Romance Alexia S. Praks, Alexia Praks, 2019-05-27 My name is Alfie. I'm nothing special. Just your average nineteen-year-old girl doing her best at life. Then that happens. The unexpected. The impossible. The magic. When I first set foot on St. James Manor, a charming old house my parents bought and turned into a retreat for writers, I feel a sense of connection with the magical place. One night, I'm inadvertently transported to another realm. Disorientated and afraid of my new, mysterious surroundings, I'm found by two dark warrior lords. Despite having a fun and adventurous soul, I find nothing exciting as these two gorgeous warriors, Caleb and Felix, take me back to their camp and proceed to grill me about my background. When a group of bandits pursues me, and I am lost in the wild, dangerous woods, an alluring vision-in-white of a lord appears. His name is Geoffrey, and his enthralling charm fascinates me. Alfie and the Seven Demon Lords story is a reverse harem fantasy romance. ### Manual of Romance Languages in Africa Ursula

Reutner, 2023-12-18 With more than two thousand languages spread over its territory, multilingualism is a common reality in Africa. The main official languages of most African countries are Indo-European, in many instances Romance. As they were primarily brought to Africa in the era of colonization, the areas discussed in this volume are thirty-five states that were once ruled by Belgium, France, Italy, Portugal, or Spain, and the African regions still belonging to three of them. Twenty-six states are presented in relation to French, four to Italian, six to Portuguese, and two to Spanish. They are considered in separate chapters according to their sociolinguistic situation, linguistic history, external language policy, linguistic characteristics, and internal language policy. The result is a comprehensive overview of the Romance languages in modern-day Africa. It follows a coherent structure, offers linguistic and sociolinguistic information, and illustrates

language contact situations, power relations, as well as the cross-fertilization and mutual enrichment emerging from the interplay of languages and cultures in Africa.

### **Celebrity and Glamour in Contemporary Russia** Helena

Goscilo, Vlad Strukov, 2010-10-04 This is the first book to explore the phenomenon of glamour and celebrity in contemporary Russian culture, ranging across media forms, disciplinary boundaries and modes of inquiry, with particular emphasis on the media personality. The book demonstrates how the process of 'celebrification' in Russia coincides with the dizzying pace of social change and economic transformation, the latter enabling an unprecedented fascination with glamour and its requisite extravagance; how in the 1990s and 2000s, celebrities - such as film or television stars - moved away from their home medium to become celebrities straddling various media; and how celebrity is a symbol manipulated by the dominant culture and embraced by the masses. It examines the primacy of the visual in celebrity construction and its dominance over the verbal, alongside the interdisciplinary, cross-media, post-Soviet landscape of today's fame culture. Taking into account both general tendencies and individual celebrities, including pop-diva Alla Pugacheva and ex-President and current Prime Minister Vladimir Putin, the book analyses the internal dynamics of the institutions involved in the

production, marketing, and maintenance of celebrities, as well as the larger cultural context and the imperatives that drive Russian society's romance with glamour and celebrity.

*WLT Garrison Keillor, 1992-11-01* In the spring of 1926, the Soderbjerg brothers, Ray and Roy, plunge into radio and launch station WLT (With Lettuce and Tomato) to rescue their failing restaurant and become the Sandwich Kings of South Minneapolis. For the next quarter century, the “Friendly Neighbor” station produces a dazzling array of shows and stars, including Leo LaValley, Dad Benson, Wingo Beals, Slim Graves and Little Buddy, chain-smoking child star Marjery Moore, and blind baseball announcer Buck Steller. Francis With, a shy young man from North Dakota, entranced by radio, gets into WLT through his uncle Art and quickly becomes the Soderbjerg's right hand. Soon Francis is a budding announcer adored by Lily Dale, the crippled nightingale of WLT kept hidden from her fans, whose firing contributes to the downfall of the station. And then comes television.

*The Ex Talk Rachel Lynn Solomon, 2021-01-26* An Instant Indie Bestseller Public radio co-hosts navigate mixed signals in Rachel Lynn Solomon's sparkling romantic comedy debut. Shay Goldstein has been a producer at her Seattle public radio station for nearly a

decade, and she can't imagine working anywhere else. But lately it's been a constant clash between her and her newest colleague, Dominic Yun, who's fresh off a journalism master's program and convinced he knows everything about public radio. When the struggling station needs a new concept, Shay proposes a show that her boss green-lights with excitement. On *The Ex Talk*, two exes will deliver relationship advice live, on air. Their boss decides Shay and Dominic are the perfect co-hosts, given how much they already despise each other. Neither loves the idea of lying to listeners, but it's this or unemployment. Their audience gets invested fast, and it's not long before *The Ex Talk* becomes a must-listen in Seattle and climbs podcast charts. As the show gets bigger, so does their deception, especially when Shay and Dominic start to fall for each other. In an industry that values truth, getting caught could mean the end of more than just their careers.

