**Notebook of Last Things** Jon Thompson,2019 Organized around three sequences of numbered tercets, Notebook of Last Things maps a city undergoing dynamic, transformative change along with the sense of living that change--its rhythms and patterns, its peculiar commitments, its urgencies and pleasures as well as its inequalities, tensions, and fateful unsaids. Possessed by the drama of the ephemerality of experience, tuned into the drift of the present, Notebook of Last Things draws on the lyric to meditate on the present, and the powers, acknowledged and unacknowledged, that make it up. Notebook of Last Things is written in dialogue with (or in counterpoint to) Walter Benjamin's Angel of History and his/her/its unreadable tally of catastrophe. Thompson has an eagle eye for the rips and fissures destroying our social fabric, for the discrepancies that seem ironic and then reveal themselves as tragic, the 'Art Deco walkway over the beltline/[ with a] Chain link fence to discourage jumpers.' In the quality of his attention, he could be a minimalist version of Ron Silliman or a Basho-inflected George Oppen. His steady gaze is well worth following. --Rae Armantrout

**North Carolina By Rail** David Robinson,2012-05-01 A reference book for traveling by passenger train in North Carolina for business and pleasure. **Industrial Evolution** Lyle Estill,2011-05-01 For many people, the word “industry” brings to mind images of sprawling factories belching toxic emissions in a blighted natural landscape. “Industrial” has become synonymous with pollution, human rights abuse, and corporate greed. In *Industrial Evolution* , Lyle Estill seeks to reclaim the term, with its original connotations of hard work, diligence and productivity, and to show how community-scale enterprise can create a vibrant, sustainable local economy. *Industrial Evolution* is a story of survival. It is about how the small group of committed entrepreneurs introduced in *Small is Possible* managed to keep their dream alive and thriving through the economic recession, emerging with a model of what a sustainable local economy might look like in a post carbon future. Compulsively readable and seasoned with light humor, this grassroots account demonstrates that ecological stewardship and enterprise at an appropriate scale can lay the foundation for abundance. *Industrial Evolution* skips the doom and gloom and is all about solutions. By showing that it is possible to take the big out of industry, this book motivates people to work together in a meaningful way. Filled with inspirational tales of success, failure, perseverance, and real world experiences that anyone can relate to, *Industrial Evolution* is a must-read for activists, organizers, politicians, and anyone who cares about resilient communities.

**Wolfpack Ramblings** Larry A Nielsen,2021-06-05 Here's something special for the entire Wolfpack family! Larry Nielsen, professor emeritus at NC State, offers 32 entertaining stories about all aspects of life at the university, everything from the marching band to the Free Expression Tunnel and the joys of having a twelve-foot python in class. Nielsen, who was a college dean and the university's provost as well as a distinguished undergraduate teaching professor, provides his unique insights--and humorous style--to tell about the people, places and events that have shaped NC State over the decades. He is author of two recent books, *Provost* (2013) and *Nature's Allies* (2017). Most recently he has created the website *Today in Conservation* (todayinconservation.com), which includes stories from the history of conservation and the environment for every date of the year. Widely beloved for his nearly 300-student class on Conservation of Natural Resources, Nielsen continues to give back to the university: He will donate \$1 from the sale of every book to a scholarship fund at NC State.

*Modern Arab Art* Nada M. Shabout,2007 *Modern Arab Art* provides a historical and theoretical overview of the forces that have spawned artistic movements across the Middle East from the 1940s through today. Nada Shabout recognizes the important distinction between Arabic art and Islamic art, and views them as overlapping rather than synonymous subjects. Based on interviews with Arab artists, reviews of Arabic resources, and visits to sites and galleries in the Arab world, Shabout provides an introduction to a field that has been long neglected. With particular emphasis on production, reception, and the intersection between art and politics in Iraq and Palestine, she reveals the fallacy in Western fascination with Arab art as a timeless and exotic 'other'--Jacket.

