Petite philosophie de l'actualité Michel Théron, 2021-01-27 Les textes composant cet ouvrage sont tous parus, sous leur forme initiale, dans un journal hebdomadaire. Souvent inspirés par l'actualité, ce qui les rend plus vivants, ils ont cependant un contenu intemporel, et se prêtent toujours à une réflexion philosophique. Ils peuvent servir de points de départ pour la réflexion individuelle du lecteur, mais aussi ils peuvent alimenter des débats thématiques collectifs (cours scolaires, cafés-philo, réunions de réflexion...).

Little Culinary Triumphs Pascale Pujol, 2018-12-04 “Sexy encounters, irreverent humor, and subtle twists keep up the pace of this quirky tale about a variety of French appetites” (Publishers Weekly). Sandrine works as a functionary in an employment office, but there is a lot more to her than one might suspect from her job description. With a volcanic personality and an imagination to match, she is also a world-class cook waiting for the right occasion to realize her dream of opening a restaurant of her own. With a master plan that one could only describe as Machiavellian, Sandrine ropes Antoine, an unemployed professor, into her venture. A carousel of extravagant characters follows: the giant Senegalese man, Toussaint N'Diaye; the magical chef, Vairam; the extravagantly flatulent Alsatian Schmutz and his twelve-year-old daughter Juliette (IQ 172!); the alluring psychologist and Kama Sutra specialist Annabelle Villemin-Dubreuil. Plans for the restaurant proceed smoothly until Sandrine discovers a shady newspaper operation next-door that leads her to a sinister magnate's plot . . . Set in the storied and culturally diverse Parisian quarter of Montmartre, made famous by artists, writers, and bon vivants of every ilk, this heartwarming, comic tale is a must for foodies, Francophiles, and lovers of a good story well told. “This farcical novel envelops readers in the sights, sounds, and smells of Montmartre and is sure to be enjoyed by fans of Mary Simses, Laura Madeleine, and Nina George. With lively characters and a dreamy setting, *Little Culinary Triumphs* will awaken the Francophile in all.” —Booklist “Pujol keeps the tone light as she takes on serious themes of economics and immigration. . . . The plot adds characters like ingredients in a recipe until everything finally sets like a creamy quiche. Will everybody get what they want—or deserve? Maybe, maybe not, but it's fun watching the schemes unfold.” —The Star Tribune

Right-Wing Extremism in Canada Barbara Perry, Ryan Scrivens, 2019-08-19 This book comprehensively examines right-wing extremism (RWE) in Canada, discussing the lengthy history of violence and distribution, ideological bases, actions, organizational capacity and connectivity of these extremist

groups. It explores the current landscape, the factors that give rise to and minimise these extremist groups, strategies for countering these groups, and the emergence of the 'Alt-Right'. It draws on interviews with law enforcement officials, community activists, and current and former right-wing activists to inform and offer practical advice, paired with analyses of open source intelligence on the state of the RWE movement in Canada. The historical and contemporary contours of right-wing extremism in Canada are situated within the social, political, and cultural landscape that has shaped the movement. It will be of particular interest to students and researchers of criminology, sociology, social justice, terrorism and political violence.

Food and Health Viviane Clavier, Jean-Philippe De Oliveira, 2019-06-18 Food is a major health issue; the links between diet and health are dominant in nutrition discourse and practice. *Food and Health: Actor Strategies in Information and Communication* identifies the informational practices of nutrition professionals and consumers to study the structural elements of food and health. It analyzes the communication strategies of actors and the dissemination and use of information related to both food for health and health through food. The book considers nutrition from the point of view of public policies, educational organizations, preventive measures, consumers and patients.

Sweet Forgiveness Lori Nelson Spielman, 2015-06-02 #1 international bestselling author Lori Nelson Spielman follows *The Life List* with *Sweet Forgiveness*, in which a woman's receipt of two "forgiveness stones" sends her searching for atonement. The Forgiveness Stones craze is sweeping the nation—instantly recognizable pouches of stones that come with a chain letter and two simple requests: to forgive, and then to seek forgiveness. But New Orleans' favorite talk show host, Hannah Farr, isn't biting. Intensely private and dating the city's mayor, Hannah has kept her very own pouch of Forgiveness Stones hidden for two years—and her dark past concealed for nearly two decades. But when Fiona Knowles, creator of the Forgiveness Stones, appears on Hannah's show, Hannah unwittingly reveals on air details of a decades-old falling out with her mother. Spurned by her fans, doubted by her friends, and accused by her boyfriend of marring his political career, Hannah reluctantly embarks on a public journey of forgiveness. As events from her past become clearer, the truth she's clung to since her teenage years has never felt murkier. Hannah must find the courage to right old wrongs, or risk losing her mother, and any glimmer of an authentic life, forever.

