**Revelation** ,1999-01-01 The final book of the Bible, Revelation prophesies the ultimate judgement of mankind in a series of allegorical visions, grisly images and numerological predictions. According to these, empires will fall, the Beast will be destroyed and Christ will rule a new Jerusalem. With an introduction by Will Self.

**New World Translation of the Holy Scriptures** ,2003

Truth in Translation Jason BeDuhn,2003 Truth in Translation is a critical study of Biblical translation, assessing the accuracy of nine English versions of the New Testament in wide use today. By looking at passages where theological investment is at a premium, the author demonstrates that many versions deviate from accurate translation under the pressure of theological bias.

The Jw Bible Gerald N Wright,2019-05-16 This book exposes the major anti-Christian and Cultic teachings that the Watchtower Society translators purposely, prejudicially and pervertedly placed into the Christian Bible in order to create their own Bible.

*REVIEWING 2013 New World Translation of Jehovah's Witnesses* Edward D. Andrews,2018-01-28 REVIEWING 2013 New World Translation of Jehovah's Witnesses is going to challenge your objectivity. Being objective means that personal feelings or opinions do not influence you in considering and representing facts. Being subjective means that your understanding is based on or influenced by personal feelings, tastes, or ideas. If the reader finds these insights offense, it might be a little mind control at work from years of being told the same misinformation repeatedly, so ponder things objectively. We can also have preconceived ideas that have been a part of our thinking for so long; we do not question them. Preconceived is an idea or opinion that is formed before having the evidence for its truth. If we are to be effective, we must season our words, so that they are received well. Then there is the term preconception, which means a preconceived idea or prejudice. Seasoned words, honesty, and accuracy are distinctive features of effective apologetic evangelism.

*New World Translation* Gary Zeolla,2016-12-09 The New World Translation of the Holy Scriptures (NWT) is published by the Watchtower Bible and Tract Society (WT). This is the organization that Jehovah's Witnesses belong to. But how reliable is this Bible version? Much has been written about the NWT in regards to passages dealing with the deity of Christ. As such, rather than going over that much worn ground, this review will instead evaluate the NWT by looking at select passages from Paul's Epistle to the Ephesians. The verses will be quoted first from the NWT and then from the word-for-word translation in the Watchtower's own Kingdom Interlinear Translation of the Greek Scriptures (KIT). Since the WT claims the NWT is a literal version, it will be seen how closely it follows the strictly literal translation in their own interlinear. And then the verses will be quoted from the New King James Version (NKJV) and from this writer's own Analytical-Literal Translation (ALT), following the most recent updates. The standards to be used here are the same standards that I use in evaluating over thirty versions of the Bible in my book Differences Between Bible Versions. Simply put, does the translation faithfully and accurately render the Greek text into English? More specifically, are words translated correctly? Are words left untranslated? Are words added without any indication they have been added? Are the grammatical forms of words altered? Are phrases paraphrased rather than translated? How readable is the text? How reliable is the Greek text being translated? Edition 2.1, updated December 2016.

**Holy Bible (NIV)** Various Authors,2008-09-02 The NIV is the world's best-selling modern translation, with over 150 million copies in print since its first full publication in 1978. This highly accurate and smooth-reading version of the Bible in modern English has the largest library of printed and electronic support material of any modern translation.

The Jehovah's Witnesses' Bible Giuseppe Guarino,2023-01-06 The New World Translation (NWT) is the official translation of the Bible released by the Watch Tower, the Jehovah's Witnesses' Directive Body. The first English edition was presented to the public in 1950. The latest updated edition is the 2013's, now available online. This book will reveal the evident mistakes that make the NWT a unique literary case among the various attempts of translating the Bible. These mistakes are so many and so misleading on certain doctrines that one cannot help but wonder if we are looking at a deliberate attempt to manipulate the text of the Scriptures. This the readers will judge by themselves.

*EVALUATING THE NEW WORLD TRANSLATION* Edward D. Andrews,2023-04-11 EVALUATING THE NEW WORLD TRANSLATION provides a thorough and objective evaluation of the accuracy of the New World Translation (NWT), used by the Jehovah's Witnesses. Drawing on a wealth of linguistic and theological resources, the author assesses the NWT's adherence to the original Greek and Hebrew texts and compares it to other well-known translations of the Bible. Through detailed analysis, the author explores the validity of the NWT's interpretations and renderings of key passages, uncovering potential inaccuracies and biases. This book is an essential resource for anyone seeking to better understand the NWT and its impact on biblical scholarship. Whether you are a Jehovah's Witness, a student of the Bible, or simply interested in the

accuracy of religious texts, this book will provide you with the knowledge and insights necessary to form your own informed opinions.

*Missing Books of the Bible* Holy Prophets,2017-01-03 Although the 19 books contained within this text were included in the Holy Bible for thousands of years, they were removed a little over 200 years ago.
