Wallpaper Zoë Hendon, 2018-09-20 We agonise and argue when choosing it; we admire, compliment and criticise it (or keep politely quiet about it); and the rest of the time we don't even notice it. Wallpaper has been the backdrop to our homes for hundreds of years. It can make a house feel cosy or trendy, modern or traditional, and it is one of the key elements of home décor through which to express personal taste. Despite the threat from plain-painted minimalism, wallpaper maintains a strong presence in modern domestic decoration. Zoë Hendon traces the history of wallpaper in Britain and its foremost designers, examining how social mobility and new technologies have influenced design trends. From early Chinoiserie, through William Morris and on to the 'feature wall', this book looks at wallpaper's surprisingly controversial place in shaping our sense of home.

Staged to Sell (or Keep) Jean Nayar, 2009-04 With the aftershocks of the recent mortgage crisis, anxiety about inflation and a volatile economy, many Americans are concerned about enhancing the value of their homes. Whether you plan to continue living in your home, are determined to sell immediately, or want to increase its resale value for years down the road, *Staged to Sell (or Keep)* will show you how to look at and transform your home. Chapters will address room by room ways to improve the value of your home through paint, surface upgrades, fabrics and soft touches, furnishings and accents, lighting, clutter control and artistic and architectural focal points. Clearly organized, filled with photos of inspiring rooms, and brimming with expert tips, this book will help readers recognize the strengths and weaknesses of their home, and show them how to bring out its best. The ideas presented here can be done in an hour, an afternoon or over several months, depending on your timeframe and your budget. Like some of the best things in life, many of these improvements cost very little or are even free!

Wallpaper Charlotte Abrahams,2009 Wallpaper has never been more desirable. Throughout their 300-year history, patterned paper wallcoverings have alternated wildly between being absolutely 'of the moment' or totally out of fashion. Recently, after more than a decade of blank white walls and minimalism, wallpaper has made a grand comeback - and its popularity shows no signs of abating. In this stunning book - the ultimate guide to wallpaper - Charlotte Abrahams gets to the heart of the exciting contemporary wallpaper scene. Dividing the book into the three main areas of design - pasted pictures, fabulous florals and architectural illusions - she starts each section with what is happening now, then traces the history back through the key moments, developments, designers and manufacturers to the origins of the style. New young designers and established manufacturers, funky new layered images and classic designs, the latest visual technology and hand-painted historical scenes - all are discussed and illustrated. Each section also explains how to use this type of wallpaper in a variety of ways and rooms to obtain different effects. Expert advice on working out colour schemes, mixing florals with geometrics, using large and small prints, zoning and other techniques is included. Each section ends with full-page photographs of the 48 best wallpapers in this area (a mix of

contemporary and classic). Over 200 wallpapers are included and every one is itemised in an illustrated source list giving details of design and manufacturer, with contact details, websites and where to purchase. All the wallpapers featured are available worldwide. Illustrated throughout with stunning wallpaper designs and beautiful rooms, this book really will be the ultimate guide to wallpaper.

How to Decorate Shannon Fricke, 2013-08-27 If you dream of decorating (or redecorating) your home but have no idea where to begin, this decorating workshop-in-a-book decodes an interior designer's thought process on creating a stylish home with vision and flow. The secret to those gorgeous interiors in the magazines lies not in the things that fill the rooms, but in the decorating story or point of view that the designer has applied to the space. With *How to Decorate*, learn how to create your own design concept and implement it with color, furniture, fabrics, lighting, accessorizing, and styling. This book also helps solve a decorator's biggest challenges, from working around a home's existing architecture and organizing a space, to mixing patterns and editing collections. Best of all, 150 color photographs and charming watercolor illustrations--and even a bookplate for personalizing this guide--provide inspiration that makes this book as useful as it is beautiful. Among the insider tips is information on: -Finding a dedicated space where you can organize paint samples, fabric swatches, and magazine clippings -Choosing a sofa wisely -Determining appropriate wall finishes and textures -Identifying what fabrics are right for you -Styling your decor to reinvigorate your space -Plus, the best suppliers for rugs, linens, accessories, and more Interior design should be about telling a personal story, and Shannon Fricke has nailed it on the head with *How to Decorate*. Her genius tips ring true for novice and

professional decorators alike, and her decorating workshop-in-a-book organization helps simplify what can be a very intimidating process. This book will empower and motivate you to tell your personal story through your home decor. Bravo, Shannon! --Jenny Komenda, designer and founder of Little Green Notebook

How to Decorate throws out stuffy notions of doing things the 'right' way and instead invites us to imagine our homes as playgrounds for authentic self-expression. Fricke promotes the idea of decorating at its best, as a means of creating surroundings that reflect who we really are and what we love . . . while having a blast in the process! --Camille Styles, event designer and editor of CamilleStyles.com

Shannon strikes the elusive balance between visual inspiration and practicable action. This is a book you'll both display and put to constant use. --Anne Sage, blogger and founder of The City Sage
