Singer-Songwriters Engelbert Thaler,2018-07-16 The times they are a-changing: Who would have expected Bob Dylan to receive the Nobel Prize for Literature as the first songwriter ever? And the British Bob Dylan, i.e. Donovan, stated: Wir haben die Poesie, die Philosophie und Literatur, wir haben Mythen und Legenden in das Musikbusiness gebracht. These are some of the reasons why this book is dedicated to the use of songwriters in English Language Teaching. As all edited volumes in the SELT (Studies in English Language Teaching) series, it follows a triple aim: 1.Linking TEFL with related academic disciplines, 2.Balancing TEFL research and classroom practice, 3.Combining theory, methodology and exemplary lessons. This triple aim is reflected in the three-part structure of this volume: Part A (Theory), Part B (Methodology), Part C (Classroom) with six concrete lesson plans.

Or are you a person who never played music as a child but you are now curious about trying? You're not alone. Many adults who used to play an instrument haven't touched it in years because either they can't find the time to practice, are afraid their skills are too rusty, or are unsure of what kind of group they could join. Hanging Tree Guitars Freeman Vines, Zoe Van Buren, Timothy Duffy, 2020-06 To meet Freeman Vines is to meet America itself. An artist, a luthier and a spiritual philosopher, Vines' life is a roadmap of the truths and contradictions of the American South. He remembers the hidden histories of the eastern North Carolina land on which his family has lived since enslavement. For over 50 years Vines has transformed materials culled from a forgotten landscape in his relentless pursuit of building a guitar capable of producing a singular tone that has haunted his dreams. From tobacco barns, mule troughs, and radio parts he has created hand-carved guitars, each instrument seasoned down to the grain by the echoes of its past life. In 2015 Vines befriends photographer Timothy Duffy and the two begin to document the guitars, setting off a mutual outpouring of the creative spirit. But when Vines acquires a mysterious stack of wood from the site of a lynching, Vines and Duffy find themselves each grappling with the spiritual unrest and the psychic toll of racial violence living in the very grain of America.

Music Teacher as Music Producer Clint Randles, 2022 Now is the most exciting time in the history of music to be a music teacher. Band, choir, and orchestra are ubiquitous. Music education has much to be thankful for. However, we should not be comfortable with the successes of our past, we must look ahead to what is just over the hill on our collective horizon. The rise of digital audio work environments and the proliferation of computer-based composition tools has made it relatively easy to record, mix, and master professional quality music on very small and portable devices. What used to be relegated only to music professionals can now be mastered by all musicians and teachers of music. That opens the door to possibilities that have not yet been given full consideration by our profession. Over half of what music teachers should be doing from now on is helping students make their own music like art teachers help students paint their own paintings and sketch their own drawings. Music education could look and feel quite a lot more like art class than it ever has in the past. We could make the creation of new musical products the focal point of our efforts in school music-classrooms centered on musical creativities--
