Unraveled Josh Blackman, 2016-09-26 Six years after its enactment, Obamacare remains one of the most controversial, divisive, and enduring political issues in America. In this much-anticipated follow-up to his critically acclaimed *Unprecedented: The Constitutional Challenge to Obamacare* (2013), Josh Blackman argues that, to implement the law, President Obama has broken promises about cancelled insurance policies, exceeded the traditional bounds of executive power, and infringed on religious liberty. At the same time, conservative opponents have stopped at nothing to unravel Obamacare, including a three-week government shutdown, four Supreme Court cases, and fifty repeal votes. This legal thriller provides the definitive account of the battle to stop Obamacare from being 'woven into the fabric of America'. *Unraveled* is essential reading to understand the future of the Affordable Care Act in America's gridlocked government in 2016, and beyond.

Television Specials Vincent Terrace, 2013-06-19 This is a complete revision of the author's 1993 McFarland book *Television Specials* that not only updates entries contained within that edition, but

Breaking In Joan Biskupic, 2014-10-07 I knew she'd be trouble. So quipped Antonin Scalia about Sonia Sotomayor at the Supreme Court's annual end-of-term party in 2010. It's usually the sort of event one would expect from such a grand institution, with gentle parodies of the justices performed by their law clerks, but this year Sotomayor decided to shake it up—flooding the room with salsa music and coaxing her fellow justices to dance. It was little surprise in 2009 that President Barack Obama nominated a Hispanic judge to replace the retiring justice David Souter. The fact that there had never been a nominee to the nation's highest court from the nation's fastest growing minority had long been apparent. So the time was ripe—but how did it come to be Sonia Sotomayor? In Breaking In: The Rise of Sonia Sotomayor and the Politics of Justice, the veteran journalist Joan Biskupic answers that question. This is the story of how two forces providentially merged—the large ambitions of a talented Puerto Rican girl raised in the projects in the Bronx and the increasing political presence of Hispanics, from California to Texas, from Florida to the Northeast—resulting in a historical appointment. And this is not just a tale about breaking barriers as a Puerto Rican. It's about breaking barriers as a justice. Biskupic, the author of highly praised judicial biographies of Justice Antonin Scalia and Justice Sandra Day O'Connor, now pulls back the curtain on the Supreme Court nomination process, revealing the networks Sotomayor built and the skills she cultivated to go where no Hispanic has gone before. We see other potential candidates edged out along the way. And

we see how, in challenging tradition and expanding our idea of a justice (as well as expanding her public persona), Sotomayor has created tension within and without the court's marble halls. As a Supreme Court justice, Sotomayor has shared her personal story to an unprecedented degree. And that story—of a Latina who emerged from tough times in the projects not only to prevail but also to rise to the top—has even become fabric for some of her most passionate comments on matters before the Court. But there is yet more to know about the rise of Sonia Sotomayor. *Breaking In* offers the larger, untold story of the woman who has been called the people's justice.

Uncertain Justice Laurence Tribe, Joshua Matz, 2014-06-03 A revelatory assessment of how the Supreme Court under Chief Justice John Roberts is significantly influencing the nation's laws and reinterpreting the Constitution includes in-depth analysis of recent rulings to explore their less-understood debates and relevance. 50,000 first printing.

Fall Down Nine Times, Get Up Ten Martin Avery, 2014-07-06 You're going to die, the doctor said. But Canadian author Martin Avery laughed and walked away. *Fall Down Nine Times, Get Up Ten* tells the story of a man who was told he would never work or walk again, in Canada, but lived to get a better diagnosis of jing-chi-shen in China.

How the Yankees Explain New York Chris Donnelly, Paul O'Neill, 2014-04-01 An examination of the unique parallels between New York City's evolution and that of the New York Yankees, *How the Yankees Explain New York* illustrates how the storied history of the Bronx Bombers mirrors that of the Big Apple itself. The oldest professional sports franchise in the city, the Yankees have played in front of sold out crowds in the Bronx for nearly a century, and this work explores the relationship

between Wall Street high-rollers and the Yankees' record-setting payroll, describes the “city that never sleeps” through the nighttime antics of Mickey Mantle and Billy Martin, revisits the healing effect of the Yankees' World Series run in the aftermath of 9/11, and much more. Entertaining and insightful, this book is sure to be popular amongst one of sports' most passionate fan bases.