**Faith, Romance, and Creations Through Psychosis** Megan Jackson Hall, 2021-10-07 Megan Jackson Hall has struggled with her mental health for decades. *Faith, Romance, and Creations through Psychosis* is her powerful memoir that delves into a range of personal topics, including the author's continued distrust of her ex-husband and her belief in his connections to the mafia. It also

explores her dream of a free worldwide online JK-doctorate institute, her ideas for revolutionizing the Catholic Church, and creating a healing ranch for people suffering from mental health issues. Faith, Romance, and Creations through Psychosis delves into how the author learns about her past and the connections of her family to the mafia. She recounts recurring dreams of a romantic relationship with a man named Gary Barlow, whom she believes communicates with her through his songs. She provides comfort for Catholics who want a church to come home to, and a clarion call for all who believe in access for everyone to free education and an easier way to receive treatment for mental health. The innovations that swirl through her head offer the promise of a brighter, more efficient future.

*Popstrology* Ian van Tuyl, 2008-12-01 Which force was more likely to have penetrated your essence and shaped your destiny if you were born in February of 1964: the orbital shufflings of Mars and Jupiter, or the explosive rise of the stars called the Beatles? By linking your personality and potential to the star who ruled the pop universe at the moment of your birth, Popstrology offers an entirely new approach to illuminating your spirit and your soul.

Could the roots of your chronic restlessness lie in the fact that you are a Commodore born in the Year of Debby Boone? **Is It Love or Is It Addiction** Brenda Schaeffer, 2009-08-07 A fresh, updated, and expanded edition of the book that changed the way we think about romance and intimacy. Many of us confuse longing and obsession with true love. Through two previous editions, *Is It Love or Is It Addiction?* has helped countless people find their way from the trials and confusion of addictive love to the fulfillment of whole and healthy relationships. As the author reveals, we can begin to work through relationship difficulties with compassion and lasting effect by increasing our awareness of the ways that we express love. In this expanded third edition, Brenda Schaeffer draws on years of feedback and new developments to foster an understanding of love addiction: what it is and what it is not, how to identify it, and, even more important, how to break free of it. Stories of real people struggling to develop sound relationships illustrate the characteristics of healthy love and help readers to free themselves to find real intimacy. Included is the most up-to-date information about the biological basis of addictive behaviors and the impact of technology on intimate relationships. The author also explores the influence of past abuse and trauma on the predisposition to love addiction.

**Composing Place** Jacob Greene,2023-04-01 Composing Place takes an innovative approach to engaging with the compositional affordances of mobile technologies. Mobile, wearable, and spatial computing technologies are more than the latest marketing gimmick from a perpetually proximate future; they are rather an emerging composing platform through which digital writers will increasingly create and distribute place-based multimodal texts. Jacob Greene utilizes and develops a rhetorical framework through which writers can leverage the affordances of these technologies by drawing on theoretical approaches within rhetorical studies, multimodal composition, and spatial theory, as well as emerging “maker” practices within digital humanities and critical media studies, to show how emerging mobile technologies are poised to transform theories, practices, and pedagogies of digital writing. Greene identifies three emerging “modalities” through which

mobile technologies are being used by digital writers. First, to counter dominant discourses in contested spaces; second, to historicize entrenched narratives in iconic spaces; and third, to amplify marginalized voices in mundane spaces. Through these modalities, Greene employs Indigenous philosophies and theories that upend the ways that the discipline has centered place-based rhetorics, offering digital writers better strategies for using mobile media as a platform for civic deliberation, social advocacy, and political action. *Composing Place* offers close analyses of mobile media experiences created by various artists and digital media practitioners, as well as detailed overviews of Greene's own projects (also accessible through the companion website: [www.composingplace.com](http://www.composingplace.com)). These projects include a digital "countertour" of SeaWorld that demonstrates the ways in which the attraction is driven by capitalism; an augmented reality tour of Detroit's Woodward Avenue; and a mobile advocacy project in Jacksonville, Florida, that demonstrates the inequitable effects of car-centric public infrastructure. Ultimately, by engaging with these theoretical frameworks, rhetorical design principles, and pedagogical practices of mobile writing, readers can utilize the unique affordances of mobile media in various teaching and

research contexts.
