

My Personal Diary Pro

Felix M. Whitehurst

The New Diary Tristine Rainer, 1979-07-01 The New Diary is about a completely modern concept of journal writing. It has little to do with the rigid daily calendar diary you may have kept as a child or the factual travelogue you wrote to recall the Grand Canyon. Instead, it is a tool for tapping the full power of your inner resources. The New Diary is as much for those who already keep a journal as it is for those who have never kept one. It does not tell you the right way to keep a diary; rather, it offers numerous possibilities for using the diary to achieve your own purposes. It is a place for you to clarify goals, visualize the future, and focus your energies; a means of freeing your intuition and imagination; a workbook for exploring your dreams, your past, and your present life. It is for everyone seeking concrete methods for dealing with personal problems. It is for women and men interested in achieving self-reliance and inner liberation, for artists and writers seeking new techniques for overcoming blocks to creativity.

On Diary Philippe Lejeune, 2009-04-30 On Diary is the second collection in English of the groundbreaking and profoundly influential work of one of the best-known and provocative theorists of autobiography and diary. Ranging from the diary's historical origins to its pervasive presence on the Internet, from the spiritual journey of the sixteenth century to the diary of Anne Frank, and from the materials and methods of diary writing to the question of how diaries end, these essays display Philippe Lejeune's expertise, eloquence, passion, and humor as a commentator on the functions, practices, and significance of keeping or reading a diary. Lejeune is a leading European critic and theorist of diary and autobiography. His landmark essay, *The Autobiographical Pact*, has shaped life writing studies for more than thirty years, and his many books and essays have repeatedly opened up new vistas for scholarship. As Michael Riffaterre notes, Lejeune's work on autobiography is the most original, powerful,

effective approach to a difficult subject. . . . His style is very personal, lively. It grabs the reader as scholarship rarely does. Lejeune's erudition and methodology are impeccable. Two substantial introductory essays by Jeremy Popkin and Julie Rak place Lejeune's work within its critical and theoretical traditions and comment on his central importance within the fields of life writing, literary genetic studies, and cultural studies.

The Oxford Handbook of Vatican II Catherine E.

Clifford, Massimo Faggioli, 2023-01-19 The Oxford Handbook of Vatican II is a rich source of information and reflections on many aspects of the Second Vatican Council (1962-1965), one of the most significant religious events of the twentieth century. The chapters introduce readers to the historical context and outstanding features of the conciliar event, and its principal teachings on Scripture and Tradition, the church, liturgy, religious liberty, ecumenism, interreligious dialogue, church-world relations, and mission. Consideration is given to some neglected aspects of the council, including: the forgotten papal speeches that lay out its fundamental orientation and ought to guide its interpretation; the presence and contributions of women; and the non-reception of the council among Catholic traditionalists. Ecumenical scholars reflect on the significance of Vatican II for the life of other Christian churches and the search for Christian unity; others examine Catholic dialogue with other religious traditions. Surveying the diverse receptions of the council in the perspective of a world church, chapters focusing on Asia, Africa, Latin America, North America, Oceania, and Europe reflect on the interpretation and influence of the council and its teaching on the life of the church in diverse cultural contexts. This Handbook will serve as a valuable guide to one of the most important events and bodies of Catholic teaching since the Protestant Reformation and the Council of Trent in the sixteenth century, to the interpretation of the council's teaching, and to its continuing role in guiding the life of the church in the twenty-first

century. .

My private diary during the siege of Paris Felix M. Whitehurst, 1875

The Diary of a Professional Experienter Eric Morris, 2011-05-06 The Diary of a Professional Experienter is the sixth in a series of books written by Eric Morris. Unlike his other books, this is a very personal account of his frustrations and struggles as he strives to discover how the actor creates reality on the stage or in film. Though the style is autobiographical, this is, nevertheless, a book about acting. It details the specific discoveries and breakthroughs in the evolution of what Morris believes is the most complete acting system to date. The old adage, Necessity is the mother of invention, truly describes his drive to discover, explore, and experiment with incredible techniques for liberating the actor so that acting goes beyond the conventional into the experiential. The book also chronicles Morris' encounters with many famous teachers, actors, directors,

producers, and writers, as well as not-so-famous people, who influenced, challenged, and inspired him on his journey. It starts with Morris' early childhood and growing-up years in Chicago and goes on to describe the trials and tribulations of pursuing a career in Hollywood, as well as the fulfillment that comes from creating a truly life-changing approach to living and acting.

