Your Fertile Years Joyce Harper,2021-04-29 How well do you really know your body? How easy do you think it will be for you to get pregnant - or NOT to get pregnant? You've probably never really been educated about your reproductive years - perhaps you learnt everything you know from friends, or from the media, or online. You might be ready for a baby now; or, like so many other women, you might want to delay the birth of your first child while you establish your career. Perhaps you're thinking about freezing your eggs. Professor Joyce Harper is an internationally recognized expert on female fertility and fertility education, and in 12 chapters she covers the full scope of your reproductive years, from your first period to menopausal symptoms. Her straightforward, scientifically based advice will give you all the information you need to make informed decisions about your reproductive choices. Only when you really understand your menstrual cycle works can you optimise your lifestyle to get pregnant successfully - while being properly aware of how and when your fertility will decline. Your Fertile Years answers all your questions about things like egg freezing and IVF, and debunks not only the myths surrounding fertility treatment, but also the misinformation and scare stories that surround conception and

pregnancy, including the bottom line on supplements, diet and holistic therapies. A shining beacon in the murky fertility landscape, this book will accompany you through your fertile years, giving you the guidance you need to make decisions that work for you, your family, your career and your body.

Fix Your Period Nicole Jardim,2020-04-28 "Nicole Jardim walks the talk, and I am confident that *Fix Your Period* will help ignite the hormone balance you are seeking and restore your vitality." --Sara Gottfried, MD, New York Times bestselling author of *The Hormone Cure* A life-changing step-by-step natural protocol to ignite lasting hormone balance and improve everything from PMS, period pain, and heavy periods to irregular cycles and missing periods, from Nicole Jardim, certified women's health coach and co-host of the podcast *The Period Party*. For most women, getting their period sucks. Bloating. Cramps. Acne. Aches. Moodiness. Messiness. No wonder we call it *The Curse*! For many, it's not just an inconvenience—it's a colossal life disruption, forcing them to miss work, school, appointments, or dates. We've been encouraged to medicate away common period problems with birth control and ibuprofen, and just survive the mood swings as best we can. But as Nicole Jardim explains, periods aren't a nuisance, they're information. When you learn to decode your period (or lack thereof), you'll be able to recognize the underlying hormone imbalances causing your period problems and know how to fix them naturally with Jardim's proven six-week protocol to resolve even the most challenging hormone imbalances and menstruation issues. Joining the ranks of books by Jolene Brighten, Sara Gottfried, and Aviva Romm, Nicole Jardim's *Fix Your Period* is essential for women plagued by PMS, irregular, painful, or heavy periods, PCOS, Endometriosis, or fibroids—and for anyone who wants to take charge of her hormonal health—and regain control of her life—naturally.