*Talkin' Tar Heel* Walt Wolfram,Jeffrey Reaser,2014-04-07 Are you considered a dingbatter, or outsider, when you visit the Outer Banks? Have you ever noticed a picture in your house hanging a little sigogglin, or crooked? Do you enjoy spending time with your buddyrow, or close friend? Drawing on over two decades of research and 3,000 recorded interviews from every corner of the state, Walt Wolfram and Jeffrey Reaser's lively book introduces readers to the unique regional, social, and ethnic dialects of North Carolina, as well as its major languages, including American Indian languages and Spanish. Considering how we speak as a reflection of our past and present, Wolfram and Reaser show how languages and dialects are a fascinating way to understand our state's rich and diverse cultural heritage. The book is enhanced by maps and illustrations and augmented by more than 100 audio and video recordings, which can be found online at talkintarheel.com.

The Wild Fox of Yemen Threa Almontaser,2021-04-06 Winner of the Walt Whitman Award of the Academy of American Poets, selected by Harryette Mullen By turns aggressively reckless and fiercely protective, always guided by faith and ancestry, Threa Almontaser's incendiary debut asks how mistranslation can be a form of self-knowledge and survival. A love letter to the country and people of Yemen, a portrait of young Muslim womanhood in New York after 9/11, and an extraordinarily composed examination of what it means to carry in the body the echoes of what came before, Almontaser's polyvocal collection sneaks artifacts to and from worlds, repurposing language and adapting to the space between cultures. Half-crunk and hungry, speakers move with the force of what cannot be contained by the limits of the American imagination, and instead invest in troublemaking and trickery, navigate imperial violence across multiple accents and anthems, and apply gang signs in henna, utilizing any means necessary to form a semblance of home. In doing so, *The Wild Fox of Yemen* fearlessly rides the tension between carnality and tenderness in the unruly human spirit.

**History and Obstinacy** Alexander Kluge,Oskar Negt,2014 An epochal archaeology of the labor power that has been cultivated in the human body over the last two thousand years. If Marx's opus

Capital provided the foundational account of the forces of production in all of their objective, machine formats, what happens when the concepts of political economy are applied not to dead labor, but to its living counterpart, the human subject? The result is Alexander Kluge and Oskar Negt's *History and Obstinacy*, a groundbreaking archaeology of the labor power that has been cultivated in the human body over the last two thousand years. Supplementing classical political economy with the insights of fields ranging from psychoanalysis and phenomenology to evolutionary anthropology and systems theory, *History and Obstinacy* reaches down into the deepest strata of unconscious thought, genetic memory, and cellular life to examine the complex ecology of expropriation and resistance. First published in German 1981, and never before translated into English, this epochal collaboration between Kluge and Negt has now been edited, expanded, and updated by the authors in response to global developments of the last decade to create an entirely new analysis of the capitalism within us.

*Teaching and Learning Vocabulary* Elfrieda H. Hiebert,Michael L. Kamil,2005-05-06 Although proficiency in vocabulary has long been recognized as basic to reading proficiency, there has been a paucity of research on vocabulary teaching and learning over the last two decades. Recognizing this, the U.S. Department of Education recently sponsored a Focus on Vocabulary conference that attracted the best-known and most active researchers in the vocabulary field. This book is the outgrowth of that conference. It presents scientific evidence from leading research programs that address persistent issues regarding the role of vocabulary in text comprehension. Part I examines how vocabulary is learned; Part II presents instructional interventions that enhance vocabulary; and Part III looks at which words to choose for vocabulary instruction. Other key features of this timely new book include: \*Broad Coverage. The book addresses the full range of students populating current classrooms--young children, English Language Learners, and young adolescents. \*Issues Focus. By focusing on persistent issues from the perspective of critical school populations, this volume provides a rich, scientific foundation for effective vocabulary instruction and policy. \*Author Expertise. Few volumes can boast of a more luminous cast of contributing authors (see table of contents). This book is suitable for anyone (graduate students, in-service reading specialists and curriculum directors, college faculty, and researchers) who deals with vocabulary learning and instruction as a vital component of reading proficiency.