The New Digital Storytelling Bryan Alexander, 2017-07-20

Newly revised and updated, this is the essential guide to state-of-the-art digital storytelling for audiences, creators, and teachers. Written for everyone interested in the communication potential of digital media, including educators, marketers, communication professionals, and community activists, this is the ultimate guide to harnessing technology for storytelling. No other book covers the digital storytelling movement as thoroughly as this updated second edition of a popular work, nor does any incorporate as many technologies, from video to augmented reality, mobile devices to virtual reality. The book combines history, analysis, and practical guidance about digital storytelling. It begins with a history that encompasses an exploration of storytelling itself, as well as a description of narratives using digital tools from the 1980s through 2000. From there, the author dives into modern digital storytelling, offering analysis and guidance regarding the use of digital video, podcasting, social media, gaming, mobile devices, and virtual and augmented reality. The work concludes with practical advice about how to create and share digital stories using the most current tools so even the new would-be storyteller can create their first digital narrative. Of course, the second edition is updated to take into account the many ways the field has advanced since the original book appeared. With many new examples of digital stories, this edition's evidence base is current and fresh. New or transformed technologies are also addressed, including virtual reality; mobile devices that have become mainstream tools for creating, sharing, and experiencing digital stories; and the wide variety of new storytelling apps and services.

Dunkirk Hugh Sebag-Montefiore, 2007-05-31 * * * Special 75th Anniversary Edition * * * Hugh Sebag-Montefiore's *Dunkirk: Fight to the Last Man* tells the story of the rescue in May 1940 of British soldiers fleeing capture and defeat by the Nazis at Dunkirk. Dunkirk was not just about what happened at sea and on

the beaches. The evacuation would never have succeeded had it not been for the tenacity of the British soldiers who stayed behind to ensure they got away. Men like Sergeant Major Gus Jennings who died smothering a German stick bomb in the church at Esquelbecq in an effort to save his comrades, and Captain Marcus Ervine-Andrews VC who single-handedly held back a German attack on the Dunkirk perimeter thereby allowing the British line to form up behind him. Told to stand and fight to the last man, these brave few battalions fought in whatever manner they could to buy precious time for the evacuation. Outnumbered and outgunned, they launched spectacular and heroic attacks time and again, despite ferocious fighting and the knowledge that for many only capture or death would end their struggle. 'A searing story . . . both meticulous military history and a deeply moving testimony to the extraordinary personal bravery of individual soldiers' Tim Gardam, *The Times* 'Sebag-Montefiore tells [the story] with gusto, a remarkable attention to detail and an inexhaustible appetite for tracking down the evidence' Richard Ovary, *Telegraph* Hugh Sebag-Montefiore was a barrister before becoming a journalist and then an author. He wrote the best-selling *Enigma: The Battle for the Code*. One of his ancestors was evacuated from Dunkirk.

The World War I Diary of José de la Luz Sáenz J. Luz Sáenz, 2014-02-18 "I am home, safe and sound, and reviewing all these memories as if in a dream. All of this pleases me. I have been faithful to my duty." Thus José de la Luz Sáenz ends his account of his military service in France and Germany in 1918. Published in Spanish in 1933, his annotated book of diary entries and letters recounts not only his own war experiences but also those of his fellow Mexican Americans. A skilled and dedicated teacher in South Texas before and after the war, Sáenz's patriotism, his keen observation of the discrimination he and his friends faced both at home and in the field, and his unwavering dedication to the cause of equality have for years made this book a valuable resource for scholars, though only ten copies are known to exist and it has never before been available in English. Equally clear in these pages are the astute reflections and fierce pride that spurred Sáenz and others to pursue the postwar organization of the League of United Latin American Citizens (LULAC). This English edition of one of only two known war diaries of a Mexican American in the Great War is translated with

an introduction and annotation by noted Mexican American historian Emilio Zamora.