Integrated Marketing Communication Robyn Blakeman, 2018-02-01 Now in its third edition, this comprehensive text offers a classroom-tested, step-by-step approach to the creative processes and strategies for effective integrated marketing communication (IMC). Singapore Perspectives 2014 Mathew Mathews, Christopher Gee, Wai Fong Chiang, 2015-01-08 Singapore's demographic diversity was the driving force for the country's founding leaders as they forged a nation. They sought to navigate the many differences in the country's ancestral, social and cultural affiliations even as they embarked on the urgent task of nation-building. A decade into the new century, many of the country's traditional understandings of differences are being challenged, even as new differences, spawned by immigration, new media and globalisation, emerge. The Singapore Perspectives 2014 conference considered the consequences of both historical and emergent differences, based on the understanding that race, language, religion, economic status, age and countries of origin will continue to shape Singapore's society and economy. The conference proceedings contain contributions from prominent speakers such as Singapore Minister of State for

Education Sim Ann, Associate Professor Kwok Kian Woon, Dr Leslie Teo, Professor David Chan and the points of debate on the question whether consensus or contest will underpin Singapore's future from Professors Kishore Mahbubani and Chua Beng Huat. Contents: Introduction (Mathew Mathews, Christopher Gee, and Chiang Wai Fong) From Differences, Unity: Managing "Multi-" and Regarding "Regardless..." (Kwok Kian Woon) Divergence: The Paradox of Global Convergence (Prakash Kannan, Koh Chau Sean, and Leslie Teo) Living with New Differences: Living with New Differences (Sim Ann) Approaches to Emergent Group Differences (David Chan) Debate: Consensus Rather than Contest will Secure Singapore's Future (Kishore Mahbubani and Chua Beng Huat) Dialogue with the Minister for Education, Heng Swee Keat: Dialogue with the Minister for Education, Heng Swee Keat Background Paper: The State and Implication of our Differences: Insights from the IPS Survey on Race, Religion and Language (Mathew Mathews) Readership: Students, academics, policy makers and civil society activists, and general public interested in Singapore. Countdown Alan Weisman, 2013-09-24 Every four days there are a million more people on the planet. More people and fewer resources. In this timely work, Alan Weisman examines how we can shrink our collective human footprint so that we don't stomp any more species - including our own - out of existence. The answer: reducing gradually and non-violently the number of humans on the planet whose activities, industries and lifestyles are damaging the Earth. Defining an optimum human population for the Earth is an explosive concept. Weisman, one of the most brilliant environmental writers, will travel the globe, from the settlements of Israel and the plains of Mexico to the bustling streets of Pakistan and the teeming cities of the UK. In his search for answers, he will speak to religious leaders, demographers, ecologists, economists, engineers and agriculturalists in what promises to be an international classic.

New Year's Celebrations ,

Visiting Africa: A Memoir Jesse O'Reilly-Conlin, 2021-11-01 Visiting Africa: A Memoir is a personal journey as well as a physical one: it is about my ongoing and evolving attempt to approach Africa and its cultures with humility and modesty and about my struggles as a privileged white man to ethically encounter and live in a world marked by injustice and racialized inequality. It takes up the present challenge of resurrecting stories that challenge dominant narratives. It is an investigation of privilege and how the privileged must overcome their own defensiveness and feelings of guilt if they are to stand in solidarity with those people they meet and write about.

Finally, this book is an investigation into the possibilities of empathy.

Countdown Deborah Wiles, 2016-04-26 The story of a formative year in 12-year-old Franny Chapman's life, and the life of a nation facing the threat of nuclear war. Franny Chapman just wants some peace. But that's hard to get when her best friend is feuding with her, her sister has disappeared, and her uncle is fighting an old war in his head. Her saintly younger brother is no help, and the cute boy across the street only complicates things. Worst of all, everyone is walking around just waiting for a bomb to fall. It's 1962, and it seems that the whole country is living in fear. When President Kennedy goes on television to say that Russia is sending nuclear missiles to Cuba, it only gets worse. Franny doesn't know how to deal with what's going on in the world -- no more than she knows how to deal with what's going on with her family and friends. But somehow she's got to make it through. Featuring a captivating story interspersed with footage from 1962, award-winning author Deborah Wiles has created a documentary novel that will put you right alongside Franny as she navigates a dangerous time in both her history and our history.

