**Commons People** Tony Russell, 2015-04-28 What motivates our MPs? Who inspires them? What do they do to relax? What keeps them awake at night? What are their hopes and aspirations for the future? Commons People answers all of these questions and more, allowing the reader to get into the minds of our elected representatives, and reveals what's in their hearts and explores their concerns. The book shows us the personal side of the people whose decisions affect virtually every aspect of our lives, including Sir Peter Bottomley, Andy Burnham, Stephen Dorrell, Zac Goldsmith, Sadiq Khan, Nicky Morgan, David Cameron, Ed Miliband, Luciana Berger, Michael Dugher, Philip Davies and many more.

**Under My Thumb** Rhian Jones, Eli Davies, Tamar Shlaim, 2017-10-17 Women write about their experiences of loving music that doesn't love them back - a feminist 'guilty pleasures'.e - a kind of feminist guilty pleasures. In the majority of mainstream writing and discussions on music, women appear purely in relation to men as muses, groupies or fangirls, with our own experiences, ideas and arguments dismissed or ignored. But this hasn't stopped generations of women from loving, being moved by and critically appreciating music, even - and sometimes especially - when we feel we shouldn't. Under My Thumb: Songs that Hate Women and the Women Who Love Them is a study of misogyny in music through the eyes of women. It brings together stories from journalists, critics, musicians and fans about artists or songs we love (or used to love) despite their questionable or troubling gender politics, and looks at how these issues interact with race, class and sexuality. As much celebration as critique, this collection explores the joys, tensions, contradictions and complexities of women loving music - however that music may feel about them. Featuring: murder ballads, country, metal, hip hop, emo, indie, Phil Spector, David Bowie, Guns N' Roses, 2Pac, the Rolling Stones, Bob Dylan, AC/DC, Elvis Costello, Jarvis Cocker, Kanye West, Swans, Eminem, Jay-Z, Taylor Swift, Combichrist and many more.

**The Role of the Member of Parliament Since 1868** Michael Rush, 2001-09-20 This wide-ranging study, by one of the UK's leading scholars of British politics, presents a fascinating picture of the role of the MP during the last 150 years. The author examines the various roles of Members of Parliament since the middle of last century. Backbench MPs have three major roles-a partisan role, a constituency role, and a scrutiny role. They increasingly expect and are expected to support their parties; to help constituents with individual problems and look after their collective interests; and they are expected to keep a check on the government and its policies. These roles existed 150 years ago, but the balance between them has changed. The partisan role now dominates at Westminster, the constituency role has expanded beyond all recognition, and the scrutiny role is widely seen as the poor relation. Moreover, while constituency work has been virtually hived-off as a non-partisan role, the conflict between the partisan and the scrutiny role creates a dilemma at the heart of parliamentary government.

**Chasing My Cure** David Fajgenbaum, 2019-09-10 LOS ANGELES TIMES AND PUBLISHERS WEEKLY BESTSELLER • The powerful memoir of a young doctor and former college athlete diagnosed with a rare disease who spearheaded the search for a cure—and became a champion for a new approach to medical research. “A wonderful and moving chronicle of a doctor’s relentless pursuit, this book serves both patients and

physicians in demystifying the science that lies behind medicine.”—Siddhartha Mukherjee, New York Times bestselling author of *The Emperor of All Maladies* and *The Gene*

David Fajgenbaum, a former Georgetown quarterback, was nicknamed the Beast in medical school, where he was also known for his unmatched mental stamina. But things changed dramatically when he began suffering from inexplicable fatigue. In a matter of weeks, his organs were failing and he was read his last rites. Doctors were baffled by his condition, which they had yet to even diagnose. Floating in and out of consciousness, Fajgenbaum prayed for a second chance, the equivalent of a dramatic play to second the game into overtime. Miraculously, Fajgenbaum survived—only to endure repeated near-death relapses from what would eventually be identified as a form of Castleman disease, an extremely deadly and rare condition that acts like a cross between cancer and an autoimmune disorder. When he relapsed while on the only drug in development and realized that the medical community was unlikely to make progress in time to save his life, Fajgenbaum turned his desperate hope for a cure into concrete action: Between hospitalizations he studied his own charts and tested his own blood samples, looking for clues that could unlock a new treatment. With the help of family, friends, and mentors, he also reached out to other Castleman disease patients and physicians, and eventually came up with an ambitious plan to crowdsource the most promising research questions and recruit world-class researchers to tackle them. Instead of waiting for the scientific stars to align, he would attempt to align them himself. More than five years later and now married to his college sweetheart, Fajgenbaum has seen his hard work pay off: A treatment he identified has induced a tentative remission and his novel approach to collaborative scientific inquiry has become a blueprint for advancing rare disease research. His incredible story demonstrates the potency of hope, and what can happen when the forces of determination, love, family, faith, and serendipity collide. Praise for *Chasing My Cure* “A page-turning chronicle of living, nearly dying, and discovering what it really means to be invincible in hope.”—Angela Duckworth, #1 New York Times bestselling author of *Grit* “[A] remarkable memoir . . . Fajgenbaum writes lucidly and movingly . . . Fajgenbaum’s stirring account of his illness will inspire readers.”—Publishers Weekly

