**Country Music Records** Tony Russell,Bob Pinson,2004-10-07 More than twenty years in the making, Country Music Records documents all country music recording sessions from 1921 through 1942. With primary research based on files and session logs from record companies, interviews with surviving musicians, as well as the 200,000 recordings archived at the Country Music Hall of Fame and Museum's Frist Library and Archives, this notable work is the first compendium to accurately report the key details behind all the recording sessions of country music during the pre-World War II era. This discography documents--in alphabetical order by artist--every commercial country music recording, including unreleased sides, and indicates, as completely as possible, the musicians playing at every session, as well as instrumentation. This massive undertaking encompasses 2,500 artists, 5,000 session musicians, and 10,000 songs. Summary histories of each key record company are also provided, along with a bibliography. The discography includes indexes to all song titles and musicians listed.

**Religion and Politics in Interwar Yugoslavia** Maria Falina,2023-01-26

Religion and Politics in Interwar Yugoslavia explores the interaction between religion, nationalism, and political modernity in the first half of the 20th century, taking the case of the Serbian Orthodox Church as an example. This book historicizes the widely held assumption that the bond between religion and nationalism in the Balkans is a natural one or that this bond has been historically inevitable. It tells a complex story of how East Orthodox Christianity came to be at the core of one version of Serbian nationalism by bringing together the themes of religion, nationalism, politics, state-building, secularization, and modernity. Maria Falina reconstructs how the ideological fusion between Serbian nationalism and East Orthodox Christianity was forged. The analysis emphasizes ideas and ideologies through a close reading of public discourses and historical narratives while paying attention to individual actors and their personal histories. The book argues that the particular political vision of the Serbian Orthodox Church emerged in reaction to and in interaction with the challenges posed by political modernity that were not unique to Yugoslavia. These included establishing the modern multinational and multi-religious state, the fear of secularization, and the rise of communism and fascism. Religion and Politics in Interwar Yugoslavia makes an important contribution to understanding the history of interwar Yugoslavia, 20th-century Europe, and the ties between religion and

nationalism.