Time Sarit Kattan Gribetz, Lynn Kaye, 2023-08-21 Time permeates language, society, and individual lives, but time eludes definition. From grand scales of geologic time to the exasperation of waiting in endless bureaucratic lines, from the unifying sense of ancestral presence at an ancient monument to the imminent question of climate resilience, this volume presents conceptions of time through a kaleidoscope of cultures and disciplines. Accessible to students and scholars alike, the book demonstrates that far from natural, stable, or singular, time is culturally dependent, historically contingent, socially constructed, and disciplinarily specific -- and that multidisciplinary and cross-cultural conversations transform our understanding of time.

Gold Coins of the World, 10th edition Arthur & Ira Friedberg, 2023-12-20 The tenth edition of

Gold Coins of the World expands on its predecessor, digging more deeply into new areas of collector interest, and expanding many sections. From the coins of Ancient Greece, Rome, and the Byzantine Empire, and from Afghanistan through Zanzibar, it includes the addition of many new discoveries for dozens of countries. From the 384 pages of the 1958 edition, the work has expanded to 852 pages, which have been completely revised and updated. The authors have listed more than 22,000 coin types, which are illustrated with more than 8,500 photos—now, for the first time, each one of them in color. Each country's section includes tables of weight and fineness. The market valuations are extensively revised to reflect both the higher price of gold as well as the skyrocketing demand for numismatic rarities. Valuations are now provided, for the first time, in up to three states of preservation. Many of the prices, especially for great rarities and coins in higher grades, have at least doubled. In fact, as collectors recognize the scarcity of coins in the highest states of preservation, the premium for such coins relative to lower-graded ones is escalating beyond traditional proportions. The coinage of India and the Islamic world, long dismissed by western collectors as difficult to decipher, unimportant, and lacking in value, is now the subject of intense interest, and has shown some of the most dramatic increases of all. The reader will also find a useful directory of the world's leading gold-coin dealers and auction houses. For the numismatist, banker, economist, historian, or institution of higher learning, the tenth edition of Gold Coins of the World is a book for every library, public and private.

Savoring Gotham Andrew F. Smith, 2015 When it comes to food, there has never been another city quite like New York. The Big Apple--a telling nickname--is the city of 50,000 eateries, of fish wriggling in Chinatown baskets, huge pastrami sandwiches on rye, fizzy egg creams, and frosted black and whites. It is home to possibly the densest concentration of ethnic and regional food

establishments in the world, from German and Jewish delis to Greek diners, Brazilian steakhouses, Puerto Rican and Dominican bodegas, halal food carts, Irish pubs, Little Italy, and two Koreatowns (Flushing and Manhattan). This is the city where, if you choose to have Thai for dinner, you might also choose exactly which region of Thailand you wish to dine in. Savoring Gotham weaves the full tapestry of the city's rich gastronomy in nearly 570 accessible, informative A-to-Z entries. Written by nearly 180 of the most notable food experts-most of them New Yorkers--Savoring Gotham addresses the food, people, places, and institutions that have made New York cuisine so wildly diverse and immensely appealing. Reach only a little ways back into the city's ever-changing culinary kaleidoscope and discover automats, the precursor to fast food restaurants, where diners in a hurry dropped nickels into slots to unlock their premade meal of choice. Or travel to the nineteenth century, when oysters cost a few cents and were pulled by the bucketful from the Hudson River. Back then the city was one of the major centers of sugar refining, and of brewing, too--48 breweries once existed in Brooklyn alone, accounting for roughly 10% of all the beer brewed in the United States. Travel further back still and learn of the Native Americans who arrived in the area 5,000 years before New York was New York, and who planted the maize, squash, and beans that European and other settlers to the New World embraced centuries later. Savoring Gotham covers New York's culinary history, but also some of the most recognizable restaurants, eateries, and culinary personalities today. And it delves into more esoteric culinary realities, such as urban farming, beekeeping, the Three Martini Lunch and the Power Lunch, and novels, movies, and paintings that memorably depict Gotham's foodscapes. From hot dog stands to haute cuisine, each borough is represented. A foreword by Brooklyn Brewery Brewmaster Garrett Oliver and an extensive bibliography round out this sweeping new collection.