Caricature and French Political Culture 1830-1848 David S. Kerr, 2000-09-07 Charles Philipon (1800-1862) was the founder of the satirical illustrated press in France. With the newspapers he owned and directed, *La Caricature* and *Le Charivari*, he led an unprecedentedly coherent and vitriolic campaign of disrespect against King Louis-Philippe and his regime. Using a group of young caricaturists (the most talented of whom were Daumier, Grandville, and Travies) and the collaboration of a gifted team of writers (including Balzac) he crafted a new language of opposition. This book is the first full scholarly study of the structure of the illustrated press in the 1830s, its contribution to political debate in France, the dissemination of caricature and its potential as political propaganda, and the links between caricature and other forms of political-cultural discourse under the July Monarchy.

When Television was Young Paul Rutherford, 1990-01-01 A decade after the first Canadian telecasts in September 1952, TV had conquered the

country. Why was the little screen so enthusiastically welcomed by Canadians? Was television in its early years more innovative, less commercial, and more Canadian than current offerings? In this study of what is often called the 'golden age' of television, Paul Rutherford has set out to dispel some cherished myths and to resurrect the memory of a noble experiment in the making of Canadian culture. He focuses on three key aspects of the story. The first is the development of the national service, including the critical acclaim won by Radio-Canada, the struggles of the CBC's English service to provide mass entertainment that could compete with the Hollywood product, and the effective challenge of private television to the whole dream of public broadcasting. The second deals with the wealth of made-in-Canada programming available to please and inform viewers - even commercials receive close attention. Altogether, Rutherford argues, Canadian programming reflected as well as enhanced the prevailing values and assumptions of the mainstream. The final focus is on McLuhan's Question: What happens to society when a new medium of communications enters the picture? Rutherford's findings cast doubt upon the common presumptions about the awesome power of television. Television in Canada, Rutherford concludes, amounts to a failed revolution. It never realized the ambitions of its masters or the fears of its critics. Its course was shaped not only by the will of the government, the power of commerce, and the empire of Hollywood, but also by the desires and habits of the viewers.

Profession journaliste indépendant Thierry Butzbach, 2017-01-26 La presse connaît des bouleversements sans précédent : passage au numérique, concentration financière et éditoriale, explosion des réseaux sociaux... Dans ce contexte, se faire une place en tant que journaliste ne va pas de soi : Si cet ouvrage ne prétend pas livrer la formule magique pour percer dans le milieu, il permettra aux journalistes débutants ou confirmés d'y voir plus clair dans les différents statuts qu'ils seront amenés à adopter en fonction de leurs activités. Car si le métier de journaliste professionnel reste un travail salarié, les autres activités exercées parallèlement par les journalistes indépendants - formation, animation, communication... - relèvent souvent d'autres statuts bien moins connus. Pour chacun d'eux, cet ouvrage livre de précieuses informations sur les droits, la fiscalité, mais aussi les avantages et les inconvénients qui y sont associés. Il accompagnera plus spécialement les journalistes rémunérés à la pige, de plus en plus nombreux, dans la pratique de leur métier. Démarcher les rédactions, évaluer sa charge de travail, suivre efficacement le paiement de ses piges, se former pour évoluer et se diversifier... ce livre apportera de nombreux conseils concrets à tous ceux qui veulent vivre durablement de la pige. Un guide indispensable pour les journalistes d'aujourd'hui, enrichi d'interviews de professionnels en activité.

Sharing Reality Jeff T. Haley, Dale McGowan, 2017-09-01 Religions are a natural outgrowth of the intuitive ways of knowing that evolved with human culture. Though many people continue to find value in religious identity and community, intuitive knowledge has been eclipsed by a more effective way of knowing—the scientific way. A better way of relating religion to politics called secularism is gradually replacing theocracy. Once you understand and accept the scientific way of knowing and this preferred relationship of church and state, you become agnostic and secular—even if you continue to identify with and participate in religion. As Jeff T. Haley and Dale McGowan argue in this volume, this isn't some abstract dream—it's happening right now. Religions are in a continuous state of evolution, changing beliefs, values, and practices over time. All religions, including Christianity and Islam, can evolve to accept the scientific way of knowing and secularism, becoming agnostic and even atheistic without losing their essential value. Haley and

McGowan explain how you can help this natural process, sharing reality with your friends and family in a way that encourages religions to embrace the best of humanity's knowledge and values.

Press and Politics in Pre-revolutionary France Jack C. Censer, Jack Richard Censer, Jeremy D. Popkin, 1987-01-01

The Newspaper Press in the French Revolution Hugh Gough, 2016-06-10 When the ancien régime collapsed during the summer of 1789 the newspaper press was free for the first time in French history. The result was an explosion in the number of newspapers with over 2,000 titles appearing between 1789 and 1799. This study, originally published in 1988, traces the growth of the French Press during this time, showing the importance of the emergence of provincial newspapers, and examining the relationship of journalism with political power. Concluding chapters discuss the economics of newspapers during the decade, analysing the machinery of printing, distribution and sales.

The Rise of Western Journalism, 1815-1914 Ross F. Collins, E.M. Palmegiano, 2007-09-13 This work focuses on the principal trends and chief personnel essential to journalistic development in each country, and incorporates analysis of how each countrys journalists influenced, or were influenced by, journalists from outside its borders.
