The Revised Fundamentals of Caregiving Jonathan Evison,2013-05-07 In The Revised Fundamentals of Caregiving (releasing June 24, 2016 as a Netflix Original Film titled The Fundamentals of Caring, starring Paul Rudd and Selena Gomez), Jonathan Evison, author of the new novel This Is Your Life, Harriet Chance! and the New York Times bestseller West of Here, has crafted a novel of the heart, a story of unlikely heroes in a grand American landscape. For Ben Benjamin, all has been lost--his wife, his family, his home, his livelihood. Hoping to find a new direction, he enrolls in a night class called The Fundamentals of Caregiving, where he will learn to take care of people with disabilities. He is instructed about professionalism, about how to keep an emotional distance between client and provider, and about the art of inserting catheters while avoiding liability. But when Ben is assigned his first client--a tyrannical nineteen-year-old boy named Trevor, who is in the advanced stages of Duchenne muscular dystrophy--he soon discovers that the endless service checklists have done nothing to prepare him for the reality of caring for a fiercely stubborn, sexually frustrated teenager who has an ax to grind with the whole world. Over time, the relationship between Ben and Trev, which had begun with mutual misgivings, evolves into a close friendship, and the traditional boundaries between patient and caregiver begin to blur. The bond between them strengthens as they embark on a road trip to visit Trev's ailing father--a journey rerouted by a series of bizarre roadside attractions that propel them into an impulsive adventure disrupted by one birth, two arrests, a freakish dust storm, and a six-hundred-mile cat-and-mouse pursuit by a mysterious brown Buick Skylark. By the end of that journey, Trev has had his first taste of love, and Ben has found a new reason to love life. Bursting with energy and filled with moments of absolute beauty, this big-hearted and inspired novel ponders life's terrible surprises as well as what it takes to truly care for another human being.

The ARC Paul A. Rudd,2011-04 The oceans cover 71% of the Earth's surface and less than 10% has been explored. Sea life long thought extinct could still be out there, just waiting to be rediscovered...The Aquatic Research City (The ARC) had been hailed as a futuristic goldmine for scientific research and a facility adept enough to discover all there is to know about the world's oceans. The Brainchild of the project, ruthless Billionaire James Maxwell-Baxter Senior, calls for drastic measures as unforeseen financial restrictions halt its construction amid the final steps of assembly. To aide funding, a special congregation of public figures including the Governor of California are invited onboard the island-sized floating city for a one off tour. During the inaugural visit an unstoppable wave of devastation is set free in the shape of a captive monster sized shark of unknown origin. The shark heads out to the open ocean and Paleontologist Morgan Read, alongside the crew of the vessel Wakinyan, heads off on a non-stop edge of your seat thrill ride as they attempt to put a halt to the shark's terrifying rise up the food chain.

There's only one hitch: George is gay. And when Nina announces she's pregnant, things get especially complicated. Howard -- Nina's overbearing boyfriend and the baby's father -- wants marriage. Nina wants independence. George will do anything for a little unqualified affection, but is he ready to become an unwed surrogate dad? A touching and hilarious novel about love, friendship, and the many ways of making a family.
