as a poet. Yet it was Maurice Barrès's favourable review of his first collection of verse, *Les Mains jointes*, that launched Mauriac's career in 1910. He went on to publish three further collections of poems and insisted to the end of his life that, despite critical neglect of his verse, he remained first and foremost a poet. This book offers the first ever in-depth exploration of the whole of Mauriac's verse output. After a chapter tracing his general conception of poetry and comparing his ideas to those of other poets and theorists, each of Mauriac's verse collections is analysed in turn, as are many of his poems that were published exclusively in literary journals. A final chapter explores the significant relationship between Mauriac's verse and his novels, revealing the multiple connections between these two series of texts. This volume will appeal to those with an interest in twentieth-century French poetry and, more generally, to those interested in the relationship between verse and prose.

Messiaen the Theologian Andrew Shenton,2017-07-05 For Olivier Messiaen, music was a way of expressing his faith. He considered it his good fortune to have been born a Catholic and declared that 'the illumination of the theological truths of the Catholic faith is the first aspect of my work, the noblest and no doubt the most useful'. Messiaen is one of the most widely performed and recorded composers of the twentieth-century and his popularity is increasing, but the theological component of his music has so far largely been neglected, or dealt with superficially, and continues to provide a serious impediment to understanding and appreciating his music for some of his audience. *Messiaen the Theologian* makes a significant contribution to Messiaen studies by providing cultural and historical context to Messiaen's theology. An international array of Messiaen scholars cover a wide variety of topics including Messiaen's personal spirituality, the context of Catholicism in France in the twentieth century, and comparisons between Messiaen and other artists such as Dante and T.S. Eliot. Interdisciplinary methodologies such as exegesis, theological studies and analysis are used to contribute to the understanding of several major works including *l'au-del.*, *Sept Ha nd Saint Fran's d'Assise*. By approaching Messiaen and his music from such important and original perspectives, this book will be of interest not only to musicians and theologians, but also to readers interested in the connection between spirituality and the arts.

François Mauriac John Flower,Bernard Swift,1989-09-28 Examines aspects of Mauriac's work and career that have been unduly neglected and suggests new critical approaches.

Critic of Civilization L. Clark Keating,2021-12-14 As one of the outstanding minds of France, the career of George Duhamel reflects the universal range of his interests. A physician turned poet, playwright, novelist, publicist, critic, and world traveler, Duhamel for half a century has sought as a liberal humanist to defend the moral and aesthetic values of Western civilization against the encroachment of a dehumanizing machine age. Duhamel first achieved fame as a writer with two eloquent outcries against war in *Vie des Martyrs* and *Civilisation*, written while he was a front-line surgeon during World War I. His later plays and novels continued to deal with the search of the individual for identity in contemporary life, especially in the *Salavin* series and the ten-volume *Chronique des Pasquier*, his outstanding works of fiction. Among the commentaries on other cultures arising from his travels, Duhamel's scathing criticism of the United States in *Scenes de la vie future* aroused particular furor. It is in Duhamel's feeling for humanity, Mr. Keating believes, that one may discover the consistent pattern in Duhamel's work, essentially the passionate reaction of a surgeon-artist to the cruelties of a war-torn world. In this critical biography of Duhamel as writer and thinker, Mr. Keating therefore relates all of Duhamel's many-sided activities to his underlying purpose—to find a path for individual happiness in the complexities of contemporary life.

The bibliography is divided into three major divisions: general studies, author subjects (arranged alphabetically), and cinema. Number 59 in the series contains 12,703 entries. William J. Thompson is Associate Professor of French and Undergraduate and Interdisciplinary Programs in the College of Arts and Sciences at the University of Memphis.

François Mauriac in Search of the Infinite Elsie Estelle Pell,1947 Probes the religious and psychological theories that have inspired François Mauriac in the choice of his subjects and characters. The approach to these ideas has been made from two directions: first, by a general exposition of Mauriac's beliefs as exemplified by his characters as a whole; then, by a more detailed analysis of the prominent persons who appear in his better known works. An attempt has also been made to reveal François Mauriac as a man, and to link him to those in the past and present whose ideas are related to his own; as well as to show in what he differs from other writers whom, in some ways, he resembles.

Vies Et Œuvres D'écrivains Louis Chaigne,1953

Journal 1932-1939 François Mauriac,2014-04-01 François Mauriac se défend d'avoir joué sur les mots en intitulant *Journal* un recueil d'articles. Sans doute ne s'agit-il pas de pages de carnets, comme les journaux de Gide, de Léautaud ou de Green. Cependant, François Mauriac a raison d'affirmer qu'il a là conçu le journalisme comme une sorte de journal à demi intime : comme une transposition, à l'usage du grand public, des émotions et des pensées quotidiennes suscitées en nous par l'actualité . Il ajoute : Sur ce plan, il arrive qu'une maladie ou une simple lecture prenne autant de valeur qu'une révolution : c'est leur retentissement dans notre vie intérieure qui mesure l'importance des événements. Un jour devait venir où François Mauriac ferait deux parts dans son activité de journaliste. Certains articles entreraient dans le fameux Bloc-Notes. D'autres chroniques formeraient la matière des non moins fameux Mémoires intérieurs. Le *Journal* contient des pages qui relèvent des deux veines et qui comptent parmi les plus admirables de l'écrivain. On y trouve par exemple des pages brillantes sur le procès de l'empoisonneuse Violette Nozière, le suicide de Salengro, l'affaire Roëhm-Hitler, la guerre d'Espagne, mais aussi deux portraits du jeune Malraux, des controverses avec Gide, des analyses du Misanthrope de Molière et du Don Juan de Mozart. Une des qualités majeures du *Journal* est son incoercible spontanéité au service de la vérité.
