My Day with Gong Gong Sennah Yee,2020-09-08 A day in Chinatown takes an unexpected turn when a bored little girl makes a connection with her grandpa. May isn't having fun on her trip through Chinatown with her grandfather. Gong Gong doesn't speak much English, and May can't understand Chinese. She's hungry, and bored with Gong Gong's errands. Plus, it seems like Gong Gong's friends are making fun of her! But just when May can't take any more, Gong Gong surprises her with a gift that reveals he's been paying more attention than she thought. With lighthearted, expressive illustrations by Elaine Chen, this charming debut expertly captures life in the city and shows how small, shared moments of patience and care—and a dumpling or two—can help a child and grandparent bridge the generational and cultural gaps between them. A glossary at the end of the book features translations of the Chinese words from the story into Chinese characters and English. *A Junior Library Guild Gold Standard Selection

Mapping My Day Julie Dillemath,2021-03-22 Follow Flora and her zany family as she takes us through her day with a series of vibrant and interactive maps. In our current GPS-ruled world, map-reading is something of a dying art. But learning to read, understand, and draw maps is a fun and active way for children to develop spatial thinking skills— how we think about and understand the world around us and use concepts of space for problem solving. Early exposure to maps concepts can help foster this type of cognitive development in children and boost their math and science learning as they progress through school. Each hand-drawn, kid-friendly map highlights key map concepts in the context of a story or puzzle. Figure out which route to school is the fastest, how to find Flora's

buried treasure, and even how to complete a dog agility course! Includes a Note to Parents, Caregivers, and Professionals with more information about maps and spatial concepts, as well as questions, games, and activities designed to encourage children to map their own days!

My Day with the Panyé Tami Charles, 2021-03-16 A young girl in Haiti is eager to learn how to carry a basket to market in an exuberant picture book with universal appeal. "To carry the panyé, we move gracefully, even under the weight of the sun and the moon." In the hills above Port-au-Prince, a young girl named Fallon wants more than anything to carry a large woven basket to the market, just like her Manman. As she watches her mother wrap her hair in a mouchwa, Fallon tries to twist her own braids into a scarf and balance the empty panyé atop her head, but realizes it's much harder than she thought. BOOM! Is she ready after all? Lyrical and inspiring, with vibrant illustrations highlighting the beauty of Haiti, My Day with the Panyé is a story of family legacy, cultural tradition, and hope for the future. Readers who are curious about the art of carrying a panyé will find more about this ancient and global practice in an author's note at the end.

Make My Day J. Hoberman, 2019-07-02 Named a Best Book of the Year by Financial Times Singular, stylish and slightly intoxicating in its scope. —Rolling Stone Acclaimed media critic J. Hoberman's masterful and majestic exploration of the Reagan years as seen through the unforgettable movies of the era The third book in a brilliant and ambitious trilogy, celebrated cultural and film critic J. Hoberman's Make My Day is a major new work of film and pop culture history. In it he chronicles the Reagan years, from the waning days of the Watergate scandal when disaster films like *Earthquake* ruled the box office to the nostalgia of feel-good movies like *Rocky* and *Star Wars*,

and the delirium of the 1984 presidential campaign and beyond. Bookended by the Bicentennial celebrations and the Iran-Contra affair, the period of Reagan's ascendancy brought such movie events as *Jaws*, *Apocalypse Now*, *Blade Runner*, *Ghostbusters*, *Blue Velvet*, and *Back to the Future*, as well as the birth of MTV, the Strategic Defense Initiative, and the Second Cold War. An exploration of the synergy between American politics and popular culture, *Make My Day* is the concluding volume of Hoberman's *Found Illusions* trilogy; the first volume, *The Dream Life*, was described by Slate's David Edelstein as one of the most vital cultural histories I've ever read; *Film Comment* called the second, *An Army of Phantoms*, utterly compulsive reading. Reagan, a supporting player in Hoberman's previous volumes, here takes center stage as the peer of Indiana Jones and John Rambo, the embodiment of a Hollywood that, even then, no longer existed.

Not My Idea Anastasia Higginbotham, 2018-09 People of color are eager for white people to deal with their racial ignorance. White people are desperate for an affirmative role in racial justice. *Not My Idea: A Book About Whiteness* helps with conversations the nation is, just now, finally starting to have.

The Incident Report: Fired On My Day Off For Stealing Time Willie HavMmeri, 2022-12-17 An African American Male attempted to have an investigation opened up into his Department's shady practices. He followed chain of command and sent a formal complaint to his

immediate supervisor. He asked that NO ONE in the work environment be punished at the end of the investigation and that EVERYONE receive additional training. Instead of his claims being investigated by the company, the African American Male was removed from the workplace with such speed that the company couldn't even get the facts straight as to why he was being fired. Till this day, no one can even explain why this African American Male, being the only such person of his distinction in his immediate work environment and with an exemplary record before termination, was investigated in the first place. I mean DAYYUM... WHAT THE HELL WAS THIS GRIEVANCE!?

The Diary of Samuel Pepys ... Samuel Pepys, 1926

Reigns of Utopia Elsie Swain, 2020-09-14 In 2154, it has been over a century since the history of Homo sapiens was re-written due to an illegal scientific organization known as The Cult. They broke all the rules to experiment

on humans and create genetically enhanced anthromorphs, mixing animal and human gene traits to create a superior race. Naïve and isolated, Kate Parker believes the solution to dealing with her problems is ignorance. Growing up as the only child of two A-list Hollywood stars, limelight has always enveloped her like a glorified prison cell, so she finds solace in self-made solitude while coping with her mother's death. When she begins college, she meets bianthromorph James Taylor, and their bond redefines the course of Homo sapiens history. When The Cult targets Kate to assist in their dark objective, she must turn from ignorance into full knowledge of a world erupting in chaos where issues of right and wrong are no longer clear. James has always been isolated due to his differences; Kate once chose to isolate herself. Now, they enter the fray in order to preserve what's left of humanity and stop an evil super power.
