So Much I Want to Tell You Anna Akana, 2017-06-13 From Internet sensation Anna Akana comes a candid and poignant collection of essays about love, loss, and chasing adulthood. In 2007, Anna Akana lost her teen sister, Kristina, to suicide. In the months that followed, she realized that the one thing helping her process her grief and begin to heal was comedy. So she began making YouTube videos as a form of creative expression and as a way to connect with others. Ten years later, Anna has more than a million subscribers who watch her smart, honest vlogs on her YouTube channel. Her most popular videos, including "How to Put On Your Face" and "Why Girls Should Ask Guys Out," are comical and provocative, but they all share a deeper message: Your worth is determined by you and you alone. You must learn to love yourself. In *So Much I Want to Tell You*, Anna opens up about her own struggles with poor self-esteem and reveals both the highs and lows of coming-of-age. She offers fresh, funny, hard-won advice for young women on everything from self-care to money to sex, and she is refreshingly straightforward about the realities of dating, female friendship, and the hustle required to make your dreams come true. This is Anna's story, but, as she says, it belongs just as much to Kristina and to every other girl who must learn that growing up can be hard to do. Witty and real, Anna breaks things down in a way only a big sister can. Praise for *So Much I Want to Tell You* "This book is filled with the kind of honesty, vulnerability, and determination that makes Anna such a captivating person. One warning: You'll want to hug her a lot while reading this."—Natalie Tran, actress and comedian "As a woman working in entertainment, Anna Akana is accustomed to feeling vulnerable. Which means that she's used to being brave. This book is a tribute to the duality of bravery and fear as told through Anna's experiences to date."—Hannah Hart, New York Times bestselling author of *Buffering: Unshared Tales of a Life Fully Loaded* "Frank advice on how to live a productive, happy life . . . written in tribute to a 'fearless, talented, and bold' sister."—Kirkus Reviews

Obviously Akilah Hughes, 2019-09-24 A refreshingly funny and blisteringly unsentimental coming-of-age memoir. -John Green, #1 New York Times bestselling author of *Turtles All The Way Down* and *The Fault in Our Stars* In Akilah Hughes's world, family--and life--are often complicated, but always funny. Through intimate and hilarious essays, Akilah takes readers along on her journey from the small Kentucky town where she was born--and eventually became a spelling bee champ and 15-year-old high school graduate--to New York City, where she took careful steps to fulfill her dream of becoming a writer and performer. Like Tiffany Haddish's *The Last Black Unicorn* or Mindy Kaling's *Is Everyone Hanging Out Without Me?* for the YA set, Akilah pens revealing and laugh-out-loud funny essays about her life, covering everything from her racist fifth grade teacher, her struggles with weight and acne, her failed attempts at joining the cheerleading team, how to literally get to New York (hint: for a girl on a budget, it may include multiple bus transfers) and exactly how to make it once you finally get there.

We Are Displaced Malala Yousafzai, 2019-01-08 In this powerful book, Nobel Peace Prize winner and New York Times bestselling author Malala Yousafzai introduces the people behind the statistics and news stories about the millions of people displaced worldwide. After her father was murdered, Maria escaped in the middle of the night with her mother. Zaynab was out of school for two years as she fled war before landing in America. Her sister, Sabreen, survived a harrowing journey to Italy. Ajida escaped horrific violence, but then found herself battling the elements to keep her family safe. Malala's experiences visiting refugee camps caused her to reconsider her own displacement — first as an Internally Displaced Person when she was a young child in Pakistan, and then as an international activist who could travel anywhere except to the home she loved. In *We Are Displaced*, Malala not only explores her own story, but she also shares the personal stories of some of the incredible girls she has met on her journeys — girls who have lost their community, relatives, and often the only world they've ever known. In a time of immigration crises, war, and border conflicts, *We Are Displaced* is an important reminder from one of the world's most prominent young activists that every single one of the 68.5 million currently displaced is a person — often a young person — with hopes and dreams. A stirring and timely book. —New York Times

