With sharp intelligence and humor, Chiang examines what it means to be alive in a world marked by uncertainty, but also by beauty and wonder. An award-winning collection from one of today's most lauded writers, *Stories of Your Life and Others* is a contemporary classic. Includes *Story Of Your Life*, the basis for the major motion picture *Arrival*, starring Amy Adams, Forest Whitaker, Jeremy Renner, and directed by Denis Villeneuve. “A swell movie adaptation always sends me to the source material, so *Arrival* had me pick up Ted Chiang's *Stories of Your Life and Others*: lean, relentless, and incandescent.” —Colson Whitehead, *GQ* Ted Chiang has long been known as one of the most powerful science fiction writers working today. Offering readers the dual delights of the very strange and the heartbreakingly familiar, *Arrival* presents characters who must confront sudden change. In *Story of Your Life*, which provides the basis for the film *Arrival*, alien lifeforms suddenly appear on Earth. When a linguist is brought in to help communicate with them and discern their intentions, her new knowledge of their language and its nonlinear structure allows her to see future events and all the joy and pain they may bring. In each story of this incredible collection, with sharp intelligence and humor, Ted Chiang examines what it means to be alive in a world marked by uncertainty, but also by wonder.

**The Trapper's Daughter** Gustave Aimard, 2021-05-18 *Trapper's Daughter: A Story of the Rocky Mountains* by Gustave Aimard is a novel. Excerpt: About three in the afternoon, a horseman, dressed in the Mexican costume, was galloping along the banks of a stream, an affluent of the Gila, whose capricious windings compelled him to make countless detours. This man, while constantly keeping his hand on his weapons, and watching for every event, urged his horse on by shouts and spur, as if anxious to reach his journey's end. The wind blew fiercely, the heat was oppressive, the grasshoppers uttered their discordant cries under the herbage that sheltered them; the birds slowly described wide circles in the air, uttering shrill notes at intervals: coppery clouds were incessantly passing athwart the sun, whose pale, sickly beams possessed no strength; in short, all presaged a terrible storm. The traveller seemed to notice nought of this; bowed over his horse's neck, with his eyes fixed ahead, he increased his speed, without noticing the heavy drops of rain that already fell, and the hoarse rolling of distant thunder which began to be heard.