*A Pretoria Boy* Peter Hain, 2021-09-09 'A stalwart anti-racist and anti-apartheid campaigner.' Doreen (Baroness) Lawrence 'From fighting for Nelson Mandela's freedom to exposing his betrayal under Jacob Zuma, a 50 year story of constant campaigning.' Sir Trevor McDonald, broadcaster The powerful and timely story of Peter Hain's political life fighting South African apartheid and modern-day corruption. Peter Hain has had a dramatic 50-year political career, in Britain and his native South Africa. This is the story of that extraordinary journey, from Pretoria to the House of Lords. Hain vividly describes his anti-apartheid parents' arrest and harassment in the early 1960s, the hanging of a close white family friend, and enforced London exile in 1966. After organising militant anti-Springbok demonstrations he became 'Public Enemy Number One' in the South African media. Narrowly escaping jail for disrupting all-white South African sports tours, he was framed for bank robbery and nearly assassinated by a bomb. He used British parliamentary privilege to expose looting and money laundering in President Jacob Zuma's administration, informed by his government 'deep throat', and likely influenced Zuma's resignation. Hain ends by exhorting South Africa to reincarnate Nelson Mandela's vision and integrity for the future. Praise for *A Pretoria Boy*: 'Peter's gripping story and his passionate activism resonates with me over our common (African) childhood and exile in Britain.' Natasha Kaplinsky, broadcaster 'A tour de force over an extraordinary half century of campaigning for justice.' Helen Clark, former New Zealand Prime Minister and United Nations Development Chief 'Talk about courage and chutzpah - this young 'un helped topple apartheid!' Ronnie Kasrils, former ANC underground chief and Minister

Power and Global Sport Joseph Maguire, 2007-05-07 Sport has changed. Traditions and territorial distinctions are dissolving as a result of new global, political, economic and cultural conditions. The team of authors examine these changes, investigating the power relations that govern the new global sport and assessing the consequences for the future of sport. The book is founded on a series of case studies, linked by a common process-sociological approach, and is divided into four sections - each dealing with an important aspect of sport and globalization: \* the local-global nexus - how global sports processes are played out at the level of local communities \* lived experiences - the reality of global sport for players and supporters \* identity politics - the impact of global sport on national consciousness \* sporting futures - the emergent political, economic and cultural forces that are shaping global sport, and their implications for its development. The text introduces new approaches to the study of sport and globalization, updating and extending Maguire's previous work, and is therefore an essential resource for all those working in this fast-changing area.

Remembering Margaret Thatcher John Blundell, 2013 Lady Thatcher's outstanding accomplishments, the debates she sparked, and her inimitable character, personality and style are captured in this collection of Parliamentary tributes and international comments, with a Foreword and Biographical Sketch by long-time advisor and friend John Blundell and an Introduction by The Rt Hon David Davis MP. These pages provide first-person observations and anecdotes describing vividly the policies of Margaret Thatcher, her life, and her legacy.

**Managing Drugs in Sport** Jason Mazanov,2016-10-04 As ongoing high-profile drug scandals have demonstrated, sports organisations rarely have a coherent strategy to manage the role and relationship their sport has with different types of drugs (from alcohol to supplements to prescription drugs to doping). This important and timely book argues that drug control-led integrity management of sport is more than an ideological battle around doping. The relationship sport has with the drugs industry has become a much broader management problem. The breadth of the problem compels stakeholders in sport (including athletes, coaches, fans, public servants and sports managers) to understand better the issues in pursuit of effective strategies and responses. Drawing on cutting-edge management theory, this book explores the dilemma of drugs in sport. It introduces the policy and business contexts that have shaped responses to this issue and examines its significance to sport and integrity management, including human resource management, marketing, and risk management. It discusses practical management concerns, such as working with scientists and anti-doping organisations, and offers clear recommendations for the future management of sports integrity. The first book to offer a complete framework for a drugs management strategy for sport, *Managing Drugs in Sport* is essential reading for all advanced students, researchers and practitioners working in sport management, sport business, sport policy, sport governance and business ethics.
