Predicting Movie Success at the Box Office

Barrie Gunter, 2018-02-20 This book explores the different factors that can influence a new movie's prospects at the box office. Looking at factors such as the production budget, distribution model, genre, stars and audience reactions of films, Gunter asks how such aspects may reduce the uncertainties of success so common in the movie industry. The reader is taken on a journey through filmmaking factors that, research suggests, impact box office performance. While box office revenues represent only part of a movie's earning potential, Gunter highlights how theatrical performances remain central to what the movie business is about. The chapters illustrate how ticket sales are largely influenced by the production budget but also cultural differences and new movie platforms.

Introduction to All Quiet on the Western Front (2022 film) Gilad James, PhD, The upcoming film All Quiet on the Western Front is set to be a new

adaptation of Erich Maria Remarque's classic novel published in 1929. Directed by Edward Berger, the film will be produced by DreamWorks Pictures and will star Daniel Brühl, newcomer Felix Kammerer and Devid Striesow. Filming began in late 2021 and the release date is yet to be announced. The story follows a group of young German soldiers who enlist in World War I, filled with idealism and patriotism. However, as they face the brutal reality of trench warfare, they are forced to confront the devastating effects of the war on their physical and mental well-being, as well as their disillusionment with the patriotic propaganda that inspired them to enlist. The novel is considered a masterpiece of anti-war literature, and the film is expected to be a powerful portrayal of the human cost of conflict.

Think Outside the Box Office Jon Reiss,2010-01-01 As the digital revolution has democratised film production, a new hybrid model of distribution is the way independent filmmakers can take control of their own distribution. This approach is not just DIY or Web-based - it combines the best techniques from each distribution arena, old and new. In *Think Outside the Box Office*, Reiss explains audience identification and targeting, negotiating split-rights agreements, the new role of film festivals and more.

Introduction to Pathaan (film) Gilad James, PhD, Introduction to Pathaan is a 2021 Indian action-

The film stars Shahid Kapoor in the lead role as a soldier-turned-gangster, who becomes a Robin Hood-like figure and fights against the corrupt system. It also features Vijay Sethupathi, Raashi Khanna, and newcomer Shriya Pilgaonkar in important roles. The film is set in the backdrop of the city of Mumbai and revolves around the story of Pathaan, played by Shahid Kapoor, who is a loyal soldier and a responsible son. However, circumstances and the corrupt system force him to take on the path of crime. Pathaan, who is feared by everyone, has a soft corner towards the underprivileged and decides to fight against the corrupt system and the powerful people who are responsible for their misery. The film promises to be an intriguing mix of action, drama, and emotions, and is eagerly awaited by Shahid Kapoor's fans and lovers of the genre.

The Negro Motorist Green Book Victor H. Green, The Negro Motorist Green Book was a groundbreaking guide that provided African American travelers with crucial information on safe places to stay, eat, and visit during the era of segregation in the United States. This essential resource, originally published from 1936 to 1966, offered a lifeline to black motorists navigating a deeply divided nation, helping them avoid the dangers and indignities of racism on the road. More than just a travel guide, The Negro Motorist Green Book stands as a powerful symbol of resilience and resistance in the face of oppression, offering a poignant glimpse into the challenges and triumphs

of the African American experience in the 20th century.

Malorie Josh Malerman, 2020-07-21 In the “fast-paced, frightening” (The New York Times Book Review) sequel to *Bird Box*, the inspiration for the record-breaking Netflix film starring Sandra Bullock, bestselling author Josh Malerman brings unseen horrors to life. **NOMINATED FOR THE BRAM STOKER AWARD** • “Malorie is even more of a psychological thriller than *Bird Box*, and all the scarier for it.”—The Wall Street Journal Twelve years after Malorie and her children rowed up the river to safety, a blindfold is still the only thing that stands between sanity and madness. One glimpse of the creatures that stalk the world will drive a person to unspeakable violence. There remains no explanation. No solution. All Malorie

can do is survive—and impart her fierce will to do so on her children. Don't get lazy, she tells them. Don't take off your blindfold. AND DON'T LOOK. But then comes what feels like impossible news. And with it, the first time Malorie has allowed herself to hope. Someone very dear to her, someone she believed dead, may be alive. Malorie has already lost so much: her sister, a house full of people who meant everything, and any chance at an ordinary life. But getting her life back means returning to a world full of unknowable horrors—and risking the lives of her children again. Because the creatures are not the only thing Malorie fears: There are the people who claim to have caught and experimented on the creatures. Murmurings of monstrous inventions and dangerous new ideas. And rumors that the creatures themselves have changed into something even more frightening. Malorie has a harrowing choice to make: to live by the rules of survival that have served her so well, or to venture into the darkness and reach for hope once more.

Cold War Cosmopolitanism Christina

Klein, 2020-01-21 South Korea in the 1950s was home to a burgeoning film culture, one of the many "Golden Age cinemas" that flourished in Asia during the postwar years. *Cold War Cosmopolitanism* offers a transnational cultural history of South Korean film style in this period, focusing on the works of Han Hyung-mo, director of the era's most glamorous and popular women's pictures, including the blockbuster *Madame Freedom* (1956). Christina Klein provides a unique approach to the study of film style, illuminating how Han's films took

shape within a “free world” network of aesthetic and material ties created by the legacies of Japanese colonialism, the construction of US military bases, the waging of the cultural Cold War by the CIA, the forging of regional political alliances, and the import of popular cultures from around the world. Klein combines nuanced readings of Han’s sophisticated style with careful attention to key issues of modernity—such as feminism, cosmopolitanism, and consumerism—in the first monograph devoted to this major Korean director. Forgotten British Film Philip Gillett, 2017-05-11

Some films are remembered long after they are released; others are soon forgotten, but do they deserve oblivion? Are factors other than quality involved? This book exhumes some of the films released in Britain over the last seventy years from Daybreak (1948) to 16 Years of Alcohol (2003), and considers the reasons for their neglect. As well as exploring the contributions of those involved in making the films, the book examines such issues as marketing and the response of critics and audiences. Films are grouped loosely into categories such as "B" films and television films. Some works were little seen when they were first released and have stayed that way; others were popular in their day, but have slipped into obscurity. In some cases, social change has overtaken them, making the attitudes or subjects they depict seem dated. Even being released as a DVD does not guarantee that a title will be rehabilitated. In addition, how significant is the American market? This book should appeal to lovers of British film, as well as to film studies students and everybody curious about the vagaries of success and failure in the arts.
