Predicting Movie Success at the Box Office Barrie Gunter, 2018-02-20 This book explores the different factors that can influence a new movie's prospects at the box office. Looking at factors such as the production budget, distribution model, genre, stars and audience reactions of films, Gunter asks how such aspects may reduce the uncertainties of success so common in the movie industry. The reader is taken on a journey through filmmaking factors that, research suggests, impact box office performance. While box office revenues represent only part of a movie's earning potential, Gunter highlights how theatrical performances remain central to what the movie business is about. The chapters illustrate how ticket sales are largely influenced by the production budget but also cultural differences and new movie platforms.

Introduction to All Quiet on the Western Front (2022 film) Gilad James, PhD, The upcoming film *All Quiet on the Western Front* is set to be a new adaptation of Erich Maria Remarque's classic novel published in 1929. Directed by Edward Berger, the film will be produced by DreamWorks Pictures and will star Daniel Brühl, newcomer Felix Kammerer and Devid Striesow. Filming began in late 2021 and the release date is yet to be announced. The story follows a group of young German soldiers who enlist in World War I, filled with idealism and patriotism. However, as they face the brutal reality of trench warfare, they are forced to confront the devastating effects of the war on their physical and mental well-being, as well as their disillusionment with the patriotic propaganda that inspired them to enlist. The novel is considered a masterpiece of anti-war literature, and the film is expected to be a powerful portrayal of the human cost of conflict.

Think Outside the Box Office Jon Reiss, 2010-01-01 As the digital revolution has democratised film production, a new hybrid model of distribution is the way independent filmmakers can take control of their own distribution. This approach is not just DIY or Web-based - it combines the best techniques from each distribution arena, old and new. In *Think Outside the Box Office*, Reiss explains audience identification and targeting, negotiating split-rights agreements, the new role of film festivals and more.

The Negro Motorist Green Book Victor H. Green, The idea of *The Green Book* is to give the Motorist and Tourist a Guide not only of the Hotels and

Tourist Homes in all of the large cities, but other classifications that will be found useful wherever he may be. Also facts and information that the Negro Motorist can use and depend upon. There are thousands of places that the public doesn't know about and aren't listed. Perhaps you know of some? If so send in their names and addresses and the kind of business, so that we might pass it along to the rest of your fellow Motorists. You will find it handy on your travels, whether at home or in some other state, and is up to date. Each year we are compiling new lists as some of these places move, or go out of business and new business places are started giving added employment to members of our race.

Malorie Josh Malerman, 2020-07-21 In the "fast-paced, frightening" (The New York Times Book Review) sequel to *Bird Box*, the inspiration for the record-breaking Netflix film starring Sandra Bullock, bestselling author Josh Malerman brings unseen horrors to life. NOMINATED FOR THE BRAM STOKER AWARD . "Malorie is even more of a psychological thriller than *Bird Box*, and all the scarier for it."—The Wall Street Journal Twelve years after Malorie and her children rowed up the river to safety, a blindfold is still the only thing that stands between sanity and madness. One glimpse of the creatures that stalk the world will drive a person to unspeakable violence. There remains no explanation. No solution. All Malorie can do is survive—and impart her fierce will to do so on her children. Don't get lazy, she tells them. Don't take off your blindfold. AND DON'T LOOK. But then comes what feels like impossible news. And with it, the first time Malorie has allowed herself to hope. Someone very dear to her, someone she believed dead, may be alive. Malorie has already lost so much: her sister, a house full of people who meant everything, and any chance at an ordinary life. But getting her life back means returning to a world full of unknowable horrors—and risking the lives of her children again. Because the creatures are not the only thing Malorie fears: There are the people who claim to have caught and experimented on the creatures. Murmurings of monstrous inventions and dangerous new ideas. And rumors that the creatures themselves have changed into something even more frightening. Malorie has a harrowing choice to make: to live by the rules of survival that have served her so well, or to venture into the darkness and reach for hope once more.

The Experiences of Film Location Tourists Stefan Roesch, 2009 This book examines the on-site experiences of film-induced tourists at various film locations, including locations from *The Lord of the Rings*, *Star Wars* and *The Sound of Music*. The Art of Film Ian Christie, 2009 John Box had one of the most continuously productive design careers in British cinema, winning a record for Academy Awards and four BAFTAs. After learning his craft in the 1950s, he shot to fame with *Lawrence of Arabia* (1962). Directors from David Lean and Carol Reed to Norman Jewison and Michael Mann have valued his experience, as he brought 'a vocabulary of life' to bear on the new challenges posed by each film. Whether creating Chaina in Wales for *The Inn of the Sixth Happiness* (1958), revolutionary Russia in Spain for *Dr. Zhivago* (1965), or Dickensian London for *Oliver!* (1968), imagining the mythic past in *First Knight* (1995) or the future in *Rollerball* (1975). Box shaped screen worlds across five decades, helping to establish the traditions of British production design which continue today. His greatest wish was that his career should encourage others

by example. Based on interviews with John Box and the co-operation of some of his key collaborators, this lavishly colour-illustrated book focuses on solutions to design problems and provides a unique insight into the production designer's role in the collaborative business of filmmaking. -- Book Jacket.

Cold War Cosmopolitanism Christina Klein, 2020-01-21 South Korea in the 1950s was home to a burgeoning film culture, one of the many "Golden Age cinemas" that flourished in Asia during the postwar years. Cold War Cosmopolitanism offers a transnational cultural history of South Korean film style in this period, focusing on the works of Han Hyung-mo, director of the era's most glamorous and popular women's pictures, including the blockbuster *Madame Freedom* (1956). Christina Klein provides a unique approach to the study of film style, illuminating how Han's films took shape within a "free world" network of aesthetic and material ties created by the legacies of Japanese colonialism, the construction of US military bases, the waging of the cultural Cold War by the CIA, the forging of regional political alliances, and the import of popular cultures from around the world. Klein combines nuanced readings of Han's sophisticated style with careful attention to key issues of modernity—such as feminism, cosmopolitanism, and consumerism—in the first monograph devoted to this major Korean director. Forgotten British Film Philip Gillett, 2017-05-11 Some films are remembered long after they are released; others are soon forgotten, but do they deserve

oblivion? Are factors other than quality involved? This book exhumes some of the films released in Britain over the last seventy years from *Daybreak* (1948) to *16 Years of Alcohol* (2003), and considers the reasons for their neglect. As well as exploring the contributions of those involved in making the films, the book examines such issues as marketing and the response of critics and audiences. Films are grouped loosely into categories such as "B" films and television films. Some works were little seen when they were first released and have stayed that way; others were popular in their day, but have slipped into obscurity. In some cases, social change has overtaken them, making the attitudes or subjects they depict seem dated. Even being released as a DVD does not guarantee that a title will be rehabilitated. In addition, how significant is the American market? This book should appeal to lovers of British film, as well as to film studies students and everybody curious about the vagaries of success and failure in the arts.
