Classic Cliffhangers: Volume 1 1914-1940 Hank Davis, 2018 From The Perils of Pauline in the silent movie days to The Mysterious Dr. Satan and other 1940s wartime shorts, serials enchanted movie fans. The innocence, energy and undeniable skill that permeated every reel of these chapter plays is a tribute to the true pioneers of gorilla filmmaking make 'em fast, make 'em as good as possible with as little as possible, and make 'em fun. The best serials are classic examples of early American low-budget filmmaking. Bad serials are silly and stilted, but always charming and sometimes bizarre. At the very least, they offer a window into a welcome time and place where the good guys always win, the kid saves the day, and the hero gets the girl. Introduction by Adrian Booth. 305 pages. Illustrated with nearly a hundred rare scene stills, lobby cards, and posters.

Born in Baghdad Heskell M. Haddad, 2004 In Baghdad, Iraq, in 1939, nine-year-old Heskell Haddad, then the most fervent of Iraqi nationalists, first heard a fellow Iraqi call him lousy Jew. Iraq, which for centuries was called Babylon, housed the world's oldest continuing Jewish community, largely concentrated in the capital city of Baghdad. By the late 1930's spurred by pro-Nazi elements, the Arab community had become increasingly anti-Semitic. On the eve of the holy day of Shavuot, small roving bands of M'silmin killed 900 Jews in Baghdad, among them Heskell Haddad's cousin, his closest friend, who had been stabbed in the back and left to die in slow agony. Heskell Haddad swore the solemn oath to avenge his cousin, and began to organize an underground movement to protect his fellow Jews from further slaughter. As conditions worsened in Iraq, more and more Jews dreamed of escaping to Israel, but attempts to flee through Syria and Trans-Jordan meant death in

the desert or at the hands of the Bedouin. The only way out was into neighboring Persia, now called Iran. Between 1948 and 1950, the Underground led 20,000 Jews to safety. An anonymous informer put Haddad on the wanted list, and eventually Haddad was forced to leave Iraq forever. After a grueling journey through the desert into Iran, Haddad was forced to leave Iraq forever. After a grueling journey through the desert into Iran, Haddad arrived in Israel, where he was reunited with his family, which had left Iraq penniless as a result of the mass expulsion of Jews. Born in Baghdad is a gripping, richly atmospheric book about exotic lands poised between ancient tradition and modern change--and about the human values that must ultimately transcend both.

Running on Empty Michael J. Molloy, Peter Duschinsky, Kurt F. Jensen, Robert J. Shalka, 2017-04-14 The fall of Saigon in April 1975 resulted in the largest and most ambitious refugee resettlement effort in Canada's history. *Running on Empty* presents the challenges and successes of this bold refugee resettlement program. It traces the actions of a few dozen men and women who travelled to seventy remote refugee camps, worked long days in humid conditions, subsisted on dried noodles and green tea, and sometimes slept on their worktables while rats scurried around them – all in order to resettle thousands of people displaced by war and oppression. After initially accepting 7,000 refugees from camps in Guam, Hong Kong, and military bases in the US in 1975, Canada passed the 1976 Immigration Act to establish new refugee procedures and introduce private refugee sponsorship. In July of 1979, the federal government under Prime Minister Joe Clark announced that Canada would accept an unprecedented 50,000 refugees – later increased to 60,000 – more than half of whom would be sponsored by ordinary Canadians. *Running on Empty* presents gripping first-hand accounts of the government officials tasked with selecting refugees from eight different countries, receiving and matching them with sponsors, and helping churches, civic organizations, and groups of neighbours to receive and integrate the newcomers in cities, towns, and rural communities across Canada. Timely and inspiring, *Running on Empty* offers essential lessons for governments, organizations, and individuals trying to come to grips with refugee crises in the twenty-first century.

The End of the Ottomans Hans-Lukas Kieser,Margaret Lavinia Anderson,Seyhan Bayraktar,Thomas Schmutz,2019-04-25 In the early part of the twentieth century, as Europe began its descent into the First World War, the Ottoman world – once the largest Empire in the Middle East – began to experience a revolution which would culminate in the new, secular Turkish state. Alongside this, in 1915, as part of an increasing nationalism, it enacted a genocide against its Armenian citizens. In this new study, Hans-Lukas Kieser marshals a dazzling array of scholars to re-evaluate the approach and legacy of the Young Turks – whose eradication of the Armenians from Asia Minor would have far-reaching consequences. Kieser argues that genocide led to today's crisis-ridden Middle East and set in place a rigid state system whose effects are still felt in Turkey today.Featuring new and groundbreaking work on the role of bureaucracy, the actors outside of Istanbul and re-centring Armenian agency in the genocide, *The End of the Ottomans* is a vital new study of the Ottoman world, the Armenian Genocide and of the Middle East.
