Strategic Employee Communication Gail S. Thornton, Viviane Regina Mansi, Bruno Carramenha, Thatiana Cappellano, 2018-10-06 Employee engagement (or a lack thereof) can often be linked to poor communication and a detachment from company goals. Companies of all sizes are looking for ways to boost communication, recognizing its impact on key business outcomes, such as productivity and profitability. This book offers fresh insights about opportunities to improve the quality of employee communications based on employees' needs. It highlights the importance of simple, jargon-free communication that focuses on dialogue and content. High-performing organizations are more likely to think about communication from the audience perspective, rather than purely from the management perspective. The case studies offer readers a firm understanding of ways to implement and measure communication in daily practice. Effective communication requires planning and this book, with its focus on the US, Latin America, and emerging markets, will guide readers in using communication in the alignment of corporate and employee needs.

Newport Beach's Balboa and Balboa Island Jeff Delaney, 2007 The village of Balboa lies on the eastern half of a 4-mile-long peninsula, a natural barrier that protects the neighboring Balboa Island from Pacific storms. Both the village and the island have constituted a sun-soaked paradise for residents and vacationers from all over the world for more than a century. Famous for luxury homes, miles of beautiful, sandy beaches, and one of the largest pleasure harbors on the West Coast, Balboa has enjoyed a colorful history filled with backroom gambling, midnight deliveries during Prohibition, and frequent visits from Hollywood's biggest stars. Such legends as John Wayne, James Cagney, Errol Flynn, Humphrey Bogart, and Lauren Bacall spent many a day sailing Balboa's harbor and many nights enjoying its justifiably famous nightlife of dance halls, restaurants, and clubs. Balboa and Balboa Island represent all of the extremes, perhaps best exemplified in the quaintness of today's city of Newport Beach, an Orange County enclave where great wealth commingles with the carefree charm of a barefoot community.

Injunctions against Intermediaries in the European Union Martin Husovec, 2017-11-30 In the European Union, courts have been expanding the enforcement of intellectual property rights by employing injunctions to compel intermediaries to provide assistance, despite no allegation of wrongdoing against these parties. These prospective injunctions, designed to prevent future harm, thus hold parties accountable where no liability exists. Effectively a new type of regulatory tool, these injunctions are distinct from the conventional secondary liability in tort. At present, they can be observed in orders to compel website blocking, content filtering, or disconnection, but going forward, their use is potentially unlimited. This book outlines the paradigmatic shift this entails for the future of the Internet and analyzes the associated legal and economic opportunities and problems.

Trance Formation of America Cathy O'Brien, Mark Phillips, 1995 This is the documented autobiography of a victim of government mind control. Cathy O'Brien is the only vocal and recovered survivor of the Central Intelligence Agency's MK-Ultra Project Monarch mind control operation. Chiseled deep into the white stone of the CIA's Langley, Virginia headquarters is a partial verse lifted from the Holy Bible and writings of Saint John...and the truth shall set you free. This statement, like the agency, is total reality. The building that it is engraved upon houses the world's most successful

manufacturer of lies to facilitate psychological warfare. The Company uses truth and technology as their raw materials to produce pure lies for control of you and America's allies.
