The Paper Road Erik Mueggler,2011-11-02 “An absolutely breathtaking book -- in its thoughtfulness and imaginativeness, in the breadth and depth of the research which it entailed, in its geographical, cultural, and historical situatedness, and in its profound critical empathy for all of the key players. Beautifully and skillfully written.” – Sydney White, Associate Professor of Anthropology, Asian Studies, and Women's Studies at Temple University The Paper Road is an eloquent, even haunting narrative of the relationships between colonial explorers/scientists and their native collaborators that makes vivid the theme of 'colonial intimacy.' It speaks to scholars working on Chinese minorities and frontier relations, to historians of comparative colonialism, to experts on Tibet and Buddhism, and probably also simply to lovers of tales of mountains and exploration. –Charlotte Furth, Professor Emerita of Chinese History , University of Southern California.

*Chuck Palahniuk* Francisco Collado-Rodriguez,2013-06-06 Offering a world full of traumatized characters trapped in a consumerist society where men, women, sex and gender have become unstable commodities, Chuck Palahniuk has become one of the most controversial of contemporary novelists. This book is the first guide to bring together scholars from a full range of critical perspectives to explore three of Palahniuk's most widely-studied novels: *Fight Club*, *Invisible Monsters* and *Choke*. Examining these works in light of such key critical themes as violence, masculinity, postmodern aesthetics and trauma, the book also explores the ethical dimension of Palahniuk's work that is often lost in the heat of the controversies surrounding his books. Together with annotated guides to further reading, Chuck Palahniuk also includes section introductions surveying the contexts and reception of each novel, making this an essential guide for students and scholars of contemporary literature.

Buddhism Goes to the Movies Ronald Green,2013-12-04 Buddhism Goes to the Movies: Introduction to Buddhist Thought and Practice explains the basics of Buddhist philosophy and practice through a number of dramatic films from around the world. This book introduces readers in a dynamic way to the major traditions of Buddhism: the Theravāda, and various interrelated Mahāyāna divisions including Zen, Pure Land and Tantric Buddhism. Students can use Ronald Green's book to gain insights into classic Buddhist themes, including Buddhist awakening, the importance of the theory of dependent origination, the notion of no-self, and Buddhist ideas about life, death and why we are here. Contemporary developments are also explored, including the Socially Engaged Buddhism demonstrated by such figures as the Dalai Lama, Thich Nhat Hanh, Aung San Suu Kyi, and other Buddhist activists. Finally, comparisons between filmic expressions of Buddhism and more traditional artistic expressions of Buddhism—such as mandala drawings—are also drawn. An important addition to any introduction to Buddhist philosophy and practice, Buddhism Goes to the Movies is an excellent way to bring Buddhist thought, history, and activity to the uninitiated and interested reader.

Transformative Conversations Peter Felten,H-Dirksen L. Bauman,Aaron Kheriaty,Edward Taylor,2013-02-21 Praise for Transformative Conversations In the 'superstorm' of writings about the crisis in higher education this little gem of a book stands out like a mindfulness bell. It calls us back to the only thing that truly matters—the energy and wisdom buried in the minds and hearts of dedicated educators. —Diana Chapman Walsh,president emerita, Wellesley College; trustee emerita, Amherst College; member of the MIT Corporation This book is revolutionary! It is about transforming the very essence of higher education through the power of authentic conversation, knowing that as the people within the institution evolve, the institution will transform. —Patricia and Craig Neal, The Art of Convening: Authentic Engagement in Meetings, Gatherings, and Conversations; founders, Heartland Inc. This is a radical story about how to create a more intimate and relational culture inside the halls of higher education.... for those who long for higher education to return from the abyss of siloed isolation to its original charter as a cooperative learning institution committed to developing the whole person in service of the common good. —Peter Block, Flawless Consulting and Abundant Community Transformative Conversations offers guidance to help readers create and sustain Formation Mentoring Communities, where faculty, staff, and administrators can speak openly and honestly to the heart of their work as educators and human beings.
