Minesweeper (Special Forces, Book 2) Chris Lynch,2019-12-03 All the sizzle, chaos, noise and scariness of war is clay in the hands of ace storyteller Lynch. -- Kirkus Reviews for the World War II series Discover the secret missions behind America's greatest conflicts.Fergus Frew thought he knew what to expect when he signed up with the Navy's demolitions team. But as the Korean War rages on, Fergus and his fellow divers -- AKA frogmen -- are tasked with more than just scouting mudflats. Soon they're planting mines. And sabotaging tunnels, bridges... and even fishing nets. Strangest of all, it falls to Fergus to transport a spy into the country -- and that means traveling far from Navy-controlled waters.But frogmen are amphibious. And Fergus may not realize it, but he's in a position to change the way the whole world thinks about combat.National Book Award finalist Chris Lynch continues his explosive fiction series based on the real-life, top-secret history of US black ops and today's heroic Navy SEALs.

Barges to Battleships: Puget Sound Military Shipbuilding David Shirlaw,2020-04-10 Puget Sound was once one of the nation's leading military shipbuilders. During times of war, the builder's ranged from large corporations and public facilities right down to McNeil Island Federal Penitentiary. In

*Myra and the Minesweeper* P.F. Wells, 2012-12-19 Part One tells how a young Welsh student of working class origins joins the Royal Navy Volunteer Reserve as a Sub-Lieutenant in 1939 and learns the business of minesweeping, how to run a ship, take command of the men he is responsible for, face life and death situations and spit a curve to windward. He also has to cope with his emotional education as he falls under the spell of several very different women. His character develops against a background of hair-raising events and wild romantic encounters, not excluding plenty of good laughs. Part Two describes how he faces peace time with a new wife, and St Bernard dog, and emigrates in search of the perfect life first in Switzerland, then in Australia and New Zealand. It is a gripping well crafted yarn hard to put down, all narrated with a lot of humour.

Fighting the Great War at Sea Norman Friedman, 2014-10-22 The overriding image of the First World War is the bloody stalemate of the Western Front, but although much of the action did occur on land, the overall shape of the war \_ even the inevitability of British participation \_ arose out of its maritime character. It was essentially a struggle about access to worldwide resources, most clearly seen in the desperate German attempts to deal with the American industrial threat, which ultimately levered the United States into the war, and thus a consequence of British sea control.rn This radical new book concentrates on the way in which each side tried to use or deny the sea to the other, and in so doing it describes rapid wartime changes not only in ship and weapon technology but also in the way naval warfare was envisaged and fought. Combat produced many surprises: some, like the impact of the mine and torpedo, are familiar, but this book also brings to light many previously unexplored subjects, like creative new tactical practices and improved command and control.rn The contrast between expectation and reality had enormous consequences not only for the course of the war but also for the way navies developed afterwards. This book melds strategic, technical, and tactical aspects to reveal the First World War from a fresh perspective, but also demonstrates how its perceived lessons dominated the way navies prepared for the Second.

Seabee 71 in Chu Lai David H. Lyman, 2019-10-31 Hoping to stay out of Vietnam, David Lyman joined the U.S. Naval Reserve to avoid the draft. By summer 1967 he was with a SeaBee unit on a beach in Chu Lai. A reporter in civilian life, Lyman was assigned to Military Construction Battalion 71 as a photojournalist. He documented the lives of the hard-working and hard-drinking SeaBees as they engineered roads, runways, heliports and base camps for the troops. The author was shot at, almost blown up by a road mine, and spent nights in a mortar pit as rockets bombarded a nearby Marine runway. He rode on convoys through Viet Cong territory to photograph villages outside The Wire. The stories and photographs Lyman published as editor of the battalion's newspaper, The Transit, form the basis of this memoir.
