

# Milton Massachusetts Local

Milton Historical Society (Milton, Mass.)

**Milton** Anthony Mitchell Sammarco,2010-10-22 Nestled between the Neponset River and the Blue Hills Reservation is the postcard-perfect New England town of Milton, Massachusetts. Founded in 1640, its gentle riverbanks were soon transformed by some of the first mills in the colonies, and later an industrial boom drew tides of immigrants from across the seas. Local author and noted historian Anthony Sammarco brings together a fascinating collection of his best columns from the Milton Times to chronicle the remarkable history of Milton. With stories of extraordinary residents such as the physician and artist Dr. William Rimmer and tales of local innovations such as the Granite Railway, Sammarco charts the evolution of this prominent town.

*A Brief History of Milton Massachusetts* Mrs. James B. Ayer,1956

**MILTON** Paul Buchanan,Anthony Sammarco,1996-04-01 With Milton, the first pictorial history of the town ever published, local historians Paul Buchanan and Anthony Sammarco present a nostalgic look at the development and growth of this well-built and affluent suburb from 1860 to 1940. Over two hundred and fifty vintage photographs have been carefully selected from the vast collection of the Milton Historical Society to create a dazzling portrait of the town in its heyday. Milton, once home to the Neponset Indians, became a small farming community with the arrival of European settlers. Over time, the town blossomed into an important industrial and cultural resource for Boston and all of the South Shore. The vibrant settlement, which used water power to create the country's first grist mill in 1634, later became home to the first pianoforte and bass viol manufacturers in the United States. Through the years, pleasure-seekers from near and far became attracted to Milton as well, building summer estates and fond memories in the Milton Hill, Canton Avenue, and Brush Hill Road areas. Walking tours of the town even today attract and delight both residents of Milton and visitors from out of town.

*Milton Records* Mass Milton,Peter Thacher,Hannah Vose,2023-07-18 This invaluable genealogical resource offers a comprehensive record of births, marriages, and deaths in Milton, Massachusetts, from 1662 to 1843. Drawing on a range of primary sources, including church registers, town records, and family Bibles, this volume provides a wealth of information for anyone seeking to trace their family history. A must-read for genealogists, historians, and anyone interested in local history. This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

*Voyage of Mercy* Stephen Puleo,2020-03-03 “Puleo has found a new way to tell the story with this well-researched and splendidly written chronicle of the Jamestown, its captain, and an Irish priest who ministered to the starving in Cork city...Puleo’s tale, despite the hardship to come, surely is a tribute to the better angels of America’s nature, and in that sense, it couldn’t be more timely.” –The Wall Street Journal The remarkable story of the mission that inspired a nation to donate massive relief to Ireland during the potato famine and began America's tradition of providing humanitarian aid around the world More than 5,000 ships left Ireland during the great potato famine in the late 1840s, transporting the starving and the destitute away from their stricken homeland. The first vessel to sail in the other direction, to help the millions unable to escape, was the USS Jamestown, a converted warship, which left Boston in March 1847 loaded with precious food for Ireland. In an unprecedented move by Congress, the warship had been placed in civilian hands, stripped of its guns, and committed to the peaceful delivery of food, clothing, and supplies in a mission that would launch America’s first full-blown humanitarian relief effort. Captain Robert Bennet Forbes and the crew of the USS Jamestown embarked on a voyage that began a massive eighteen-month demonstration of soaring goodwill against the backdrop of unfathomable despair—one nation’s struggle to survive, and another’s effort to provide a lifeline. The Jamestown mission captured hearts and minds on both sides of the Atlantic, of the wealthy and the hardscrabble poor, of poets and politicians. Forbes’ undertaking inspired a nationwide outpouring of relief that was unprecedented in size and scope, the first instance of an entire nation extending a hand to a foreign neighbor for purely humanitarian reasons. It showed the world that national generosity and brotherhood were not signs of weakness, but displays of quiet strength and moral certitude. In *Voyage of Mercy*, Stephen Puleo tells the incredible story of the famine, the Jamestown voyage, and the commitment of thousands of ordinary Americans to offer relief to Ireland, a groundswell that provided the collaborative blueprint for future relief efforts, and established the United States as the leader in international aid. The USS Jamestown’s heroic voyage showed how the ramifications of a single decision can be measured not in days, but in decades.

America’s Romance with the English Garden Thomas J. Mickey,2013-04-17 Named one of “the year’s best gardening books” by The Spectator (UK, Nov. 2014) The 1890s saw a revolution in advertising. Cheap paper, faster printing, rural mail delivery, railroad shipping, and chromolithography combined to pave the way for the first modern, mass-produced catalogs. The most prominent of these, reaching American households by the thousands, were seed and nursery catalogs with beautiful pictures of

middle-class homes surrounded by sprawling lawns, exotic plants, and the latest garden accessories—in other words, the quintessential English-style garden. America’s Romance with the English Garden is the story of tastemakers and homemakers, of savvy businessmen and a growing American middle class eager to buy their products. It’s also the story of the beginnings of the modern garden industry, which seduced the masses with its images and fixed the English garden in the mind of the American consumer. Seed and nursery catalogs delivered aspirational images to front doorsteps from California to Maine, and the English garden became the look of America.

**The Half-Orphan's Handbook** Joan F. Smith,2021-04-20 For fans of John Green and Emily X.R. Pan, The Half-Orphan's Handbook by Joan F. Smith is a coming-of-age story and an empathetic, authentic exploration of grief with a sharp sense of humor and a big heart. It’s been three months since Lila lost her father to suicide. Since then, she’s learned to protect herself from pain by following two unbreakable rules: 1. The only people who can truly hurt you are the ones you love. Therefore, love no one. 2. Stay away from liars. Liars are the worst. But when Lila’s mother sends her to a summer-long grief camp, it’s suddenly harder for Lila to follow these rules. Potential new friends and an unexpected crush threaten to drag her back into life for the first time since her dad’s death. On top of everything, there’s more about what happened that Lila doesn’t know, and facing the truth about her family will be the hardest part of learning how a broken heart can love again.