Asian American Media Activism Lori Kido Lopez, 2016-05-17 Among the most well-known YouTubers are a cadre of talented Asian American performers, including comedian Ryan Higa and makeup artist Michelle Phan. Yet beneath the sheen of these online success stories lies a problem—Asian Americans remain sorely underrepresented in mainstream film and television. When they do appear on screen, they are often relegated to demeaning stereotypes such as the comical foreigner, the sexy girlfriend, or the martial arts villain. The story that remains untold is that as long as these inequities have existed, Asian Americans have been fighting back—joining together to protest offensive imagery, support Asian American actors and industry workers, and make their voices heard. Providing a cultural history and ethnography, *Asian American Media Activism* assesses everything from grassroots collectives in the 1970s up to contemporary engagements by fan groups, advertising agencies, and users on YouTube and Twitter. In linking these different forms of activism, Lori Kido Lopez investigates how Asian American media activism takes place and evaluates what kinds of interventions are most effective. Ultimately, Lopez finds that activists must be understood as fighting for cultural citizenship, a deeper sense of belonging and acceptance within a nation that has long rejected them. Holding Up the Universe Jennifer Niven, 2018-05-01 A New York Times Bestseller From the author of the New York Times bestseller *All the Bright Places* comes a heart-wrenching story about what it means to see someone—and love someone—for who they truly are. Everyone thinks they know Libby Strout, the girl once dubbed “America’s Fattest Teen.” But no one’s taken the time to look past her weight to get to know who she really is. Following her mom’s death, she’s been picking up the pieces in the privacy of her home, dealing with her heartbroken father and her own grief. Now, Libby’s ready: for high school, for new friends, for love, and for EVERY POSSIBILITY LIFE HAS TO OFFER. In that moment, I know the part I want to play here at MVB High. I want to be the girl who can do anything. Everyone thinks they know Jack Masselin, too. Yes, he’s got swagger, but he’s also mastered the impossible art of giving people what they want, of fitting in. What no one knows is that Jack has a newly acquired secret: he can’t recognize faces. Even his own brothers are strangers to him. He’s the guy who can re-engineer and rebuild anything in new and bad-ass ways, but he can’t understand what’s going on with the inner workings of his brain. So he tells himself to play it cool: Be charming. Be hilarious. Don’t get too close to anyone. Until he meets Libby. When the two get tangled up in a cruel high school game—which lands them in group counseling and community service—Libby and Jack are both pissed, and then surprised. Because the more time they spend together, the less alone they feel. . . . Because sometimes when you meet someone, it changes the world, theirs and yours. Jennifer Niven delivers another poignant, exhilarating love story about finding that person who sees you for who you are—and seeing them right back. Niven is adept at creating characters. . . . [Libby's] courage and body-positivity make for a joyful reading experience. --The New York Times “Holding Up the Universe . . . taps into the universal need to be understood. To be wanted. And that’s what makes it such a remarkable read.” —TeenVogue.com, “Why New Book Holding Up the Universe Is the Next The Fault in Our Stars” Want a love story that will give you all the feels? . . . ----- Now, for the first time ever, discover the story of YouTube: how it started, how it works, and how it came to control our culture. It has entertained us with cat videos, flash mobs, gaming streams and Charlie Bit My Finger. It has educated us with makeup tutorials, DIYs and delicious recipes. It has changed us with advertising, extremism and political propaganda. Since its foundation in 2005, YouTube has existed on a pendulum. Its emergence established a valuable space for unique and important voices to share themselves and their views, and made global stars out of everyday people such as PewDiePie, Shane Dawson and Ryan Higa. It invented the attention economy we all live in today, forever changing how people are entertained, informed and paid online. At the same time, countless extremists have found a home on YouTube, using it to spread misinformation and propaganda - sometimes with real-world life-and-death consequences. The site is massively profitable for its parent company, Google (Alphabet), which has aggressively grown it into a ruthless advertising conglomerate with little regard for its impact beyond the bottom line. In Like Comment Subscribe, Bloomberg tech journalist Mark Bergen delivers the definitive, page-turning account of YouTube. Exploring the stories of the people behind the platform, he tells the story of a technical marvel that upended traditional media, created stars of everyday people, and ultimately changed the world through untamed freedom of speech.

Rise Jeff Yang,Phil Yu,Philip Wang,2022-03-01 Hip, entertaining...imaginative.—Kirkus, starred review *Essential. —Min Jin Lee * A Herculean effort.—Lisa Ling * A must-read.—Ijeoma Oluo * Get two copies.—Shea Serrano * A book we've needed for ages. —Celeste Ng * Accessible, informative, and fun. —Cathy Park Hong * This book has serious substance...Also, I'm in it.—Ronny Chieng RISE is a love letter to and for Asian Americans--a vivid scrapbook of voices, emotions, and memories from an era in which our culture was forged and transformed, and a way to preserve both the headlines and the intimate conversations that have shaped our community into who we are today. When the Hart-Celler Act passed in 1965, opening up US immigration to non-Europeans, it ushered in a whole new era. But even to the first generation of Asian Americans born in the US after that milestone, it would have been impossible to imagine that sushi and boba would one day be beloved by all, that a Korean boy band named BTS would be the biggest musical act in the world, that one of the most acclaimed and popular movies of 2018 would be Crazy Rich Asians, or that we would have an Asian American Vice President. And that’s not even mentioning the creators, performers, entrepreneurs, execs and influencers who've been making all this happen, behind the scenes and on the screen; or the activists and representatives continuing to fight for equity, building coalitions and defiantly holding space for our voices and concerns. And still: Asian America is just getting started. The timing could not be better for this intimate, eye-opening, and frequently hilarious guided tour through the pop-cultural touchstones and sociopolitical shifts of the 1990s, 2000s, 2010s, and beyond. Jeff Yang, Phil Yu, and Philip Wang chronicle how we’ve arrived at today’s unprecedented diversity of Asian American cultural representation through engaging, interactive infographics (including a step-by-step guide to a night out in K-Town, an atlas that unearths historic Asian American landmarks, a handy “Appreciation or Appropriation?” flowchart, and visual celebrations of both our founding fathers and mothers and the nostalgia-inducing personalities of each decade), plus illustrations and graphic essays from major AAPI artists, exclusive roundtables with Asian American cultural icons, and more, anchored by extended insider narratives of each decade by the three co-authors. Rise is an informative, lively, and inclusive celebration of both shared experiences and singular moments, and all the different ways in which we have chosen to come together.
