Robert's Rules of Order Newly Revised, 12th edition Henry M. Robert III, Daniel H. Honemann, Thomas J. Balch, 2020-08-25 The only current authorized edition of the classic work on parliamentary procedure--now in a new updated edition Robert's Rules of Order is the recognized guide to smooth, orderly, and fairly conducted meetings. This 12th edition is the only current manual to have been maintained and updated since 1876 under the continuing program established by General Henry M. Robert himself. As indispensable now as the original edition was more than a century ago, Robert's Rules of Order Newly Revised is the acknowledged gold standard for meeting rules. New and enhanced features of this edition include: Section-based paragraph numbering to facilitate cross-references and e-book compatibility Expanded appendix of charts, tables, and lists Helpful summary explanations about postponing a motion, reconsidering a vote, making and enforcing points of order and appeals, and newly expanded procedures for filling blanks New provisions regarding debate on nominations, reopening nominations, and completing an election after its scheduled time Dozens more clarifications, additions, and refinements to improve the presentation of existing rules, incorporate new interpretations, and address common inquiries Coinciding with publication of the 12th edition, the authors of this manual have once again

published an updated (3rd) edition of Robert's Rules of Order Newly Revised In Brief, a simple and concise introductory guide cross-referenced to it.

Meeting Wise Kathryn Parker Boudett, Elizabeth A. City, 2014-08-01 This book, by two editors of *Data Wise: A Step-by-Step Guide to Using Assessment Results to Improve Teaching and Learning*, attempts to bring about a fundamental shift in how educators think about the meetings we attend. They make the case that these gatherings are potentially the most important venue where adult and organizational learning can take place in schools, and that making more effective use of this time is the key to increasing student achievement. In *Meeting Wise*, the authors show why meeting planning is a high-leverage strategy for changing how people work together in the service of school improvement. To this end, they have created a meeting-planning “checklist” to develop a common language for discussing and improving the quality of meetings. In addition, they provide guidelines for readers on “wise facilitating” and “wise participating,” and also include “top tips” and common dilemmas. Simple, succinct, and practical, *Meeting Wise* is designed to be read and applied at every level of the educational enterprise: district leadership meetings with central office staff, charter-school management summits, principals’ meetings with teachers, professional development sessions, teacher-team meetings, and even teachers’ meetings with parents and students.
