Handmade Music Factory Mike Orr, 2011-11-01 Hand-making musical instruments is part of a growing trend that even celebrities such as Jonny Depp and guitar legend Jack White are taking part in. It doesn't require a lot of money or an expertise in woodworking and electronics, all it takes is a little creativity. In *Handmade Music Factory*, handyman Mike Orr guides you through the construction of eight of the most unique and imaginative instruments found anywhere - from a one-string guitar made from a soup can, to a hubcap banjo, and a stand-up lap steel guitar made from a vintage ironing board. There are also directions for an amp that can be assembled using inexpensive parts from the local electronics store. There's no shortage of inspiration to draw upon in creating an arsenal of instruments that look good, sound great, and deliver some foot stompin' fun!

**Songs of the Factory** Marek Korczynski, 2015-02-06 In *Songs of the Factory*, Marek Korczynski examines the role that popular music plays in workers' culture on the factory floor. Reporting on his ethnographic fieldwork in a British factory that manufactures window blinds, Korczynski shows how workers make often-grueling assembly-line work tolerable by permeating their workday with pop music on the radio. The first ethnographic study of musical culture in an industrial workplace, *Songs of the Factory* draws on socio-musicology, cultural studies, and sociology of work, combining theoretical development, methodological innovation, and a vitality that brings the musical culture of the factory workers to life. Music, Korczynski argues, allows workers both to fulfill their social roles in a regimented industrial environment and to express a sense of resistance to this social order. The author highlights the extensive forms of informal collective resistance within this factory, and argues that the musically informed culture played a key role in sustaining these collective acts of resistance. As well as providing a rich picture of the musical culture and associated forms of resistance in the factory, Korczynski also puts forward new theoretical concepts that have currency in other workplaces and in other rationalized spheres of society.

**Up Front and Center** Jay Mazza, 2012-03-01 Explores the live music scene in New Orleans from the late 1970s through the 1990s, discussing various musicians, bands, and music clubs and describing the evolution of the New Orleans Jazz & Heritage Festival during this era.

*The Song Machine: Inside the Hit Factory* John Seabrook, 2015-10-05 An utterly satisfying examination of the business of popular music. -Nathaniel Rich, *The Atlantic* There's a reason today's ubiquitous pop hits are so hard to ignore—they're designed that way. *The Song Machine* goes behind the scenes to offer an insider's look at the global hit factories manufacturing the songs that have everyone hooked. Full of vivid, unexpected characters—alongside industry heavy-hitters like Katy Perry, Rihanna, Max Martin, and Ester Dean—this fascinating journey into the strange world of pop music reveals how a new approach to crafting smash hits is transforming marketing, technology, and even listeners' brains. You'll never think about music the same way again. *A Wall Street Journal Best Business Book*

**Dirt Dobber Blues** Cyril E. Vetter, 2011-03-21 Immensely talented and devastatingly self-destructive, singer/songwriter Charles Butch Hornsby lived hard and fast. One of the most versatile artists ever to emerge from South Louisiana, Hornsby touched and frustrated his friends in equal measure. *Dirt Dobber Blues*, a fictionalized account of Hornsby's life written by his close friend Cyril Vetter, provides the gritty but engrossing story of this man, his demons, and his art. Much like Hornsby's life, *Dirt Dobber Blues* consists of short, fast-paced segments. These vignettes juxtapose musical accomplishments and personal misadventures to paint the portrait of a truly

complex individual. His all-too-familiar vices -- sex, alcohol, and rock and roll -- and his capricious temperament affected his ability to find success in the music business. Vetter celebrates all that is Hornsby including his off-beat humor, frustrating narcissism, and profound creativity. In addition to Vetter's lively and captivating account of Butch's life, the book includes Hornsby's sheet music and a CD with fourteen of his songs. Photos of Butch and images of his found-object artwork by photographer Philip Gould are also included. Through the music, images, and text, Hornsby moves from the strawberry fields of Amite, Louisiana, to the bars of Baton Rouge and into the unforgiving arena of the recording industry. Along the way, Vetter provides glimpses into the musician's inspiration -- a tumultuous young love, a stint in Hollywood, his family's return to Louisiana -- and pieces together the arc of Hornsby's life, littered with poor decisions, crowned by artistic success, and concluding with the redemptive power of love.

*Talking New Orleans Music* Burt Feintuch, 2015-10-23 In New Orleans, music screams. It honks. It blats. It wails. It purrs. It messes with time. It messes with pitch. It messes with your feet. It messes with your head. One musician leads to another; traditions overlap, intertwine, nourish each other; and everyone seems to know everyone else. From traditional jazz through rhythm and blues and rock 'n' roll to sissy bounce, in second-line parades, from the streets to clubs and festivals, the music seems unending. In *Talking New Orleans Music*, author Burt Feintuch has pursued a decades-long fascination with the music of this singular city. Thinking about the devastation--not only material but also cultural--caused by the levees breaking in 2005, he began a series of conversations with master New Orleans musicians, talking about their lives, the cultural contexts of their music, their experiences during and after Katrina, and their city. Photographer Gary Samson joined him, adding a compelling visual dimension to the book. Here you will find intimate and revealing interviews with eleven of the city's most celebrated musicians and culture-bearers--Soul Queen Irma Thomas, Walter Wolfman Washington, Charmaine Neville, John Boutté, Dr. Michael White, Deacon John Moore, Cajun bandleader Bruce Daigrepoint, Zion Harmonizer Brazella Briscoe, producer Scott Billington, as well as Christie Jourdain and Janine Waters of the Original Pinettes, New Orleans's only all-woman brass band. Feintuch's interviews and Samson's sixty-five color photographs create a powerful portrait of an American place like no other and its worlds of music.

**Factory** Mick Middles, 2011-07-11 Factory Records' fame and fortune were based on two bands - Joy Division and New Order - and one personality - that of its director, Tony Wilson. At the height of the label's success in the late 1980s, it ran its own club, the legendary Hacienda, had a string of international hit records, and was admired and emulated around the world. But by the 1990s the story had changed. The back catalogue was sold off, top bands New Order and Happy Mondays were in disarray, and the Hacienda was shut down by the police. Critically acclaimed on its original publication in 1996, this book tells the complete story of Factory Records' spectacular history, from the label's birth in 1970s Manchester, through its '80s heyday and '90s demise. Now updated to include new material on the re-emergence of Joy Division, the death of Tony Wilson and the legacy of Factory Records, it draws on exclusive interviews with the major players to give a fascinating insight into the unique personalities and chaotic reality behind one of the UK's most influential and successful independent record labels.

**Piano Adventures, Sightreading Level 2b** Nancy Faber, Randall Faber, 2013-02 (Faber Piano Adventures ). Good sightreading skill is a powerful asset for the developing musician. Fun, lively characters instruct students and motivate sightreading with a spirit of adventure and fun.
