Misadventures of RPG Dice Douglas Van Dyke, Jr., 2021-08-09

A common mistake by Role-Playing Gamers is thinking that the purpose of the game is to level up, gain treasure, and build up your character. I say NAY! So what is the REAL reason to play a good RPG? The goal involves the time spent building friendships, sharing laughs, working as a team, and laughing or crying over confusing situations. The value of the game is the time spent with your friends. And so, I bid you welcome as I share with you these tales of misadventure from my years rolling dice in tabletop games. This story collection involves real gaming events which happened once-upon-a-time in strange lands. Feast your eyes on the following examples: Learn about how ingenious players used a door to defeat multiple temple traps. Witness party paranoia at The Bridge of Something's Going to Happen. Enjoy how a gnome's crying fit impressed a dwarven god. Cringe as a level 1 Lawful-Good wizard decides to rob a peasant's house. Step through numerous stories of unique traps, and whether or not they backfired. Hear about a wizardess that continued fighting while paralyzed and unable to speak. Laugh over the short-lived career of the Centaur Spellcaster. Enjoy the hilarity when Everyone is John. I include sprinkles of cursed items, separated parties, friendly fire, memorable character deaths, player-vs-player, and epic fails. These 39 tales from great moments at the gaming table will give you and your fellow gamers lots of laughs, and maybe a few campaign ideas.

Loaded Dice Aron Christensen, Erica Lindquist, 2019-12-16

I've been running role-playing games for thirty years, but am relatively new to playing them. Erica's rolled up dozens of characters, but has only a few Storytelling experiences under her belt. Together, we've written a blog about what we learned, the challenges we have to overcome, and all the solutions we've come up with to keep an RPG campaign going - The RPGuide. This is a collection of our best and favorite articles from the first year and

a half year of RPGuide posts. We've got advice for handling players, building NPCs, and we debate rules and play styles. If you're an old hand at role-playing, maybe you'll find a new trick to put up your sleeve, or a fresh way of looking at gaming. And if you're new to RPGs, then you're welcome to learn from our mistakes and take advantage of our experience. You've probably read *My Guide to RPG Storytelling*, the *Companion*, or maybe *From Dream to Dice*, and that's what brought you around to this little collection. But if this is your first RPGuidebook, welcome! Don't worry, you don't need to read any of the others first - *Loaded Dice* can be used on its own. We'll even begin with a "What the heck is a table-top role-playing game?" chapter. So let's play!

Myfarog Varg Vikernes, 2019-07-24 MYFAROG (Mythic Fantasy Role-playing Game) (3rd edition) is a fantasy role-playing game, with a setting based on European mythology, religion and fairy tales. The rules are very modular, meaning you can play the game rules light or rules heavy, as you please. The rules are designed to make sense, and to give the players the ability to immerse themselves in Thulê; a highly credible fantasy world similar to Middle-earth and the European Classical Antiquity (some places touching into the Viking Age or the Bronze Age), but yet different. In Thulê, sorcery and the ancient deities are real, and the world is inhabited by not only humans, but also elves, nymphs, dwarves, orcs, gnomes, halflings, ettins and trolls, as well as other creatures. This art-minimalistic 221 page core rule-book (with black-and-white interior) is an all-in-one rule-book, so it contains all the information you need to play the game (and to make your own adventures and campaigns) indefinitely. A digital high resolution map of Thulê can be found here:

www.myfarog.org. Because the setting is based on real world locations (Lofoten and Vesterålen in Northern Norway) you can also use online map services, to get highly detailed and realistic maps of the world of Thulê, in any scale you want. NB! You need a

set of polyhedral dice to play the game.

From Dream To Dice Aron Christensen, 2018-12-18 I've written two other books (so far) on my tricks and tools for running table-top role-playing games. But now it's time to put those tools to the test - making an actual RPG campaign. Right here, right now, on the page. So let's do this! I'll start with the seed of a story idea, go through world-building and character creation, then expanding that basic plot out into scenes, combats and crises. This is an up-close, behind the scenes look at how I make a game. Then I'll run the campaign for my group. The second half of this book details what went right, what went wrong, how I kept the game moving and my friends entertained. From the dream that inspired me to the dice hitting the table, this is how I run an RPG.

Loaded Dice 4 Aron Christensen, Erica Lindquist, 2022-08-01 After four years of writing for The RPGuide, we've talked a lot about running and playing role-playing games. Thank you for listening for all these years! This is a collection of our best and favorite articles from the fourth year of RPGuide posts. Whether you're new to role-playing games or have been gaming for years, come learn from our mistakes and take advantage of our experience. We recommend reading at least the first Loaded Dice, but also consider My Guide to RPG Storytelling, My Storytelling Guide Companion, or From Dream to Dice. You don't need to read them, but it might help.

OSR Solo Peter Rudin-Burgess, 2021-02-23 OSR Solo rules
These rules are intended to allow you to play an OSR, in this case meaning OD&D, B/X style games, without a Dungeon Master. game you will get using these rules will be a sandbox-style adventure, you will not need to do any Dungeon Master [DM] style preparation although having a few stock NPCs or appropriate levels would be helpful. No DM? The normal cycle of play is that the DM describes the scene and asks what do you do? The players describe their actions. The DM describes the effects of those actions and the cycle repeats. In solo play there is just the single character and no DM. You start by imagining your character in the game setting and play them through all the social interactions, all the NPCs and events that would normally come up. At some point you will reach a point where you would normally ask your DM for more information. Are there any guards? Are there any ways out? What can you hear? At this point the solo rules come into play. You pitch your question in a Yes/No format. The solo rules will then return an answer to your question much like a Magic 8 Ball toy. It is then down to you and your improv. skills to decide what does this answer mean right now? Often the first thing that comes into your head is the answer to go with. If you just got yes and no answers things would get boring quite quickly. These rules are designed to throw up twists and turns into your character's story. is a perfect way to learn a new game, test your first adventures and going beyond just making characters when you are first getting to know the rules
