My Life and Times: Munshi Premchand Madan Gopal,2006-12-31 A unique 'autobiography'of one of the greatest storytellers of our times, Munshi Premchand, recreated from his works by the man regarded as 'Premchand's Boswell', Madan Gopal. Often compared to Gorky and Tolstoy, Premchand was not only a versatile writer of short stories, novels, dramas and essays, but also played an active role in the country's freedom movement. His stories took birth from the lives of the common people, their vicissitudes and deprivations, as well as their small joys and victories. Premchand rebelled against narrow religious bigotry and, in fighting it through his writing, he imbued a whole generation with the idea of a new social order of justice and equality. The author, Madan Gopal, has based his narrative on a study of almost everything of consequence written by or on Premchand in Hindi and Urdu, including numerous unpublished letters written by and to Premchand, which provide an intimate knowledge of the man, the writer, and the thinker. Madan Gopal's deep study of the writer whom he reveres has enabled him to tell the story of his life almost as the master storyteller would have told it himself. For all aficionados of Munshi Premchand, this is a book that must find a place on their shelves.

Outer Space: Law, Policy and Governance ,2013-10-15 In the wake of the euphoria consequent to the Soviet space forays and the US landing on the moon, innovative space law evolved rather rapidly in just two decades and then came a stalemate. In this hasty growth of nascent space law, some gaps remained, some inadvertently due to lack of vision and some deliberately, due to lack of consensus or because half-baked concepts remained pending till the achievement of a better understanding of space phenomena or development of supportive technology. These issues have since started jumping to centre-stage and this book falls in this niche of deficiencies. A few challenges and unresolved contingencies that stare us in the face, needing to be addressed suitably, are space jurisprudence in jus cogens of space law, pointers on policy issues for India, hesitancy to incorporate international cooperation in domestic space statutes, futility of reiteration of the Convention Law in International Codes of Conduct as soft law adjuncts, absence of a legal regimen governing mining on asteroids by private enterprises, explication of the concept of Common Heritage of Mankind and modalities for sharing of benefits between nations, procedure for nomination of an astronaut as an envoy of mankind in space by name or designation to avoid confusion in the eventuality of multiple astronauts of multiple nationalities, all being at one place at the same time, et al. This book is a modest effort to help resolve issues in that direction.

Everyday Peace? Philippa Williams,2015-08-13 Winner of the 2016 Julian Minghi Distinguished Book Award of the Political Geography Specialty Group at the AAG Providing important insights into political geography, the politics of peace, and South Asian studies, this book explores everyday peace in northern India as it is experienced by the Hindu-Muslim community. Challenges normative understandings of Hindu-Muslim relations as relentlessly violent and the notion of peace as a romantic endpoint occurring only after violence and political maneuverings Examines the ways in which geographical concepts such as space, place, and scale can inform and problematize understandings of peace Redefines the politics of peace, as well as concepts of citizenship, agency, secular politics, and democracy Based on over 14 months of qualitative and archival research in the city of Varanasi in Uttar Pradesh, India

American Dervish Ayad Akhtar,2012-01-09 From the author of Homeland Elegies and Pulitzer Prize winner Disgraced, a stirring and explosive novel about an American Muslim family in Wisconsin struggling with faith and belonging in the pre-9/11 world. Hayat Shah is a young American in love for the first time. His normal life of school, baseball, and video games had previously been distinguished only by his Pakistani heritage and by the frequent chill between his parents, who fight over things he is too young to understand. Then Mina arrives, and everything changes. American Dervish is a brilliantly written, nuanced, and emotionally forceful look inside the interplay of religion and modern life.

Muslim Youth Mohammad Siddique Seddon,Fauzia Ahmad,2012-01-12 Many Muslim societies, regardless of location, are displaying a 'youth bulge', where more than half their populations are under the age of 25. An increasingly globalized western culture is rapidly eroding 'traditional' ideas about society, from the family to the state. At the same time, there is a view that rampant materialism is creating a culture of spiritual emptiness in which demoralization and pessimism easily find root. For young Muslims these challenges may be compounded by a growing sense of alienation as they face competing ideologies and divergent lifestyles. Muslim youth are often idealized as the 'future of Islam' or stigmatized as rebelling against their parental values and suffering 'identity crises'. These experiences can produce both positive and negative reactions, from intellectual engagement and increasing spiritual maturity to emotional rejectionism, narrow identity politics and violent extremism. This book addresses many of the central issues currently facing young Muslims in both localized and globalized contexts through engaging with the work of academics, youth work practitioners and those working in non-governmental organizations and civic institutions.

The Crash of A Civilization Kanchan Banerjee,2022-07-13 The Current condition of each citizen, the society, and the nation are the result of a deeply complex history. But what we know from history books, especially academic textbooks, are constructs based on the narratives of political powers, colonists, and outdated socioeconomic analysts. The time has come to know and understand our

true history from fresh and updated perspectives. The subject of this book is how foreign ideologies and forces Christian, Islamic, and later colonists, western and Marxists' profound and long-term influence have impacted India, her society, and people. With a computer science back- ground, Kanchan Banerjee makes this remarkable and significant contribution, attempting to depict the current era with unique and lively storytelling using carefully studied evidence, logical deduction, and analysis. He has given detailed and comprehensive descriptions and assessments from pre-Islamic Arabia's history, foreign attacks and invasions of the Huns, the Turks to the Islamic rule and occupation in Delhi, and the British colonial and imperial atrocities. How did the crash and fall of a great ancient civilization happen? How has it been wounded the body and soul of a nation to break into several pieces? And what is the way to change the direction to the path of recovery and revival? This book is an effort to find the answers to these questions from our true history. If we know our past, we can change our future as well.

Mass Religious Ritual and Intergroup Tolerance Mikhail A. Alexseev,Sufian N. Zhemukhov,2017-07-14 Under what conditions does in-group pride facilitate out-group tolerance? What are the causal linkages between intergroup tolerance and socialization in religious rituals? This book examines how Muslims from Russia's North Caucasus returned from the Hajj pilgrimage to Mecca both more devout as Muslims and more tolerant of out-groups. Drawing on prominent theories of identity and social capital, the authors resolve seeming contradictions between the two literatures by showing the effects of religious rituals that highlight within-group diversity at the same time that they affirm the group's common identity. This theory is then applied to explain why social integration of Muslim immigrants has been more successful in the USA than in Europe and how the largest Hispanic association in the US defied the clash of civilizations theory by promoting immigrants' integration into America's social mainstream. The book offers insights into Islam's role in society and politics and the interrelationships between religious faith, immigration and ethnic identity, and tolerance that will be relevant to both scholars and practitioners.
