Bobel,Inga T. Winkler,Breanne Fahs,Katie Ann Hasson,Elizabeth
Arveda Kissling,Tomi-Ann Roberts,2020-07-24 This open access

handbook, the first of its kind, provides a comprehensive and carefully curated multidisciplinary and genre-spanning view of the state of the field of Critical Menstruation Studies, opening up new directions in research and advocacy. It is animated by the central question: “what new lines of inquiry are possible when we center our attention on menstrual health and politics across the life course?” The chapters—diverse in content, form and perspective—establish Critical Menstruation Studies as a potent lens that reveals, complicates and unpacks inequalities across biological, social, cultural and historical dimensions. This handbook is an unmatched resource for researchers, policy makers, practitioners, and activists new to and already familiar with the field as it rapidly develops and expands.

Karen Gravelle and her fifteen-year-old niece, Jennifer Gravelle, have written a down-to-earth and practical book that answers any questions you might have about your period, from what it is and what it feels like, to how to choose pads and tampons, to how to talk to your parents about it. *The Period Book* will help guide you through all the physical, emotional, and social changes that come with your period, as well as related issues like dealing with pimples, mood

swings, and new expectations from friends and family. Debbie Palen's funny and sympathetic cartoons ease the confusion and exasperation you might feel, and celebrate the new sense of power and maturity that your period can bring.
