**The Sun-temple at Modhera** Wibke Lobo, 1982

**Surya** Rañjana Kumāra Siṃha, 2010-01-01 Most of us believe Konark to be the only sun temple. There are others for whom the sun temple in their vicinity is second only to the one at Konark. Yet, there are more than a hundred sun temples dotting the length and breadth of the country, while there are several others spanning the globe. It is surprising that most of the sun temples have fallen into oblivion, while the sun continues to be an object of reverence. The present book covers six of the sun temples in India, namely Konark (Orissa), Modhera (Gujrat), Katarma (Uttarakhand), Deo (Bihar), Arsavalli (Andhra Pradesh), Surya Pahar (Assam) and Wat Arun in Bangkok (Thailand). In addition, a chapter on the advent of sun worship with an introduction to the sun cult is also included. Each of these chapters begins with a verse from the Aditya Hridayam, duly translated by the author into English. The verses in the Aditya Hridayam are dedicated to the Surya and comprise the Ramayan written by Adikavi Valmiki. In the course of his research on the subject, the author traveled to various places, spending a week on average at each of these temple sites. This enabled him not only to capture the architectural beauty of these temples on camera, but also their essence that has been carried through the generations in the form of beliefs and faith. Most often he found that it is not the bricks and mortar, but the belief and faith that make the temple.

*Tartaria - Lemuria* David Ewing Jr,2021-07-11 Did Lemuria exist? Did advanced civilisations exist in the past? Where is the proof? Many people around the world believe that an ancient civilisation existed in the past and was known as Lemuria. Many people believe that Lemuria and Atlantis and Tartaria were advanced civilisations. If these civilisations were advanced, there must be evidence around the world to show this. This book will show the evidence that advanced civilisations did exist in the past Historians and their friends have wasted time showing crazy theories about advanced civilisations in the past. Many researchers believe that this was done deliberately to waste time and to make sure that the world does not find the truth

India will just be a mere geography without its religious and spiritual ethos combined with moral values and civilization. If Bharat is known for its spiritual accomplishments and philosophical roots, one has to gratefully acknowledge the role played by its hallowed places of worship, holy rivers and magnificent mountain ranges which have inspired people for thousands of years. In particular, temples contributed in no small measure to Bharat's spiritual enlightenment, serving as a beacon to the rest of humanity. Every temple in this holy land has a story to tell, a legend to elevate our spirits and is a sacred space for all of us to experience inner joy. One can find the contribution of so many saints and rishis who devoted their entire life to many places of worship. In olden days, temples served

as a great center for enriching all facets of human life—be it spiritual training or yoga; be it education; be it poetry and literature; be it fine arts and sculpture. There are thousands of fascinating temples, with great historical and spiritual backgrounds, spread all over the country. These temples can be divided into many groups, finding mention in innumerable scriptures. Which are they? Where are they located? This book is an attempt to collect and curate and tabulate information in brief which will certainly answer some of the queries a prospective yatri may have. All the information in the book was collated after personal visits to these places by author.
